## IN MEMORIAM

**BELL**—In loving memory of a dear husband and Dad, Pte. John H. Bell, W.N.S.R., killed in action in Ortona, Italy, Jan. 7, 1944.  
Silently the years roll by  
But thoughts of you will never die  
For in God's garden now you sleep,  
And he will keep you till we meet  
Always remembered by his wife and children.

## CARD OF THANKS

I wish to thank Drs. MacIntyre and MacLellan, the nurses and staff of the Kings County Hospital, all my many friends who visited me or sent me treats or cards while a patient there. And a special thank you to the people of North Lake for their kindness. Mrs. Elliot Kemp.

## Nasser Says UNEF Is Help

TORONTO (CP)—The Star quotes President Nasser of Egypt as saying the United Nations Emergency Force has been "a great help" in keeping peace in the Middle East. Nasser said the Egyptian government has no immediate plans to ask for UNEF withdrawal.

Nasser gave an exclusive interview to Monroe Johnston, Star staff correspondent, in Cairo. The Star says Nasser vigorously denied that the Afro-Asian conference ended Wednesday was top-heavy with Communist delegates or that the Communist line pervaded its discussions.

Johnston reported that he said to Nasser: "Many Westerners feel that in such instances as Egypt's vocal campaign against Jordan and its king recently, it was Egypt that initiated another period of tension."  
He said Nasser countered with an accusation that nine "secret" British and French radio stations spotted around the Middle East are beaming programs of vilification at Egypt, aimed at his overthrow.

## ASIAN TYPE

The gaur, a sort of bison found in Burma and India, is a black animal about six feet in height.

## FAST CROSSING

SHANNON AIRPORT, Ireland (AP)—A Trans World Airways Super-Constellation crossed the Atlantic Saturday from Boston to Shannon in six hours, 59 minutes. This is believed to be the fastest time ever made by a commercial aircraft between the two points. The best previous time for a commercial plane between Boston and Ireland was seven hours, 13 minutes.

## GRAIN

WINNIPEG (CP)—Weaknesses on United States markets were reflected generally in trade Monday on the Winnipeg Grain Exchange.

## Cunard Gives Traffic Figures

LONDON (Friday) (Reuters)—The Cunard line, which has the largest passenger fleet on the North Atlantic, carried 263,000 persons during 1957, it was announced Thursday.

In spite of relatively light traffic resulting from the international situation early in the year, the company said, the figure was only slightly lower than the 1956 total, and 4,000 above that for 1955.

## YOUNG EXPERT

CHEMAINUS, B.C. (CP)—Ben Bradshaw, 12, was high scorer in the turkey shoot here. On the 100-yard rifle range he won three turkeys in a row.

## TIMELY NOTES ON FUR FARMING

The Hudson's Bay Company sale in New York, which concluded Saturday, December 21, was considered a great success. There were dealers from various parts of Canada, and also from Los Angeles, Chicago, New York, and other cities in the U.S.A. as well as from Europe.

A near record high of \$43.50 for a fine lot of majestic dark males was paid by Fotaub, of New York City, who purchased them for an Italian firm.

Clearances in principal colors also ran high, ranging from 80 percent for Silverblue and Sapphires, to 97 percent for Jasmine. Principal prices were: Majestic Dark, top \$43.50 for males and \$19.00 for females. X-Dk and Dk. males brought \$18.00 to \$29.00 and Darks \$17.00 to \$26.50. Autumn Haze top price \$36.50. Stewart males \$21.00. Jasmine, \$29.50 to \$45.50, and females \$23.00 to \$25.50. Unlabelled whites, \$29.50 to \$38.00. Ceruleans, regular males \$24.00 to \$34.50, females \$14.75 to \$17.25. Homo. males, \$44.50 to \$46.50. Stewarts, \$27.50 to \$38.00. Unlabelled sapphires, regular males \$23.50 to \$28.00, females \$14.00 to \$20.00. Leutetia males, \$22.00 to \$40.00, females up to \$20.00.

Desert Gold was 77 percent sold; top males, \$36.00; females, \$15.75. Diadem was 39 percent sold, top males — \$27.50. Lutetia was 77 percent sold. Blue Iris was 79 percent sold, with good colors very firm; males hit \$54.00 and females \$30.00. Ceruleans were 81 percent sold; males brought a high of \$44.00, females \$20.50. Jasmine was 97 percent sold, and showed an advance of 10 percent; top males brought \$68.00, and top lots of females \$34.00. There was only a small number of Argenta types (1,315) and they were 91 percent sold; males were off 15 percent, females 7 1/2 percent. Males brought \$25.50 and females \$14.50.

**FINEST EVER**  
Northwood Fur Farms brought the high prices in Autumn Haze, Lutetia's, and Ceruleans. They have been consistent producers of high quality mink through the years, and we took particular notice of a recent advertisement of theirs in the Black Fox Magazine and Modern Mink Breeder, which claimed that this season's mink production was one of the finest in their history.

Our mink breeders will be interested in the fact that the overall impression from the sales room during pastel selling, was one of relief. The market-dealers and manufacturers—had frankly hoped for fairly firm levels in spite of much talk in New York that "economic conditions" necessitated a decline and their hopes were realized.

At the Canadian Fur Auction Sales Company (Quebec) Ltd., about seventy percent of the to-

tal offering of 80,000 skins changed hands at firm to unchanged prices. The catalogue contained a high percentage of better quality strings, and this maintained interest from United States, Canadian and European buyers.

A near record high of \$43.50 for a fine lot of majestic dark males was paid by Fotaub, of New York City, who purchased them for an Italian firm.

Clearances in principal colors also ran high, ranging from 80 percent for Silverblue and Sapphires, to 97 percent for Jasmine. Principal prices were: Majestic Dark, top \$43.50 for males and \$19.00 for females. X-Dk and Dk. males brought \$18.00 to \$29.00 and Darks \$17.00 to \$26.50. Autumn Haze top price \$36.50. Stewart males \$21.00. Jasmine, \$29.50 to \$45.50, and females \$23.00 to \$25.50. Unlabelled whites, \$29.50 to \$38.00. Ceruleans, regular males \$24.00 to \$34.50, females \$14.75 to \$17.25. Homo. males, \$44.50 to \$46.50. Stewarts, \$27.50 to \$38.00. Unlabelled sapphires, regular males \$23.50 to \$28.00, females \$14.00 to \$20.00. Leutetia males, \$22.00 to \$40.00, females up to \$20.00.

**DOMINIO NSALE**  
At the Dominion Sale in Winnipeg, prices for wild mink were considered very satisfactory. Top prices for fine Northern males was \$42.50, females brought \$18.00. North Centrals realized \$31.00 to \$36.50 for males and \$16.75 for females.

The next sale at Oslo, Norway, will be held on January 7, and our readers will note that they still continue to produce a considerable number of foxes. Of course, they have the advantage of very cheap feed and low labor costs.

Foxes consigned to the above sale include: 10,000 Norwegian blue fox, 2,000 silver and platina fox. The mink quantities are: Dark, 60,000; Pastels, 75,000; Silverblue, 20,000; Sapphires, 10,000.

**New Shell Oil Company V. P.**  
TORONTO (CP)—J. A. Ross has been appointed vice-president and treasurer of Shell Oil Company of Canada Ltd. He succeeds O. B. Roger, who has retired after 38 years with the company.

## Liberals Seek Information On Ship Transfer

OTTAWA (CP)—Liberals sharply questioned Defence Minister G. R. Pearkes Friday night in the Commons about transfer of the navy's Arctic patrol ship Labrador to the transport department for ice-breaking duty in the St. Lawrence River.

Mr. Pearkes said the Labrador could carry out more effective work with the transport department than with the navy. There were other means—he did not say what they are—to patrol northern waters.

Lionel Chevrier (L—Montreal Laurier) asked what had become of the special equipment in the Labrador not required for ice-breaking.

Mr. Pearkes said it would be held in naval stores in case a requirement for it arose.

Lester B. Pearson (L—Algoma East) said he understood the equipment was very expensive and would be valuable to detect submarines under northern ice and that there was no other such equipment in naval ships.

Mr. Pearkes said that was not correct.

W. J. Henderson (L—Kingston) asked how naval personnel now would be trained under Arctic conditions.

Mr. Pearkes said this would be done in other vessels.
