

Poetry.

The following is a poem of singular beauty. The very flow of the rhythm answers Milton's description of music. The "Little Friend," whoever she may be, is to be envied her privilege of being a ministering angel to one of the best of hearts and most gifted of minds, and she will not lose her reward—for, as Miss London remarks, "A poet's love is immortality," and a poem like this is of itself sufficient to insure it to the subject that inspired it.—*Western paper.*

WHY DO I LOVE HER SO!

A weary life is mine, at best—
Few pleasures mine that others share—
And oft, by lonely thoughts oppress,
It seems that I might well despair;
But when my "Little Friend" I see,
A pleasant thing is life to me.
To know that she is at my side,
To hold her little hand in mine,
To watch her eyes that fondly shine,
Her cherub face, that brightens up
With love's intelligence divine—
With this my soul is satisfied,
And drains a pure, refreshing cup
Of calm and quiet happiness:
In sweet content I then repose
From sorrows' pangs and passion's throes,
Without a wish, save not to stir
From one whose very look can bless!
Some wonder what I find in her—
My heart so strangely to impress—
A clever child, they must confess,
But nothing more, for all they see,
Than other children of her age,
Who scarce one thought of mine engage.
Whence cometh, then, the witchery
That sways me in her sweet control?
They know her not—and none of earth,
Save I, may ever know her worth;
For we have spoken soul to soul,
And met in spirit face to face,
When all her mind's immortal grace,
Love, truth and goodness, come revealed
In beauty from the soul concealed.
'Twas in an hour of bitter pain,
When the long agony of years
Was crowded in a moment's space—
When friends seem'd false, and love as vain—
And the wrong heart and burning brain
Could only find relief in tears—
For I despaired of earthly good—
She came—I scarce know whence or how—
A light and glory round her brow?
Sublimely beautiful she stood;
For all of earth had left her face,
And all of heaven I there might trace.
Her look sustained my heart, and cheered,
Her words my wounded spirits healed;
The child, the mortal, disappeared,
And God's own angel stood revealed!
Then did we soul with soul combine—
So, I am hers, and she is mine—
For ever hers! for ever mine!
Forth in the world I see her go,
A common child to common eyes—
To mine, a star of Paradise,
Unearthly, beautiful, divine!
No wonder that I love her so.

Varieties.

BONAPARTE'S OPINION OF HIS TWO WIVES.—Their characters were diametrically opposite. Never were there two women less like each other. Josephine had grace, an irresistible seduction, and unreserved devotedness. Maria Louisa had all the timidity of innocence. When I married her, she was a truly virtuous novice, and very submissive. Josephine would sacrifice millions upon her toilet and in her liberality. Maria Louisa, on the contrary, economized what I gave her, and I was obliged to scold her, in order to induce her to make her expenditure consistent with her rank. Josephine was devoted to me; she loved me tenderly—no one ever had a preference to me in her heart. I uniformly held the first place—her children the next. And she was right, for she was the being whom I most loved, and the remembrance of her is still all-powerful in my mind.—*Montholon's St. Helena.*

GREAT DISCOVERY IN ILLUMINATING AND MOTIVE POWER.—The Railway Times has at length been obtained, and that at a merely nominal cost, and with unerring precision. This great discovery originating in America, has been perfected by the experiments of an eminent German chemist, and patented in the three kingdoms by Mr. Shepard. The carburetted hydrogen may be formed to any extent, which, while possessing an illuminating power equal to that of coal gas, is capable of being itself applied to the same purpose as steam at a remarkable high pressure. The gas is also capable of producing an amount of caloric equal to that of live coal, and so well and cheaply fitted to act as a combustible agent in the conversion of water into steam. This tremendous power has been for some time engaging the attention of our most eminent engineers, and will, when sufficiently tested, be experimented upon before the public. If successful, as there is every present appearance of its being, the revolution it must effect in the economic working of railways, and indeed in every branch of trade and manufacture where steam is employed as a motive power, is altogether incalculable. It almost opens to the wondering gaze the Utopian vista in which unskilled manual labour shall be no longer necessary. It is sufficient for us, however, to state that several of the railway companies are in treaty with the patentee; and that, consequently, if any thing whatever is capable of being made out of the discovery, the railway interest will possess at once the first benefit and honour in its realization.

THE CRYSTAL PALACE BY MOONLIGHT.—The clear nights and the full bright moon have enabled us to see the Crystal Palace in a new light—that of moonlight, and certainly, like Melrose, you must see it by moonlight, if you would see it rightly. Under the blue cloudless azure of the heavens, studded with its glittering star eyes, the traveller westward sees its elegant proportions sail out into exquisite relief above the long line of Knightsbridge Barracks, like a delicate caprice of an evening's frost, gracefully disclosing its chaste beauties to its own chaste moon. Approach nearer and a hundred moons sparkle in the tall arched transept, and the "broken light of stars" smile at you through the web of iron network, and a silver glitter, chequered by the arms of intervening trees, floats outward till it loses itself in the dark distance of the park.—*Leigh Hunt's Journal.*

LONDON PERIODICALS.—It is stated that in London the sales of periodicals are as follows:—The Family Herald, 175,000; London Journal, 170,000; Reynolds's Miscellany and other works, 55,000; Lloyd's Miscellany and other works, 95,000. Some of the publications sell for three half-pence, and their reported circulation are these:—Chambers's Journal, 80,000; Eliza Cook's Journal, 15,000; Leigh Hunt's Journal, 6,000; London Labour and Poor, 18,000; Household Words, 80,000; Holyoke's and Watson's publications, most of which are sold for two-pence, nearly 12,000.

A century ago, the amount expended in books, periodicals, and newspapers, did not exceed £100,000 a-year, whereas the sum now so expended annually is calculated at £2,100,000.

He who commands himself, commands the world too; and the more authority you have over others, the more command you must have over yourself.

In the French Academy of Sciences, some interesting experiments have been made in producing mineral coal by an artificial process. Wood is put into an iron or glass cylinder, and closed against any escape of air, and applied to a heat of 660. The result has been, that the wood was melted and reduced to mineral coal. Old wood of dry fibre produced dry coal; but young wood, or that which was put in wet, produced a glutinous coal.

**JUDSON'S
CHEMICAL EXTRACT OF
CHERRY AND LUNGWORT,
FOR THE CURE OF
Coughs, Colds, Hoarseness, Spitting
of Blood, Night Sweats, Asthma,
Liver Complaints, and
CONSUMPTION.**

DO NOT NEGLECT IT.
Consumption can be and has been cured,
in thousands of cases, by this only certain remedy,
**JUDSON'S CHEMICAL EXTRACT OF CHERRY AND
LUNGWORT,**
and no remedy has ever before been discovered that will certainly
Cure Consumption.

The most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated and the case so utterly hopeless, as to have been pronounced by Physicians and friends, to be past all possibility of recovery, and at times thought to be dying, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of Medications which are peculiarly adapted to and essentially necessary for the cure of
COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this, after the prescriptions of the very best medical men and the inventions of kind and sorrowing friends and Nurses, have failed to give the smallest relief to the Consumptive sufferer.

THOUSANDS OF CONSUMPTIVE
persons have been deceived repeatedly in buying medicines which were said to be infallible cures, but which have proved only palliatives, but this medicine is not only a palliative but a cure for ulcerated lungs. It contains no deleterious Drugs and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs, such as Spitting of Blood, Coughs, pain in the side and chest, night-sweats, &c. &c.

About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen and Merchants, have been sent us for this medicine, but the publication of them looks too much like Quackery, [we will show them to any person, calling at our office.] This medicine will speak for itself and in its own favour wherever it is tried.
Caution—This medicine is put up in a large bottle and you must find the name of Judson & Co., Proprietors, New York, on the splendid Wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 9 John St. New York.

To Owners of and Dealers in Horses.

CARLTON'S FOUNDER OINTMENT,
For the cure of Founder, Split Hoof, Hoof-bound Horses, and contracted and Feverish Feet, Wounds, Bruises in the Flesh, Galled Backs, Cracked Heels, Scratches, Cuts, Kicks, &c., on horses.

CARLTON'S RING-BONE CURE.
For the cure of Ring-bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain remedy.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The changes of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Botts, &c. All of which will be prevented by giving one of these powders, and will at any time, cure when any symptoms of disease appear, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretory glands, and therefore has the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals—all diseases arising from or producing a bad state of the blood, are speedily cured by them.

Remember and ask for **CARLTON'S CONDITION POWDERS,** and take no others.

CARLTON'S NERVE AND BONE LINIMENT FOR HORSES,

and for the cure of all diseases of man or beast that require external application, and for contracted cords and muscles, strengthens weak limbs, and is also used for sprains, bruises, saddle galls, stelled legs, sores of all kinds on horses.

CARLTON'S articles for Horses and Cattle are prepared from the recipe of a very celebrated English Farrier, and will cure in ninety-nine cases out of one hundred of any of the above complaints. They have been used by Farmers, livery-men, stage proprietors and others with the most marked and decided success.

Caution—None can be genuine unless you find the name of J. Carlton Comstock, on the Wrapper of each article.

COMSTOCK'S VERMIFUGE.

This is the most extraordinary remedy for Worms ever used; it effectually eradicates Worms from both Adults and Children. It cannot harm the most delicate infant or strongest Adult, and never fails to completely root out and destroy all kinds of Worms. The cost, 25 cents per bottle, puts it within reach of all, and all parents who are without it, are wantonly exposing the lives of their children to those fell destroyers of youth, "Worms." Look for the name of Comstock & Brother, proprietors, on the Wrapper of each bottle.

To the Old and Young!! Ho! ye Red Heads and Grey!!!
PHENOMENON IN CHEMISTRY!!!
EAST INDIA HAIR DYE.

COLORS THE HAIR, AND WILL NOT THE SKIN.
This dye may be applied to the hair over night, the first night turning the lightest RED or GREY HAIR to a dark brown, and by repeating a second night, to a bright jet black. Any person may, therefore, with the least possible trouble keep his hair any dark shade or perfect black; with a positive assurance that the dye, if applied to the skin will not colour it. By an occasional application, a person turning grey will never be known to have a grey hair. Directions complete with the article. There is no colouring in this statement, as one can easily test.

These facts are warranted by the gentleman who manufactures it, who is the celebrated Chemist, Dr. COMSTOCK, author of Comstock's Chemistry, Philosophy, and other works, and School Books, well known and widely celebrated by the public.

Deafness.

Use Dr. LAZETTE'S ACOUSTIC OIL, for the cure of Deafness. Also, all those disagreeable noises, like the buzzing of insects, falling of water, whizzing of steam, which are symptoms of approaching deafness. Many persons who have been deaf for ten, fifteen or twenty years, and were subject to use ear trumpets, have after using one or two bottles, thrown aside these trumpets, being made perfectly well. It has cured cases of ten, fifteen, and even thirty years standing of deafness.

HAY'S LINIMENT FOR THE PILES.

The worst attacks of the Piles are effectually and permanently cured in a short time by the use of the genuine Hay's Liniment. Hundreds of our first citizens throughout the country have used this liniment with complete success.

Caution—Never buy it unless you find the name of Comstock & Co., upon the wrapper, proprietors of the genuine article.

LONGLEY'S GREAT WESTERN INDIAN PANACEA.

1. For Colds and feverish feelings and preventing fevers.
2. For Asthma, Liver Complaints and Bilious affections.
3. For Diarrhoea, Indigestion and Loss of Appetite.
4. For costiveness in females and males, and nervous complaints.
5. For Stomach affections, Dyspepsia, Piles, Rheumatism, &c.
The great points are, it is not bad to take, never gives pain, and no leaves one costive.

Rheumatism.

Comstock's Nerve and Bone Liniment, is warranted to cure any case of Rheumatism, Gout, Contracted Cords, and Muscles, or stiff

joints, strengthens Weak Limbs, and enables those who are crippled to walk again. Comstock & Brother, Proprietors, New York, and none genuine without the name on the wrapper.

Toothache.

Dr. KLINE'S DROPS, for the cure of the Toothache. It is with confidence that we can recommend it as an infallible cure in all cases, without any injury to the teeth or gums. Price 25 cents.

Consumption!!

Every body knows is a flattering disease. It commences and progresses so insidiously, that before one is aware of it, the lungs are a mass of ulcers, then a sudden exposure or change from heat to cold, produces an inflammation, and in a few days or weeks, it is said, he or she died of hasty Consumption. For all troubled with cough or lung complaint, we would refer to the advertisement on the outside of this paper of Judson's Chemical Extract of "Cherry and Lungwort," which is said to be a certain cure for this awful disease.

Caution—All of the above named articles are sold only by Comstock & Brother, 9 John street, New York, to whom all orders must be directed.

THE GENUINE OLDRIDGE'S BALM OF COLUMBIA.

FOR RESTORING THE HAIR.
If you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. In cases of baldness it will more than exceed your expectations. Many who have lost their hair for twenty years, have had it restored to its original perfection by the use of this balm. Age, state, or condition appears to be no obstacle whatever; it also causes the fluid to flow with which the delicate hair tubes are filled, by which means thousands [whose hair was as grey as the Asiatic Eagle], have had their hair restored to its natural colour by this invaluable remedy.

Caution—Never buy it unless you find the name of Comstock & Co., Proprietors, on the wrapper of each bottle.

CARLTON'S LINIMENT FOR THE PILES, &c.

It is now used in the principal hospitals, and in the private practice in our country, by an immense number of individuals and families, first and most certainly for the cure of the PILES, and also extensively and effectually as to baffle credulity, unless where its effects are witnessed, Externally in the following complaints:

For Dropsy—Creating extraordinary absorption at once.
Swellings—Reducing them in a few hours.
Rheumatism—Acute or Chronic, giving immediate ease.
Sore Throat—By Cancers, Ulcers or Colds.
Croup and Whooping Cough—Externally and over the chest.
All Bruises, Sprains and Burns—Curing in a few hours.
Sores and Ulcers—Whether fresh or of long standing, and fever sores.

Its operation upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest, by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the Piles is, "It acts like a charm." It is warranted to please any person that will try it.

Caution—Never buy it unless you find the fac-simile signature of Comstock & Brother, proprietors, on the wrapper of the genuine article.

Caution—All of the above named articles are sold only in New York, by Comstock & Brother, No. 9 John Street, five doors from Broadway.

Sold in Charlestown, P. E. Island, by all the Druggists. In Pictou, at the Drug Stores; also by one Storekeeper in every Town on the Island. Enquire for Comstock's Almanac for 1851, which will be given to all gratis.

Wanted, one Storekeeper in every town on the Island to sell Comstock's Medicines, apply to WM. R. WATSON, Charlestown. Sold also in Souris, P. E. Island, by DONALD BEATON, Esq. July 15, 1851.

PROFESSOR A. G. BARRY'S TRICOPHEROUS OR MEDICATED SYRUP—Truth loves an incredulous audience, for if they listen, they are sure to become converts. If there is any man or woman who challenges the statement that Barry's Tricopherous is a specific for cutaneous diseases and injuries, and the best preparation for the hair extant, all that is asked is that he or she will try one twenty-five cent bottle of the fluid, and read the pamphlet in which it is enclosed. Read and make the trial. Truth will then force conviction upon the mind, that all, and more than all, that has been claimed for the preparation by the inventor, is as palpable a fact as the existence of the sun, or changes of day and night. Referring the reader to the thing itself, and the accompanying treatise for a solution of all his doubts, if he entertains any, we will here briefly state what the Tricopherous will do. It will remove scurf and dandruff; it will restore, preserve and beautify the hair; it will prevent it from becoming harsh or gray; it will dispose the hair to curl and render it glossy; it will relieve inflammation, itching and all irritation of the skin; it will cure bites and stings of insects; it will take away the pain of cuts, burns, lacerations and sprains; it will allay the pain of rheumatism and cure headache. For these reasons, it ought never to be absent from the dwelling of any family, and no one should travel without it. Sold in large bottles, price 25 cents, at the principal office, 137 Broadway, New York. For sale by the principal merchants and druggists throughout the United States and Canada. Beware of the counterfeit, sold at one dollar per bottle. For sale by

Blake's Metallic Fire Proof Paint, OR, ARTIFICIAL SLATE.

This admirable article has been tested for some years and proved very valuable, becoming a perfect slate, as hard as marble in a few months, completely protecting whatever is coated with it from the action of the weather and fire—a better fire-proof than tin or zinc. Several Insurance Companies certify they will insure buildings covered with it at a cheaper rate, than if covered with those metals. It is of two colors, the black is best for roofing—the chocolate the best thing ever discovered for sides of either brick or wood, forming a perfect stone coating of a handsome stone or chocolate color, can be easily changed by a little white lead or other coloring matter to suit the taste. There is nothing equal to it for steamboats and car decks, and all kinds of iron as it forms a coating nearly as hard as the iron itself, and never cleaves off.

BEWARE OF WORTHLESS COUNTERFEITS.

As the popularity of my paint has induced scores of unprincipled individuals to grind up, and offer as fire-proof paint, all kinds of worthless stuff, much of it nothing but rotten stone that has no cohesive attraction, is held on only by the oil with which it is applied; consequently as soon as the action of the atmosphere destroys the oil, it will wash or rub off like Chalk or Whiting, nothing can yet be known of its lasting qualities, as it is but little over a year since they got them up, whereas mine has been tested about seven, and where first applied is now like a stone.

The original and genuine article can be obtained of PATRICK STEVENS, Orwell, my authorized Agent for the Island.

HEALTH WHERE 'TIS SOUGHT!

HOLLOWAY'S PILLS

CURE OF A DISORDERED LIVER AND STOMACH, WHEN IN A MOST HOPELESS STATE.

Extract of a Letter from Mr. Matthew Harvey, of Chapel Hall, Airdrie, Scotland, dated the 15th January, 1850.

To Professor HOLLOWAY:
SIR,—Your valuable Pills have been the means, with God's blessing of restoring me to a state of perfect health, and at a time when I thought I was on the brink of the grave. I had consulted several eminent Doctors, who, after doing what they could for me, stated that they considered my case as hopeless. I ought to say that I had been suffering from a Liver and Stomach complaint of long standing, which during the last two years got so much worse, that every one considered my condition as hopeless. I was at last resource got a Box of your Pills, which soon gave relief, and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach and right side, I have by their means alone got completely cured, and to the astonishment of myself and every body who knows me.

(Signed) MATTHEW HARVEY.
CURE OF A CASE OF WEAKNESS AND DEBILITY OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. William Smith, of No. 5, Little Thomas Street, Gibson Street, Lambeth, dated December 12, 1849.

To Professor HOLLOWAY.
SIR,—I beg to inform you that for nearly 5 years I hardly knew what it was to have a day's health, suffering from extreme weakness and debility, with constant nervous headaches, giddiness and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of whom, after doing all that was in their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day being unusually ill and in a dejected state, I saw your Pills advertised and resolved to give them a trial, more perhaps from curiosity than with a hope of being cured, however I soon found myself better by taking them—and so I went on persevering in their use for six months, when, I am happy to say they effected a perfect cure.

(Signed) WILLIAM SMITH.
(frequently called EDWARD)

CURE OF ASTHMA OF TWENTY YEARS' STANDING.
Extract of a Letter from Mr. J. K. Heydon, 78 King Street, Sydney, dated 10th November, 1849.

To Professor HOLLOWAY.
SIR,—I have the pleasure to inform you that many extraordinary cures of Asthma have been effected here by means of your Pills. One is that of a lady residing near the "Razouluck," who after having for Twenty years been unable to make the slightest exertion, suffering very fearfully from shortness of breath coughing and spitting, but is now, (to use her own expression) able to run up to the top of that mountain. Another case is that of Mr. Caron, Tailor, Hutchinson's buildings, Clarence-street, who was so dreadfully bad that he was confined entirely to his bed-room or six months, prior to his commencing with your Pills, and attended regularly by his medical man, who pronounced him to be in a dying state, yet he, likewise, to my knowledge, has been restored to perfect health by the use of your Pills, and rubbing your Ointment night and morning into his chest.

(Signed) J. K. HEYDON.
THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from His Lordship, dated Villa Messina Leghorn, 21st February, 1845.

To Professor HOLLOWAY.
SIR,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount and at the same time to add, that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect; no, not even the waters of Carlsbad and Morienbad. I wish to have another Box and a Pot of the Ointment, in case any of my family should ever require either. Your most obliged and obedient Servant.

(Signed) ALDBOROUGH.

Bliss' Compound Cod Liver Oil Candy,

A new and effectual remedy for Coughs, Common Colds, Cold in the Head, Hoarseness, Bronchitis, Asthma, Tickling in the Throat, Catarrh, Diseases of the Lungs and Bronchial Affections.

This favorite remedy is composed of Pure Cod Liver Oil, combined with other valuable ingredients, which completely disguise the repulsive taste of the Oil, without detracting from its medicinal virtues, presenting it in a form by which it can be administered to the most delicate invalid, without inconvenience. The medicinal influence of this Candy pursues the exact tract of the inflammatory action, causing cough. First, soothing the organs of the voice, its sedative influence, passes along the mucous lining of the windpipe into the bronchi, and allaying pulmonary irritation, giving ease and comfort to the chest, restoring the voice to its accustomed clearness and powers; Coagulated Phlegm, Acrimony in the Fluids, and Obstructions in the Glands, are gently and safely discharged by easy expectoration. It never disagrees with the stomach, a common cold yields to its benign influence in a few hours, and when resorted to, before the complaint is far advanced, all danger of CONSUMPTION is entirely prevented.

Sold Wholesale and Retail, at the Drug Store of M. W. SKINNER, Queen Street, Charlottetown, June 13.
