THIS PAPER may be found on file at GEO. P. ROWELL & Co's Newspaper Advertising Bureau (10 Spruce Street), where advertising contracts may be made for **NEW YORK**

Local and Other Items.

NOTICE.—St. Paul's Church Sewing Society meets every Thursday in the Schoolhouse. Orders for work will be promptly attended to.

THE MAILS.—The steamer Stanley arrived at Georgetown from Pictou this forenoon, and mails and passengers arrived in the city shortly before one o'clock this afternoon.

NOVA SCOTIANS ABROAD.—The agents report says that among the convicts discharged and arrested in Boston last year, 6 claimed to be of Canadian and 16 of Nova Scotia parentage.

THE FISH TRADE.—Between Monday morning and Friday afternoon, fifteen vessels with sixty tons of fish arrived in St. John, including over 100,000 frozen herring, 7,250 fresh codfish, 3,200 haddock and 150 lobsters. So says the *Sun*.

SALE OF PRODUCE.—The Halifax *Herald* says: Duggan sold on Saturday from schooner Corsair, P. E. I., potatoes at 33 cents and oats at 40 and 45 cents. He also disposed of a quantity of western counties potatoes at 33 cents per bushel.

That beautiful glossy sheen, so much admired in hair, can be secured by the use of Ayer's Hair Vigor. There is nothing better than this preparation for strengthening the scalp and keeping it free from dandruff and itching eruptions.

THE FIGURE NINE.—An exchange says that for the space of 111 years, from Jan. 1, we are to have the figure 9 in our years, and the occultists, who put much stress upon numbers, predict that the condition of mankind will be greatly improved over all past times during this period.

LOOKS LIKE BUSINESS.—It is gratifying, says the New Glasgow *Enterprise*, to learn that nearly $20,000 have been subscribed for the $25,000 worth of stock offered by the steel company. The trouble with the company is not in getting money, but in allotting the stock. Wide awake people are always anxious to invest in well managed manufactories.

A PETRIFIED WOMAN.—The body of a half-breed woman who died seventeen years ago, near Lake Winnipeg, was exhumed recently, and found to be petrified and as perfect as when buried, weighing seven hundred pounds. An offer of $5,000, made by an American museum manager, for the body has been refused. It was discovered that an alkali spring flowed through the grave.

THE MAIL CONTRACT.—The Shediac correspondent of the Moncton *Times* says:—The Steam Navigation Co. of P. E. Island appear to be anxious to have their contract renewed for carrying mails, etc. If this is granted, it should be on the condition that they provide nothing short of a two hours' service between Point du Chene and Summerside. The distance is only 33 miles, and it does not require an extraordinary boat to run that with the modern improvements in marine architecture.

Boston Markets.

JAN. 17.

POTATOES.—Receipts past six days 47,000 bush; previous six days, 110,000 bush. There is still a full supply of most kinds to meet all the wants of the trade. Burbanks continue in large supply, and have been selling slowly for the past few days at 38 to 40c. Chenangoes in steady fair demand. Island stock is being disposed of as follows:

P. E. Island Hebrons.....50
" Rose 50
" Burbanks and Stars.....40
" Chenangoes .....57 to 58

MACKEREL.—There is nothing special to note in connection with the mackerel market. Following are the prevailing prices:

Mackerel, extra shore ₱ bbl.....25 00@28 00
" No. 1.....23 00@24 00
" No. 2.....20 00@21 00
" No. 3, large rimmed...16 00@18 50
" No. 3, plain.....15 00@16 00
" unculled.....20 00@22 00

PORK.—There has been a further decline in pork, and the market is dull at the following (wholesale) quotations:—

Backs.....17 25 to 17 50
Short cut clear.....17 00 to 17 25
Clear ₱ bbl.....16 75 to 17 00
Lean ends.....16 75 to 17 00
New Mess.....15 25 to 15 50
Old Mess.....14 50 to 14 75
Extra Prime new.....14 50 to 14 75

Gold Mining in Nova Scotia.

Gold mining is fast becoming one of the prominent features of Nova Scotia. The mines at Mount Uniacke, in this county, says the Windsor *Tribune*, were for a time abandoned, but within a few years past new companies have commenced operations. This was followed by discoveries in Upper Rawdon, and later the "Northrup" mine, owned by C. H. Dimock and others, has surprised many by its prolific returns. The Rawdon leads have lately been traced over the Ardoise Hills, and now we understand prospectors are taking up a large number of areas on the Ellershouse estate. There is quite an excitement at Ellershouse over the glowing accounts of prospectors, and we understand that evidences of gold are very encouraging. Some years ago a magnificent nugget, probably the finest ever found in Nova Scotia, was picked out of the Big Bog brook which runs out of the Ellershouse estate, and it is to be hoped that the vein or lead from which the nugget was washed has now been found.

The New Glasgow *Enterprise* publishes an article on the approaching sale of the Salmon River gold mine, and expresses the hope that it will be purchased by a Nova Scotia syndicate.

The *Gold Hunter* announces that the Philadelphia gold mining company are operating a valuable area eight miles from Caledonia Corner. Fifty men are at work on this property.

No Disguise Needed Now.

MR. WIMAN OPENLY ADVOCATES THE ANNEXATION OF CANADA.—WHAT ABOUT MR. LAURIER?

The *Empire* publishes the following portion of an interview which occurred between a Toronto man and Erastus Wiman. In it Mr. Wiman's hand is completely shown. The gentleman who furnishes the matter to the *Empire* is perfectly reliable. Mr. J. B. Perry, of Parkdale, had business with Mr. Wiman in New York, and he found that gentleman in the office of R. G. Dun & Co., in that city.

ANNEXATION SENTIMENT.

The conversation started over the recent municipal election in Windsor, when Mr. "Sol" White was defeated.

"Mr. Perry," said Mr. Wiman, "that was a significant vote for 'Sol' White in Windsor on Monday—over 600 for annexation."

Mr. Perry—"Considering Mr. White's personal popularity and the large number of Americans in Windsor, his defeat was very significant against your scheme, Mr. Wiman. Your scheme, you must understand, is utterly discredited in Canada."

Mr. Wiman—"Why do you think so?"

Mr. Perry—"Because the Canadians are not willing that the States should control our commerce."

WHAT DO CANADIANS SAY TO THIS?

Mr. Wiman—"The States control you now. You cannot get on without free commercial intercourse with the States."

Mr. Perry—"But we are getting on, Mr. Wiman; and another thing I might say is this: Your scheme would certainly lead to annexation."

Mr. Wiman, (emphatically)—"Well, sentiment is growing that way."

Mr. Perry—"Where do you find sentiment growing that way?"

Mr. Wiman—"Why, all over Canada. If a vote of the people was taken you would find it overwhelming in favor of union."

Mr. Perry—"No, sir, that is not the people's feelings. The *Mail* and the *Globe* have been advocating and hedging the question, but you are misled as to the feeling of Canadians. Canada will never enter into any such arrangements as you have been advocating.

THEY WILL GIVE THANKS.

Mr. Wiman—Yes, sir, she will. You must come to free trade with the States, annexation or no annexation. What will your sons think, if you do not now grasp the opportunity offered?"

Mr. Perry—"Our sons' birthright is not to be bartered, Mr. Wiman. In after years they will be proud of belonging to the Federal Empire, after your States have been torn into fragments by internal feuds. At any rate we are all right, as you Yankees say. Have you read the report of the great banquet of the Board of Trade just held in Toronto? I noticed you were not there, Mr. Wiman."

Mr. Wiman—"No, I was not there. Who spoke?"

Mr. Perry—"The leaders of both parties spoke and came out strong for British connection and against your scheme."

WHAT OF MR. LAURIER?

Mr. Wiman—"But what about Mr. Laurier?"

Mr. Perry—"Oh, we don't consider Mr. Laurier."

Mr. Wiman—"Not as the leader of the Liberal party in Canada?"

Mr. Perry—"The leaders of the two parties are Sir John Macdonald and Mr. Mowat. You must read the report of that banquet, Mr. Wiman; it will cure you."

Mr. Wiman—"I must. I have been so busy of late that I have not had time to look at the papers."

Mr. Perry says there were several gentlemen present, during the conversation. Mr. Wiman's words were so significant that Mr. Perry immediately reduced the conversation to writing. Now, what have his Canadian followers to say?

Davitt and O'Donovan Rossa.

Before the Parnell Commission Attorney-General Webster read correspondence between Matt. Harris and Michael Davitt with reference to the land agitation. The only letter that attracted interest was one from Davitt to Harris, written in New York, in which Davitt said: "Perhaps you are not aware that John O'Leary is here. He came from Paris to upset my land league endeavors. He will go back a wiser though sadder man. He is supported by nobody save the few boobooms following that blatant ass, Rossa. The Nationalists on this side are common-sense men. O'Leary failed to get up a crusade against the league in America. Rossa is now trying his hand. He will achieve more success upon your side than upon this. He is a cowardly low ruffian, who has not the courage to resent an insult I offered him in the *Herald*. He has not sufficient courage to set fire to a British haystack. Do your utmost to keep the people within bounds."

Eczema. Itchy, Scaly, Skin Tortures.

The simple application of SWAYNE'S OINTMENT, without any internal medicine, will cure any case of Tetter, Salt Rheum, Ringworm, Piles, Itch, Sores, Pimples, Eczema, all Scaly, Itchy Skin Eruptions, no matter how obstinate or long standing. It is potent, effective, and costs but a trifle.
