Occasion Unique Elizabeth was the first ruling monarch and the third generation of her family to open the federal parliament. Its first session was opened by her grandfather, George V, in Melbourne in 1901, her father, George VI, opened the first session in Canberra in 1927, both before they became kings.

After the 15-minute ceremony the Queen changed into a frock and fitted white coat trimmed with black and walked to the saluting dais along a red rain-soaked carpet.

Later the Queen presented awards to more than 30 men and women at an investiture at Government House. First to be honored was Dame Lattie Menzies, wife of the Prime Minister, who received the insignia of Dame Grand Cross, Order of the British Empire.

Canadian Need Mr. Farquharson, who during the Second World War was chief of the news service of the Canadian wartime information board, said there is little news about Canada in the newspapers of the world. And there was little world news with a Canadian accent in the press of Canada.

"I hope that we will send our own correspondents instead of relying to such great extent on the reporting of other nations," he said. "We must face the economic cost of Canadians reporting for Canadians what is happening abroad."

"We must make it easier for the press abroad to know about Canada, I say 'must' because I believe we are in the grip of forces beyond our control."

He said he hoped a party of editors of NATO countries will be sent across Canada this summer of Germany and European security items to the agenda.

Re-elected To Holstein Executive

Mr. Colby C. Lewis of Free-town was re-elected a director of the Holstein Friesian Association of Canada at the annual meeting held in Toronto February 10. Senator J. Walter Jones, acting on behalf of the Association, presented to the Master Breeder Shields to breeders from various parts of Canada. This award is the highest that a Holstein breeder may win and never before has so many qualified in the same year.

Robert H. Rumler, Brantford, Ont., secretary of the Holstein-Friesian Association stated "We are now in the first stages of the use of frozen semen. It offers the first opportunity I know of a breeder to have his cake and eat it. He can stockpile 3,000 ampules of semen from a bull, then sell the bull, but through his supply of frozen semen he still has the bull."

Mr. E. A. Innes, Brantford, Ontario, reported that a breed average for type has been developed which permits checking the conformation of the daughters of a bull against the breed average.

This he described as "One of the biggest steps toward improvement made in many years."

Gifted Baritone Heard In Fine Concert At P.W.C.

The performance of gifted American baritone, Edwin Steffe (pronounced Stef-ee) brought great pleasure to a capacity audience last night at the Prince of Wales College in the third of the Community Concert series for this season. His rich, powerful voice produced moods varying from the highly comic to the deeply dramatic.

The first group of songs opened with an invitation, full of vitality, to "Come, let's be merry" arranged by Fuller, followed by a German song, "Minnedel" arranged by Walter Kramer which he tenderly interpreted and "Man is for the woman made" by Henry Purcell. The last of this set was Gerard's monologue from "Andrea Chenier" by Umberto Giordano, an operatic role in which his strong voice was much at home.

"Edward," a dramatic ballad by Carl Loewe, "Zueignung" by Richard Strauss, "Freundliche" (Vision) also by Richard Strauss, "Midsummer's Night" by Edvard Grieg, and "A May Day Carol" set to music by Deems Taylor composed the second group which showed Mr. Steffe's versatility.

The baritone wrote the English text for Figaro's delightfully amusing but difficult aria "There's not a busier fellow than I" from The Barber of Seville. The comedy and ease in his performance was a source of much delight for the audience, whose laughter was equally spontaneous when he sang and enacted "The Flea" by Moussorsky. A lament from Songs of Egypt by Granville ended the first half of the program.

Mr. Steffe's next group was entitled "songs from many lands" from Russia, the plaintive "O could I but express in song" by Malashkin; from France, a sensuous interpretation of "L'Heure Exquise" from Ireland, a delightful ballad "The Flea" by Moussorsky. Community Concert Speaker At Rotary

Mr. Edwin Steffe, concert baritone, of Washington, D. C., was guest speaker at the weekly luncheon meeting of Rotary yesterday in the Charlottetown Hotel. The speaker was substituting for Miss Greta Skoog, formerly of Sweden, whose arrival was delayed by adverse travel conditions until two o'clock, when the meeting was over.

"The Community Concert organization in Charlottetown has been a going concern for more than twenty years and I believe it is the oldest of more than 900 similar organizations in the United States and Canada," said Mr. Steffe in his brief remarks. More than two hundred artists are engaged in the work of bringing enjoyment through good music to those whom they reach in many communities. "Every artist that comes to your city is dedicated to a life of music, hoping to reach your ear and then your heart through the talent with which he or she is endowed," the speaker said. "We appreciate your wonderful support and the opportunity and privilege of coming before you."

The speaker was introduced by Chairman Stirling Giddings who touched on his studies at Peabody Conservatory, Baltimore, Md. and his graduation from Georgetown University at Washington, D. C. As a concert baritone he has appeared on T.V. and Radio and has been five year with Community Concerts and eight summers with the St. Louis, Mo. Civic Opera.

The speaker was thanked by President Bill Reid. A letter of appreciation was read from Mrs. K. S. Rogers in connection with the acts of kindness of Rotarians during the recent death of her husband.

The resignation of Rotarian J. Frank Fraser was received with regret. Randy Manning, Chairman of the Curling committee announced that the competition between Charlottetown and Summerside for the Welles Trophy would begin in Charlottetown tomorrow.

Guests present were: Messrs. Colin Smith, New York City, Roger Garon, St. Hyacinthe, Que., and Gordon Kerr, City.

Annual Meeting Of Chess Club

Mr. Everett MacNeill was elected President of the Charlottetown Chess Club at their annual meeting held last evening at the Y.M.C.A. The meeting which was in the form of a banquet was presided over by the retiring president Johnnie MacInnis.

A feature of the evening was the presentation of the trophy emblem of the Prince Edward Island championship to Johnnie MacInnis who will also have his name inscribed on the R. E. Mutch plaque.

The Charlottetown Chess Club was organized in 1950 and the winners of the Island Championship to date have been Dr. I. S. Sparo, Mr. D. I. D. Rozman, Mr. E. C. Johnstone and Mr. MacInnis.

Mr. Mutch who with Mrs. Mutch was on hand to present the trophy heartily congratulated the winner upon his success. He told those present that he believed chess to be one of the greatest games for the development of the powers of concentration. Mr. Mutch made the suggestion that while engaged in the game, conversations of a less desirable nature could not occur. Said he, "It is a mighty fine pastime to keep a person out of mischief."

Mr. E. C. Johnstone, secretary treasurer (re-elected) of the Club had suitable prizes for the winners of the various groups in the tournament. They were Messrs. D. I. D. Rozman, Lormier Cudmore, Ernest Selter and J. MacInnis.

Plans were made for the 1954 tournament and while the exact date was not set, it is expected to take place about the middle of March. The tournament will continue for two or three nights with those who are unable to attend playing their games at a suitable time through mutual agreement with his or her opponent.

Following the delicious dinner served by the ladies of the "C" Mr. O. K. Presby who is an ardent chess player entertained the members with a delightful piano selection.

Up to last week, when he became ill, Mr. Linkletter was a familiar figure on Summerside streets as he made a practice of walking three or four miles a day. Drama Adjudicator

Mr. Graham Suter, (above) of London, England, this year's Adjudicator of the Regional Festivals of the Dominion Drama Festival, will arrive in Charlottetown on March 13th, to give instructions in acting and directing.

Although this Province has no entries in the D.D.F., this year, due to three entries being required and only two plays entered, the local board of Governors have been very fortunate in being able to secure the services of Mr. Suter for this special work.

In other parts of Canada where he has visited during the past two months, he has been limited to adjudications, and newspaper reports state he is one of the best drama critics to visit Canada in many years. Mr. Suter's visit and work in this Province will be a special feature of his tour, as it will be the only time he will give personal instruction to those interested in improving the standards of amateur theatricals.

Th course and lectures, which will last for three days, will be open to the entire Province, no affiliation with any particular group being required for participation.

Nurses' Course Continues

Rest and exercise as related to medical rehabilitation was the topic of discussion as the course on "The Role of the Nurse in Medical Rehabilitation" continued at the Prince Edward Island Hospital, last evening.

Miss K. Jackson, M.B.E., M.C.S.P., outlined the aims of rest and exercise in restoring and maintaining functions in the ill or injured person.

She pointed out that normal life consists of a balance of rest and exercise, and in a sick or injured person the rest-exercise balance must be modified to suit the patient.

Following Miss Jackson's lecture, a film "Condition Improved" was shown, demonstrating some aspects of occupational therapy in Canada today.

Miss Muriel Archibald was chairman for the meeting.
