

FESTIVAL OF BRITAIN EXHIBITIONS

MAY 3-SEPTEMBER 30

The summer of 1951 will be long remembered by Britons all over the world. Just as the 'Crystal Palace' Exhibition of 1851 was something utterly new and bold in its generation, so Britain now invites you to a Festival the like of which has never been seen before.

IN LONDON the centrepiece of the Festival will be the great South Bank Exhibition on the sweep of the Thames between Westminster Bridge and Waterloo Bridge. Here, amid 30 acres of new buildings and broad terraces, dominated by the giant Dome of Discovery (the largest in the world), visitors will see the story of Britain and her people at work and at play—in industry, transport, the farm; at home and on the seas; in sport, at leisure, and in those boundless fields of exploration and discovery in which British scientists and technicians are helping to build the world of tomorrow.

IN BELFAST the Ulster Farm and Factory Exhibition, staged in the interior and grounds of a new model factory, will show the growth of the linen industry and of developments in agriculture and other local industries. This will be open from June 1 to August 31.

IN GLASGOW an Exhibition of Industrial Power at Kelvin Hall will show British achievements in heavy engineering, from the earliest steam engine to the harnessing of atomic energy. This Exhibition will open on May 28 and last for 13 weeks.

IN EDINBURGH there will be an extensive Exhibition of Scottish Architecture and Traditional Crafts, during June and July.

In addition there will be Exhibitions of British Books and Literature in Edinburgh and Glasgow, and Exhibitions of painting in Cardiff and Norwich.

The WEEK at S. D. U.

Last Saturday evening, the younger members of the student body ably demonstrated that they are quite capable of taking part in that branch of art known as drama. The occasion was the annual High School Drama Festival, in which one-act plays were presented by Grade XI and Grade XII. From all who observed the performances an unanimous word of approval was accorded the young gentlemen of high school for their efforts.

On the stage for the evening's first presentation were the Grade XI performers, with a one-act comedy entitled, "His First Shave". The play was directed by Edward Baird, a member of the class, and featured Jack Bacon, William Lacey, Leo McGinn, Eugene Mooney, and St. Clair Trainor.

The second offering of the evening was "Ding a Ling", a comedy especially suited to the fine talents of the youthful thespians of Grade XI and Commercial. It has not yet been found out who actually directed the play, and it might be a good thing for the culprit if he is never discovered. Taking part in the production were: Frank Dalziel, Aloysius McIsaac, Gerald Lawlor, Real Michaud, Richard Deighan and Fred Bennett.

It remained, however, for Grade XII, who were last in order of presentation, but first in order of merit, to win the acclaim of the adjudicators. In their presentation of the "assassination" scene from Julius Caesar by one William Shakespeare, this class established itself as the one to watch in future years. The "Week" is proud to introduce the Grade XII class as winner of the 1950 High School Drama Festival. The direction of the play was in the capable hands of George Chrysoctem MacDonald, whose efforts are to be highly commended. The cast included: Frank Arthur, Robert Bridges, Tom McLaughlin, Elmer Hammill, John Trainor, Aquinas Ryan, Gerard Johnston, Francis Reid, Louis Lannigan, and Ivan McCormack.

The entertainment between plays was furnished by students from high school which made it an all-high-school evening. The entertainment featured a violin solo by Andrew MacDonald, a vocal solo by Reginald McLellan, and a piano solo by Robert Bridges.

On Friday evening, November 24th, the St. Dunstan's Glee Club made its 1950-51 debut when it presented a variety concert at the Provincial Sanatorium. The performance marked the beginning of what Glee Club director, Rev. Lawrence Landrigan expects to be a successful year. This first venture proved two things conclusively: first, that there is an abundance of talent for any project the Glee Club may undertake; secondly, that a lot of people can get a lot of enjoyment out of such performances. That is shown by the fact that both entertainers and entertained had a wonderful time at the San last week. It was a 'friendly get-together in the spirit of "we like you, we hope you will like us." There should be more of them.

During the week, the senior basketball team got in two exhibition games, which showed its followers that this could be one of the fastest and highest-scoring teams in some years. Last Saturday evening, the wearers of the red and white (and we do mean that they wear red and white) trounced P.W.C. 70-42. On Sunday afternoon, in the College rink, they trimmed a pick-up team from the City by a 76-48 score.

The third M.I.D.L. trial debate of the year, and one incidentally which did nothing to disprove the fact that the M.I.D.L. is headed for its most successful season on the campus, discussed the topic: Resolved: That Russia's exclusion from the United Nations would benefit the democracies. Upholding the affirmative of the resolution were Frank Sigsworth, and Noreen Connolly, and speaking for the negative were John Cash, and Katherine Roche.

On Monday evening, St. Dunstan's will make its first defense of the Maritime Intercollegiate debating championship, when Mark MacGulgan and George Keefe meet King's College in Halifax. The S.D.U. debaters will be upholding the affirmative of the topic stated above. We'll be rooting for you, men!

There are a few rare events in everyone's lifetime in which it is a privilege to take part. Because these privileges are so rare and so significant, they are always memorable. If there are such things as blessed privileges, then that is how we should like to take the one in which we shall take part this morning. The event, wherein we are privileged, is the occasion of the blessing of our new chapel by His Excellency Most Rev. James Boyle, Bishop of Charlottetown.

Much history has been made by St. Dunstan's in its 96 years of existence, and for the place our college has taken in the culture of our Province, we can only thank the benevolence of Almighty God. Those of us who have been so fortunate as to attend St. Dunstan's for these past few years have seemed to be more privileged than any, except, perhaps those who prayed and sacrificed in the early days when St. Dunstan's was first being moulded into a source of faith and knowledge. Three new buildings, and a fourth on the way, in a span of four years is no mean achievement. Take 2 Week at SDU

The Doctor has written stating how pleased he is with the purchase and he already had some fast rides behind him. . . . Thanks Percy, we appreciate — and we are sure others do also — the interest you are taking in the many speed prospects which are being bred and developed in this Province.

Arthur B. McGee of Augusta, Maine, who has purchased quite a number of fast record trotters and pacers here, also some young standard bred, paid a brief visit to the Province this week. the blessing of that first Chapel, can take precedence over the solemn occasion which is ours today until we shall have no need for memories. This morning, with the blessing of our Chapel, and the offering of the first Mass in it by our Bishop, might well be the beginning of a new era for St. Dunstan's. Now, more than ever before in the history of the world, education needs to be directed by the Will of God. It is in our new Chapel dedicated to the Father of all that we shall continue to pray for peace, and for the return to Christian values so earnestly entreated of us by His Blessed Mother. It may be that our prayers, united with those of the rest of the world, may inaugurate an era of peace which will permit us to do. His will will out fear of oppression.

We make no secret of the fact that the Chapel is the most important part of our institution. It is there that we seek the strength to persevere in our Christian heritage, so boldly assailed by the forces of evil today. We know that without our study would be in vain; that our presence at college would be meaningless. That is why we should like to emphasize the privilege that is ours this day. That is why we promise to remember in the first Mass we offer in the new Chapel, those generous benefactors of St. Dunstan's whose loyalty and kindness make this privilege possible. We shall always wonder if we are worthy of it.

"I was with Mr. Bishop at the Normal School last Friday night and we saw the picture Silks and Sulkies, which was filmed in P. S. I., and we enjoyed it very much. Another purchase by a Fredericton horseman is Fleeta Vola, p. 219, an eight-year-old mare by Corporal Lee eligible to the 225 pace, by Richard "Dick" Marshall from Lee D. Jones of Wickham. Fleeta is being wintered at a friend's barn near Fredericton, and John Malone of Stanley, N.B. is wintering his horse Direct Axworthy 2:24 2/5 and expects to drive him over the woods roads this winter. This will certainly condition him nicely for next season's campaign."

Our Montreal correspondent sends the following: "Grey Dawn, saddle and jumping mare, grey in color, bred by a girl in Prince Edward Island, that was purchased from her by Art Davidson of St. John, N.B., and sold to Miss Jane Brennan of St. John, was the winner of the saddle and jumping classes at St. John, Gagetown, Amherst, Truro, Halifax and Fredericton, was then sold by Miss Brennan to George McCollough, owner of the Toronto Globe and Mail, for a sum said to be well over the \$2,000 mark."

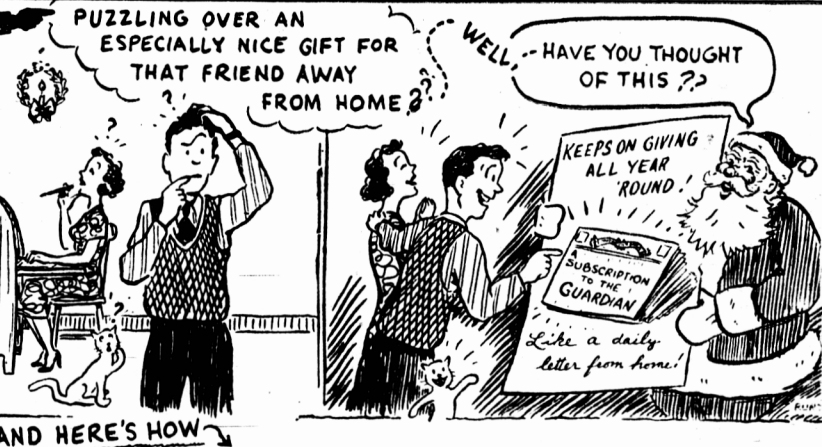

We welcome to this column a good horseman friend, Jerry Gillespie of Parrsboro, N.S. "Had a nice visit from our mutual friend James H. Reid of Truro. He likes the Cleggs and Lady Abner is one of his particular favorites. My brother Alex's Squire Carroll is marked very much like Lady Abner, he is white to the hocks and is going to be very stylish and will weigh over 1,000 lbs. The sire of that good-looking colt that Dr. Kennedy has in G. Britton. He was raised in Parrsboro by M. D. Gavin and his dam is by Hal at Law 2:10 1/4. Mr. Gavin also raised Mary L. by Bill L. out of the same dam as Guy Britton — Daisy Todd. Clare Johnson is getting Cumberland Scott, that Harold Stead gave a trotting record of 2:21 at Charlottetown Old Home Week, ready for the ice. With another year's racing he should take a low mark

Clare met with an unfortunate accident which resulted in a broken arm but he hopes to be ready to drive Scott and a good looking colt he owns soon. Frank Gillespie has Silver Climax, a good pacer that he expects to start over the ice, which I may say is nice and handy only about 100 yards from home. Early in January if the weather is cold we will be on it and then once or twice a week we'll have some speed contests which will certainly shorten the winter. . . . Thanks, Jerry, and also thanks for your good wishes to Buddy Clegg.

I had taken along for company couldn't restrain his curiosity, and followed down along the creek bank. Suddenly there was a loud SMOACK and water flew six feet into the air. Timmy came dashing back shaking water from his head and ears and quite alarmed. It was something he couldn't understand. I was somewhat curious myself to find out how the beaver was act-
