Kenneth T. Norris, evangelist.

IN MEMORIAM

MRS. LEONARD CAMPBELL. Clarena, beloved wife of Leonard Campbell of Montague, was called to enter into the joy of the Lord on May 6. She was born February 8, 1911, at Sturgeon, and was the eldest daughter of Mr. and Mrs. Chester Llewellyn of Georgetown. She was united in marriage to Leonard Campbell in 1937, and for the past nine years had resided in Montague.

Mrs. Campbell was a faithful member of the Montague Church of Christ. To those who knew her best she was in every respect a Christian, a loving and helpful companion, a devoted mother, and a kind and generous neighbour and friend. All who knew her will remember her sunny smile and genial disposition.

Left to mourn her passing are her husband Leonard, and two children, Chester and Janet. Also there are her parents who reside in Georgetown, four brothers, Emerson, Howard, Chester and James, and two sisters, Janie at home, and Rosaline, R.N., Hamilton, who tenderly nursed her until the end.

Funeral services were conducted in the Montague Church of Christ by Mr. Kenneth T. Norris, minister of the church. Speaking on the subject, "The Preciousness of Death" he read the comforting words of scripture. The hymns sung during the service were "Leaning On The Everlasting Arms", "Beyond The Sunset" and "Haven Of Rest". The pallbearers were R. W. Beck, D. MacLaren, John Bears, Clifford Lilly, John Shaw, and Ralph Beck. Interment was in the Montague Park Cemetery.

Card Of Thanks

The family of the late Mrs. Leonard Campbell wish to express their sincere thanks to the doctors and nurses and staff of the P.E.I. and Montague Hospitals for their care during her illness. They also express their thanks to her many kind friends and neighbours who visited and sent flowers and cards, and to the ministers who visited and spoke words of comfort to her. They also wish to extend their sincere thanks for the many floral tributes, letters and cards expressing sympathy in their bereavement, and to the members of the Church of Christ and the choir and the Brooklyn trio.

ATTENTION FARMERS

EASTERN KING'S. Until further notice our representatives Mr. C. Pratt and Sons and Mr. Gordon Robertson will be loading hogs every second Tuesday beginning August 11.

Preparations

Continued from page 1

all horses, fast or slow, new or old, trotter or pacer. The racing will go on day and night and so will the excitement as favorites are beaten and longshots get a nose under the wire first. All put together it forms the warp and the woof of Old Home Week and the Provincial Exhibition. And it brings to the Islander and his guests the everlasting craving for something different. It is what he waits all year to see.

Churchill Hopes

Continued from page 1

ably take place some time in the autumn, it will not be before Foreign Secretary Anthony Eden returns to work.

Eden, now making a satisfactory recovery after three operations for gall-bladder trouble, will go abroad in August to complete his convalescence, and his own guess is that he will be back "on the job" in September.

From Chequers, the prime minister's official country residence, Churchill is keeping in close touch with affairs now handled by the chancellor of the exchequer, R. A. Butler. His office there has direct telephone lines to 10 Downing Street, and officials can reach him by car in less than 90 minutes.

Parliament adjourns today for a summer recess of nearly three months. In the comparative quiet of this recess, with no day-to-day responsibility to the House of Commons, the prime minister will be able to turn over the question of overcoming the recent weaknesses which illness caused in his administration.

Casualties this summer have included, in addition to Churchill and Eden, Housing Minister Harold Macmillan, now back at work after a bladder complaint similar to Eden's, and Supply Minister Duncan Sandys, who was out of action for a short while because of an infected hand.

Hungry Soviet

Continued from page 1

rising. He was accused of showing "a capitulatory attitude" toward strikers when the Communist central committee sent him to the Baltic port of Rostock to quell rioting.

Max Fritsch, state secretary for coal and power, was thrown out of the government entirely. A tough Communist party worker, Rolf Jaschonka, takes over the secretaryship.

East Germans called the food rush "our second uprising". No East German seemed too old or too young, too weak or too fearful, to join in the trek. Communist police seizures merely fired the anger of the people.

Farmyard Classes

The lateness of the haying season this year is having a tendency to cut down the number of entries in the various farmyard classes for the exhibition. This is particularly true of the cattle classes where the number of entries is lower than it was last year. Only in sheep and chicken and fowl are there more entries this year than there were for the 1952 show.

The classes with the number of entries, 1952 totals in brackets, are as follows: horses 106 (118); cattle 658 (854, of which 209 were beef and 445 dairy); sheep 125 (100); swine 150 (155); chicken and fowl 215 (132).

In the cattle classes there will be several new breeders among the exhibitors, but at the same time many who have frequently shown their stock in past years will be absent due to prevailing farming conditions and the lack of sufficient help in the fields.

Armistice

Continued from page 1

southward from Manchuria Monday after the 10 p.m. truce deadline for such military movement into Korea. The planes presumably were MIG jets, the report said.

Under the truce terms, the movement of all arms and war equipment should have stopped at the Monday night deadline except for replacement purposes. Even replacement operations must proceed under supervision.

An air force officer said "we had suspected the Reds might do something like this" and so the Allies had plastered North Korea airfields with bombs in the last hours of the fighting.

"We did a lot of bombing," the officer said, "but apparently we didn't leave the field non-operational."

In the first meeting of the Red Cross representatives Thursday, the Allied spokesman urged that the mercy teams start moving toward prisoner stockades on both sides by Sunday. The Communists did not reply then to this proposal.

More than 86,000 men will be moved in the prisoner operation. The Reds will return 12,500 Allied men, including 3,313 Americans and 14 Canadians, and the Allies will send to Red territory about 74,000 captives.

The Allies moved up 2,400 North Korea and Chinese Red prisoners Thursday from camps at Kojie and Cheju, islands off south Korea.

The captives landed at Inchon, port city of Seoul, then 600 Chinese were put aboard trains bound for a stockade north of Munsan, on the road to Panmunjom. The North Koreans were lodged in detention camps at Yongdonpo, just outside Seoul.

The Reds have said the movement of Allied prisoners south from stockades near the Manchurian border will begin soon.

Petition Re Potato

Continued from page 1

is supported by 175 growers representing about 1800 acres in the O'Leary, Alberton radius and some 205 growers representing about 2259 acres in the Carleton, Albany shipping area which we believe to be the two largest consolidated producing areas of the Province and should be convincing proof of the general feeling.

"It is not the desire or intention of the supporters of this resolution to make reference to the petty criticism of those who continually express their ideas through the press and otherwise and have done a great deal to create unity.

"We feel that all present are capable of measuring intelligence and can easily distinguish the chaff from the grain and likewise constructive assistance from petty bickering which is of no value to the farmers or to the industry.

"We do feel, however, that we should take this opportunity of expressing our disapproval of the continuous effort on the part of the chairman of the Potato Marketing Board and officials of other organizations purporting to represent the farmers made through the press and from the platform which have been detrimental to the better relationship of the dealer-grower cooperation.

"We all appreciate the value of the potato industry to this Province and to the farmers in particular and realize that in the most part all those connected with the industry have and will work in the best interests of all, and we would rather see every effort made to solicit the closest cooperation rather than the continued effort to encourage animosity and disunity.

"We would, therefore, request that in order to depart from such a condition this Government take immediate steps for the removal of the present chairman of the Potato

Marketing Board from the Board.

"We further advise that a committee has been selected from the group here today of which I am the chairman and we respectfully request your consideration of this petition.

"While it has been stated by the Board chairman the petition has been 'conceived in iniquity', a phrase very foreign in a free country, we are hopeful it will not

now become an illegal abortion.

"This committee will be very pleased to assist the Government and others in the setting up of the proposed advisory committee and the connected details."

Respectfully submitted, "NEIL BRADSHAW"

The scherzo, a musical movement of light or humorous character, was established mainly by Beethoven and Schubert.

Mormon Group To Arrive in Canada

CRESTON, B.C. (CP)—Remnants of the polygamous Mormon colony at Short Creek, Ariz., are expected to arrive here shortly.

Claude Evans, presiding elder of the Church of Latter Day Saints, said Thursday.

Mr. Evans said the group, part of the Short Creek colony recently broken up by Arizona state police, should reach Creston "in a day

or two."

The Arizona colony was raided by police last Monday in an effort to stamp out the practice of polygamy. Police said they found 83 men with 86 wives and 263 children in the colony. The 33 men and a number of their wives were arrested.

A record 6,006,000 new out-patients during the year was recorded by Britain's national health service in 1952.
