Auction Sale Extraordinary.

MESSERS. C. & J. ALLEN, Wholesale and Retail Jewelers, of Toronto, Ont., (the largest Jewelry House in Canada), retired from business on 1st March last, and inaugurated a series of Auction Sales throughout the Dominion in order to convert their stock into Cash and give the Public an incentive to assist them in doing so.
Auction Sales were held at their Warehouse in Toronto (3 sales each day) for seven weeks. In Montreal, at Merrill's large store (3 sales daily), for eight weeks. In St. John, N. B., at Sheffield House, Market Square (3 sales each day), for five weeks. In Halifax, at 126 Granville Street (2 sales each day), for five weeks. And have now opened up a magnificent assortment of Goods

AT THE LYCEUM THEATRE, CHARLOTTETOWN,

Where Sales will be held Daily at 3 and 8 p. m., and will be continued Every After-noon and Evening until further notice.

The Hall will be open each day from 9 a. m. until hour of sale (3 p. m.), when the goods will be on view, and any article can be selected at pleasure for competition at the Auction. THE STOCK IS VERY LARGE, and consists in part of DIAMONDS, set in Rings, Brooches, Scarfpins, Earrings, Studs, Collar Buttons, Bracelets, etc.; Gold and Silver Watches, in great variety and newest designs (a grand assortment); Jewelry of every description; Silverware, in Tea Sets, Urns, Salvers, Five o'clock Tea Sets, Berry Sets, Cake Baskets, Vases, Centre Pieces, Epergnes, Flower Stands, Toilet Sets, Crumb Trays and Brushes, Baking and Pudding Dishes, Salad Bowls, Biscuit Boxes, etc.; Knives, Forks and Spoons of the finest quality (Wm. Rogers' make); Art Goods, Bronze Figures, Marble Clocks, Bisque and other China Ornaments, and a large assortment of Fancy Goods.

MR. CHAS. ALLEN, the senior member of the firm, personally superintends the sales, and gives the firm's guarantee as to all articles being sold as represented. A written guarantee is given with every Gold Watch and Chain disposed of.

N. B.—The method in which we conduct our sale is entirely different to the ordinary Auction Sale. Care is taken that the rough element is excluded. Seats are reserved for ladies, and any article in the stock can be selected at any time during sales and offered for immediate competition, obviating the necessity of long and tedious waiting.

To our large number of former customers and friends in the Island who have so liberally patronized us for the last twenty years, we take this opportunity of returning our earnest thanks, and beg to assure them as well as the general public that no effort will be spared, during the continuance of our Auction in Charlottetown, to make the sales both pleasing and attractive, and to deserve, as in Montreal, Toronto, St. John and Halifax, the patronage of the elite of the city. The sales are absolutely unreserved, and no upset price is placed on any article offered.

Respectfully,
C. & J. ALLEN.

Constipation

Demands prompt treatment. The results of neglect may be serious. Avoid all harsh and drastic purgatives, the tendency of which is to weaken the bowels. The best remedy is Ayer's Pills. Being purely vegetable, their action is prompt and their effect always beneficial. They are an admirable Liver and After-dinner pill, and everywhere endorsed by the profession.

"Ayer's Pills are highly and universally spoken of by the people about here. I make daily use of them in my practice."—Dr. I. E. Fowler, Bridgeport, Conn.

"I can recommend Ayer's Pills above all others, having long proved their value as a cathartic for myself and family."—J. T. Hess, Leithsville, Pa.

"For several years Ayer's Pills have been used in my family. We find them an

Effective Remedy

for constipation and indigestion, and are never without them in the house."—Moses Grenier, Lowell, Mass.

"I have used Ayer's Pills for liver troubles and indigestion, during many years, and have always found them prompt and efficient in their action."—L. N. Smith, Utica, N. Y.

"I suffered from constipation which assumed such an obstinate form that I feared it would cause a stoppage of the bowels. Two boxes of Ayer's Pills effected a complete cure."—D. Burke, Saco, Me.

"I have used Ayer's Pills for the past thirty years and consider them an invaluable family medicine. I know of no better remedy for liver troubles, and have always found them prompt and efficient in their action."—Samuel T. Jones, Oak St., Boston, Mass.

Life.

Life is a silvery stream,
Born in the snow's white arms,
We on its banks (where they seem
Almost to touch and to kiss)
Long for the mermaid's bliss
And the salt sea's soothing charms.

With lips rose-red and apart,
And eyes bedimmed by tears,
We feel this young world's heart
Beating in time to our own—
And yet are as one alone
In a crowd of hopes and fears:

Tossed by an unrest wild,
Drawn by a hope unseen—
A god in thought, and a child!
We wander on to the end,
With Death as a bosom friend,
And a mist comes down between!

Made Mad by Fears of Sin.

PRETTY HATTIE BARTLETT CLIMBED TALL TREES TO GET NEARER HEAVEN.

A recent despatch from Wilkesbarre, Pa., says: Hattie Bartlett, a pretty and well-known young girl, living in West Pittston with her parents, was removed to the State asylum for the insane at Danville yesterday. She has become violently insane on the subject of religion. About a month ago Evangelist Yatman began revival meetings here and Miss Bartlett was among the first to be converted. Since that time her desire has been to get away from the wickedness of this world and nearer heaven. In her insane endeavors to do this she would climb to the top of tall trees in the vicinity of her home. On other occasions she walked miles in order to get into the vicinity of the tallest buildings. It was with great difficulty after being found that she could be induced to leave her supposed heavenly place of refuge. When her father and mother refused to follow her steps she termed them "devils," and would not associate with them, saying she was afraid she would be contaminated by their influences.

Terrible Floods in Japan.

IMMENSE LOSS OF LIFE—HOUSES AND BRIDGES SWEEP AWAY BY THE TORNADO—GENERAL DEVASTATION.

Advices from Japan state that according to the latest reports published in the *Oaka Shimbun*, two hundred and thirty-eight houses were destroyed and 217 persons killed or drowned by the floods in Totsukawa. Several thousand persons are destitute of food. A telegram from the chief police inspector of the Wakayama prefecture, dated Aug. 30th, announces that 1079 persons were drowned by the late flood, 122 crushed to death and 143 injured severely. Two thousand and forty-three houses were swept away and demolished, and 26,386 buildings submerged and many bridges and embankments damaged. The typhoon at Tokyo and neighboring prefectures demolished buildings, trees and telegraph posts and was followed by heavy rain, causing floods that washed away the bridges and houses. On the afternoon of September 11th, at the dockyard of Tokyo, one of the boilers of the steamer Teija Maru exploded, killing eight engineers and firemen, and blowing up the vessel.

It was not Poisoned.

A BOX OF CANDY SENT TO THE REV. MR. MOWATT, OF FREDERICTON.

FREDERICTON, Oct. 8.—On Saturday evening last one of the clerks in the Post Office handed to Postmaster McPeake a small box addressed to the Rev. A. J. Mowatt, city, and answering the description of those received by St. John clergy-men last week. Mr. McPeake, thinking that perhaps the box contained poisoned confectionery, delivered the same, personally, to Mr. Mowatt, at the manse, when on opening it, it was found to contain half dozen pieces of candy. The box and contents were then sent to the police magistrate, who afterwards consulted with the Attorney General. The candy was carefully examined, but there was no evidence of poison. When the box was taken from the basket in the Post Office, the ink was scarcely dry. This is, no doubt, the work of a practical joker, but in view of the horrible crime in St. John it is not a joke to be appreciated.

Cannibalistic Indians.

A TRIBE OF MEN EATERS FOUND IN NORTH-WESTERN ONTARIO.

OTTAWA, Ont., Oct. 8.—A gentleman just returned from an exploring expedition in the wilds of northwestern Ontario said that he had discovered during his travels a tribe of Indians who had practised cannibalism up to within a few years ago, when the country was first visited by French missionaries. In the vicinity of Abitibi Lake he was shown an Indian child whose grandmother had killed and eaten seven of her young children, the child's father being the only one to escape. He made his mother's terrible deed known to the chief of the tribe, who sent his men to arrest her. On entering the wigwam they found the head of the last child boiling in a pot over the fire. She was ordered to be shot, lots having been drawn to see who the executioner should be. The unlucky straw fell to an old Indian, who successfully removed the unnatural mother from doing further harm. On the Quince Lake, several years ago, he found that a full-blooded warrior had killed and eaten four of his sons; but was afterwards shot and killed by his fifth son.

News Notes.

The State of Yucatan, Mexico, is bankrupt financially.

Hamilton is to have a new industry—a lead smelting works.

Thirty furriers were arrested at Tipperary a few days ago for refusing to pay market toll.

The loss occasioned by the recent cyclone on Carmen Island, Mexico, is estimated at \$1,000,000.

Another school of journalism has been started out West, and we expect to hear of an enhanced demand on the part of the newspapers for young men who have not attended it.

Kingston's increase of 984 in her population since last year does not look big alongside Toronto's claim of 20,000; but it shows that the minor cities are keeping up with the procession.

Accounts from the Labrador fishery have become more cheerful of late. During the month of September the weather has been fine and the fishing good.

The general summary, in the Quebec province crop bulletin for September, shows many very good; wheat good and plump, 20 to 30 bushels; oats very good, 20 to 40 bushels; buckwheat good, 20 to 25 bushels; rye good; peas good, 12 to 15 bushels; Indian corn, fair; potatoes pretty fair; root crops very good; tobacco very good; culture of silos excellent; fruit, not half the usual crop; grass plentiful, and the meadows extra good.

Love Your Boys.

Do not work the boys too hard, or their natural love for nature and the open air will be turned to hate of you and their surroundings, which they will have when advancing years give them the power of doing so. Many a little, scraggy, knobby nature can be made to grow into fairness and vigor if planted in the soil of love, watered with tenderness and nourished in the air of freedom, instead of getting pinched and twisted beyond all future redemption. We should certainly make an effort to get the good will of the boys in our neighborhood, especially if bad ones are inclined to rob us. Let us invite them into the garden to share any fruit or flowers we have to spare. The fruit is always appreciated, if not the flowers, and we must eventually get rid of our enemies by making them our friends.

Care of the Feet.

Concerning the care of the feet, the *Scientific American* very truly says: Many are careless in the keeping of the feet. If they wash them once a week they think they are doing well. They do not consider that the largest pores are located in the bottom of the foot, and that the most offensive matter is discharged through the pores. They wear stockings from the beginning to the end of the week without change, which become perfectly saturated with offensive matter. If health is generated by such treatment of the feet. The pores are both repellants and absorbents, and fetid matter is taken back into the system. The feet should be washed every day with pure water only, as well as the armpits, from which an offensive odor is also emitted, unless daily ablution is practiced. Stockings should not be worn more than a day or two at a time. They may be worn one day, and then aired and sunned and worn another day if necessary.

Odds and Ends.

Be noble in every thought and in every deed.

There is not a moment without some duty.—Cicero.

We should always act the truth as well as speak the truth.

Quarrels would never last long if the fault was only on one side.

Sin has many tools, but a lie is a handle that fits them all.—Holmes.

From the lowest depth there is a path to the loftiest height.—Curlie.

He who has not a good memory should never take upon himself the trade of lying.—Montaigne.

When an Englishman wants office he "stands" for it and then "sits." Americans run and lie.

Liberal.—"John, see, your little sister is crying because you did not share your peach with her." "That isn't so, mamma, I gave her the stone, and if she plants it she can have a whole tree."

Here is some French humor from *Nouvelle Revue*: "Yes, Monsieur le Maire, but if I deposit my money in the savings bank when can I take it out again?" The Maire (directing an air of superior knowledge): "Whenever you like. Thus, if you pay in your money to-day, you may withdraw it to-morrow by giving a fortnight's notice." A young lady who has recently finished her studies in Paris, and who is very proficient in French, was writing to a Boston friend one day. She was describing the progress of an affair du coeur of a gentleman friend, the object of whose affections was not very responsive. The gentleman's mode of expressing his devotion had proved very interesting to the writer, and in referring to the subject she casually remarked: "L'amour et la fumeo ne peuvent se acher"—ordinarily translated as meaning "love and smoke are unable to conceal themselves." Her Boston friend, on receipt of the letter, got out her French grammar, and by its friendly aid succeeded in rendering the quotation as follows: "Honesty is the best policy."

Boils, pimples, and skin diseases of all kinds speedily disappear when the blood is purified by the use of Ayer's Sarsaparilla. It has no equal as a tonic alternative, the results being immediate and satisfactory. Ask your druggist for it, and take no other.
