

Death Due Vehicle Collision

SUMMERSIDE BUREAU OF THE GUARDIAN—A coroner's jury last night found that Louis Carroll of Colville "came to his death as the result of a three-vehicle collision on the highway leading from Kensington to Malpeque approximately one-half mile north of Kensington on the night of Nov. 22, 1963.

The verdict was announced by jury foreman Harry J. Bis hop following testimony by seven witnesses.

Testifying were Mrs. Clara Alberta Crater, Balle; James Archibald Ransay, Hamilton, David Gordon Mackenzie, Balle; Edward Ann Chapman, Dandridge; John Alexander Crater, Kensington; Clifford Perry, Summerside and Cst. Daniel A. Durling of the Summerside RCMP detachment.

At the time of the collision the vehicle was driving a 1957 Dodge, was proceeding towards Balle on the Malpeque highway and colliding with the boy's car owned and driven by Mr. Ransay. After hitting the Ransay truck the vehicle continued on into a second vehicle driven by John Alexander Crater of Kensington.

Mr. Crater lived for approximately two and a half hours after the crash before succumbing to the scene to Prince County Hospital.

In his testimony last evening, Mr. Crater, who was returning from visiting his grandmother in Summerside, said he saw the car striking the truck and that he immediately crossed the highway as far as possible but failed to avoid being struck.

Mr. Crater had his wife and mother as passengers in the front passenger seat. His mother was hospitalized for a month as a result of injuries received in the crash. His wife was hospitalized for three or four days.

Kensington — The regular March meeting of Kensington and Summerside United Church Men's Association took place in the form of a father and son banquet which opened at 100 boys and their daddies sat down to a supper served by the Kensington U.C.W. Harry Brown asked the speaking and a devotional period was led by two boys. Clarence S. Innes read the scripture and Gerry Mackenzie who led in prayer.

Everett Champion welcomed the boys and pointed out that part of the aim of the men's association is to sponsor boy's groups.

The chairman of the boys' committee, Penton Mayne presented cheques to the eight boys who had attended the model parliament in Summerside. The cheques covered registration expenses. Grant Moore on behalf of the boys, thanked the men's group and gave a brief outline of what took place at this parliament.

Verdun Paynter introduced Allison Mackinnon, eastern field secretary of the AOTS Men's Club, who spoke briefly.

Health Reeves introduced the guest speaker, Mr. J. W. Colquhoun, director of marketing, who spoke to the group on the danger of conformity. He said that conformity is increasing by leaps and bounds, and it is "only by standing firm in the faith can we hold our own against the world. Speaking to the fathers, he said, "as parents we must take care."

UNITED NATIONS (CP) — Secretary-General U Thant sought additional troops and funds Thursday for the planned United Nations Cyprus force, authorized by the Security Council a day earlier.

Thant already has called on Canada, Sweden, Finland, Ireland and Brazil to provide troops for the force to keep peace for a three-month period between the Greek and Turkish factions on the Mediterranean island.

So far none of these countries has replied. External Affairs Minister Martin told the House of Commons in Ottawa that the government was not yet in a position to give a definite indication of its intentions, and similar statements came from some of the others asked to contribute.

Britain is expected to provide the nucleus of the force.

Canada's Ambassador Paul Tremblay, who received Thant's request for Canadian troops Tuesday, met the secretary-general again Thursday. Military attaches of the countries asked to contribute also met.

Condition Of King Paul Grows Worse

ATHENS (AP)—Doctors attending King Paul of Greece said Thursday night the condition of the stricken monarch is "becoming worse and worse."

A medical bulletin issued at 8 p.m. hours after a palace priest administered communion to the 42-year-old king, said: "The general condition of his majesty the king is becoming worse and worse."

It gave no details.

For the first time, a government-controlled agency mentioned the word death in statements about the king. The state-run Athens radio broadcast: "The king is fighting with death and his wife, Frederika, is at his bedside as he suffers his mortal agony."

Greeks use the word agony to describe the final struggle between life and death.

Sugar Prices Cut Fourth Time

MONTREAL (CP)—For the fourth consecutive day the three major Montreal sugar refiners announced a cut in the wholesale price of sugar Thursday—by 15 cents to 13.20 for a 100-pound bag.

This year the sugar price has changed 20 times—14 decreases and six increases. In 1963 the price changed 97 times, 72 increases and 25 decreases. A year ago the price was \$10.80 for a 100-pound bag.

Byelection Campaigning Is Quiet

SOURIS — The civic election to be held in Souris this coming Tuesday is being held in a quiet atmosphere. A vacancy on the town council is attracting little or no attention in the town.

The two candidates, Michael Lavin and George MacPhee, are doing little or no campaigning. When the election was first called they both sought to be taxcoopers soliciting votes.

The vacancy resulted when John J. MacInnis retired as CNR agent in Souris and moved to Parkdale.
