Island Jesuit Will Observe His Silver Jubilee In August

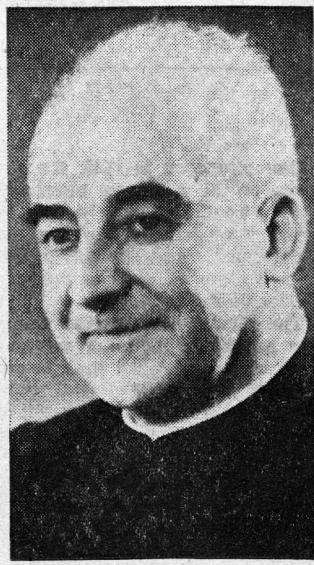

Rev. Cornelius Pineau, S.J., son of the late Ihesphus and Mrs. Pineau of Rustico, observes the Silver jubilee of his ordination to the Holy Priesthood on August 15th, this year.

In 1933, Father Pineau was ordained by His Excellency Msgr. Georges Gauthier in the Church of the Gesù, Montreal. Two years later, he left for the China Missions and laboured for 18 years (1935-1953) as Director of Studies of Hsin Hsin College.

For the last three years of his ministry in Continental China, then overrun by the Communists, he was under close house arrest, and prior to his expulsion, underwent numerous and lengthy investigations and repeated interrogations.

When his bishop, His Excellency, Monsignor Philippe Cote', S. J. had been liberated from prison, and was called to Rome, Father Pineau accompanied His Excellency as Secretary, and thus did a world tour. During his stay of eight months in Canada, he visited his native Province renewing acquaintances with his many friends and relatives.

Since his return to the Orient, he has been posted in Manila, Philippine Islands, where he directs the Kuang Chi High School which opened its doors in June, 1956 with an enrolment of 175 Chinese students. The following year, the enrolment swelled to 635, and a recent report claims that over 1000 applications have

Telephone Co. Employee Is Injured In Tignish Accident

An employee of the Island Telephone Company, Mr. Robert MacKay of Summerside, suffered facial injuries, severe loss of blood from a hemorrhage of the nose and possibly other injuries in an accident at Tignish yesterday afternoon.

MacKay, in company with Seaman Bell, was replacing a cable on Phillips Street when the pole on which they were working fell to the ground. Although they were aware the pole was about to fall their safety belts prevented them from jumping clear.

Following X-ray at Alberton, the accident victim was transferred to the Prince County Hospital at Summerside for further examination and treatment.

Bell was working at a lower point on the pole and was not injured.

Albany, P.E.I. Postmaster To Receive 25-Year Award

SYDNEY. — (CP) — Postmaster-General William Hamilton told delegates to the 24th annual conference of the Maritime Postmasters Association here Monday that Canada is on the verge of a major change in mail handling methods.

He said mechanization will eventually eliminate hand-sorting of mail. New machines at busy spots would speed up handling and do away with much duplication.

Mr. Hamilton said he was proud of his association with the department because of "its personnel and the wonderful job they are doing."

Chairman of the convention which ends Wednesday is W. A. Wright of Souris, P. E. I.

Mr. Hamilton presented 25-year awards to three Nova Scotians Monday. They were Irene Baxter, Ellerslie; Henry Havelock MacDonald Indian Harbor Lake, and Harry Wylie Chase of Oxford. He praised the efforts of Mrs. Jessie Cruikshank, of Sherbrooke, N. S., secretary-treasurer of the Maritime Association.

Others who will be presented with 25-year awards are: Arthur Chestley Green of Albany, P.E.I.

O'Leary Blood Donor Clinic To Be Held At New Hospital

Next Monday evening the ground floor of the new Hospital at O'Leary will be the meeting place for residents of O'Leary and the surrounding districts when a Red Cross Blood Donor Clinic is to be held there. This clinic will be sponsored by the O'Leary Branch of the Canadian Legion under the chairmanship of Dr. L. G. Dewar M.L.A., with Mr. Harry MacWilliam of O'Leary and Mr. Bradford MacKay of Coleman as his assistants. This is the O'Leary Legion's first attempt at heading up a clinic of this kind, and the men are putting forth every effort to surpass the record established in this centre last year when the objective of 165 was exceeded by 13.

All the previous successful clinics at O'Leary have been under the sponsorship of the Women's Institute, with Mrs. Harry MacWilliam and Mrs. L. G. Dewar at the helm. This year, with the increased usage of blood, the O'Leary objective has been raised to 175, which presents quite a challenge to the Legion Branch there, as well as to the residents of this section of the Province.

The "Manning Trophy", designed, carved and donated by Mr. Randolph Manning of Charlottetown, is up for competition again this year, and will be awarded to the sponsoring group in the centre which exceeds its quota by the largest percentage. Last year's winner was the Belfast area where the Eldon Branch of the Canadian Legion is the proud possessor of this coveted trophy.

TEST THE ZIP of a new Fargo pick-up!

Come over this week! Take one of these stylish new Fargo models out on the road. See how much ZIP it puts in a trip... how free and easy it handles... and how relaxed YOU feel in that roomy, comfortable cab!

Worth a little of your time? Well, sir, it sure is! After all, your next pick-up will be your work partner every day! You need the liveliest, thriiftest, workingest one on wheels. And a Fargo Pick-up is all that—and much more!

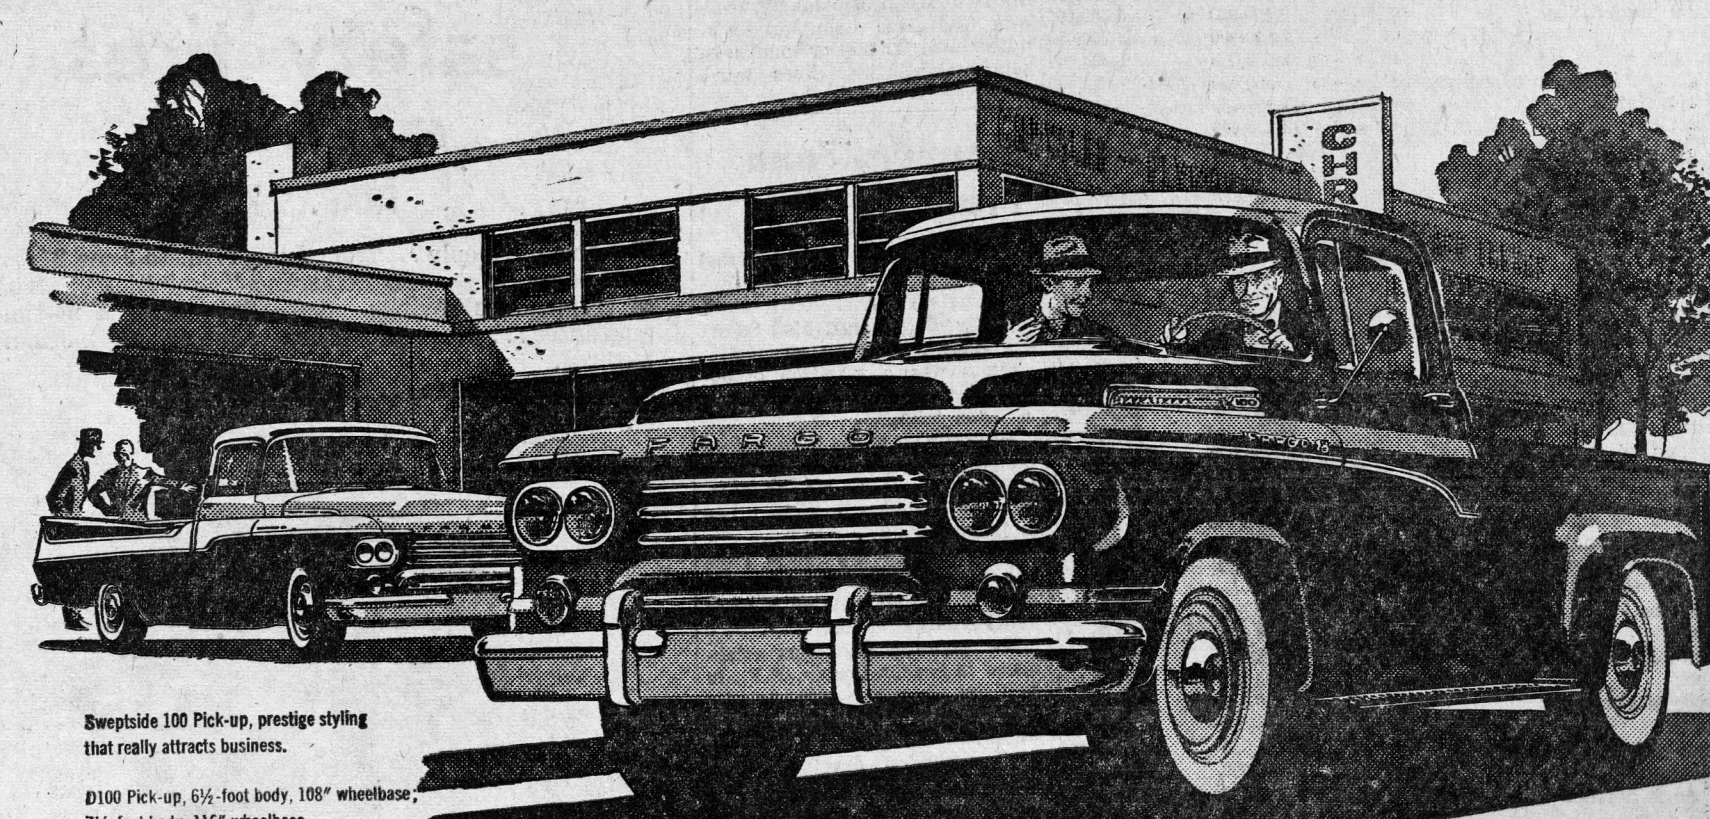

For one thing, Fargo's big Power-Dome V-8 gives you the get-up-and-go you need in traffic. So does its peppery L-head Six. And you can manoeuvre well in tight places, too, thanks to Fargo's advanced-design steering system. These trucks have a low loading and unloading height, which saves you a lot of strain. They have plenty of road clearance. On lowest tonnage models you get a new "passenger car" ride—rear springs automatically adjust tension to varying loads. You can get a new Sure-Grip differential on these models, too, which prevents loss of traction in mud, sand, snow or ice.

Come over for that test-ride soon. You'll like Fargo's new style... big, roomy cab with 5-way adjustable seat... cost-cutting performance... and other extra-value features. There are three wheelbases and body lengths—one's just right for you. Pick it out. Price it... you'll like what you hear!

- Driver-adjustable independent parking brake
- Full-opening alligator-type hood
- New safety-centre steering wheel
- New dual headlamp system
- Electric windshield wipers
- New, higher G.V.W.'s for greater payload.
