The Centre of Attraction, to the Ladies at all events—and to some of the gentlemen too if we mistake not—is over at our friend Robert Young's. KENT STREET

CLOTHING STORE.

THE Subscriber takes this opportunity of returning his sincere thanks to the numerous friends and customers who have so liberally patronized him for the last ten years, and begs to intimate that he is still to be found at his old stand,

Kent Street,

where he will be happy to wait upon those who may favor him with their patronage. He trusts that by punctuality and attention to business to merit a continuance of public confidence. As regards cutting, he may say, that having learned that branch of his business from one of the best cutters in British North America, Mr. Henry Found, and having since had every facility for studying the latest improvements in the art, he can guarantee to cut garments as well as those who make more pretensions. He may safely add, that he is the only tailor in Prince Edward Island who ever learned Mathematics, as certificates, while a student in the old Central Academy, under Messrs. Kenny and Humphreys—still in his possession—will show. Consequently, so far as Mathematics is concerned, he can apply that science to cutting, which is more than those who never studied Euclid can do.
