

the all-new
***ALPACAMA**
Coat of Champions

MAURICE
"Rocket"
RICHARD

Ace Right Wing, Montreal Canadiens,
says:

"Alpacama is the lightest,
warmest coat I've ever worn."

And the Rocket's right—there
isn't a lighter, warmer coat than
Alpacama—or a better combination
of styling, tailoring and value.
Try one on to-day!

Freetown Notes

Miss Joan Scales of Charlottetown is spending her vacation at the home of her parents, Mr. and Mrs. Austin A. Scales.

Mr. Garnet Warren is quite ill at his home in Upper Freetown. His many friends hope to hear of an early improvement in his condition.

Hallow'e'n passed off quietly in Freetown and vicinity. Weird and ghastly forms flitted through the darkness, but very little damage is reported.

Many from Freetown attended the chicken dinner in North Bedouque on Tuesday evening, Oct. 31st. A very delicious hot dinner was served and a nice sum of money realized. The sale of fancy articles was also well patronized.

A large congregation attended the service in Freetown United Church on Sunday, October 29th. Rev. K. R. Sullivan of Summerside conducted the service. Special music consisted of a solo by Mrs. Wallace Reeves of Freetown and two duets by Mr. James Phillips of Summerside and Miss Ina Phillips of Tyne Valley, all of which were beautifully rendered.

Word was received in Saturday by Mr. Edmund Burns of Lower Freetown that his sister, Mrs. Emma Boyer had the misfortune of falling and fracturing her hip at her home in Lethbridge, Alberta. Mrs. Boyer formerly belonged to Georgetown, P. E. I. but has lived in Alberta for many years. Her many friends here regret to hear of her accident.

NEW ARGYLE

Miss Pearl Stewart is at present visiting at Crapaud.

Mrs. Nicholas Gillis, Carlyle and Delmer were visiting in New Argyle on Sunday.

Mr. Watson MacNevin was a recent visitor to New Argyle, guest of Miss Elie Stewart.

Mr. Paul Sharpe was a visitor to New Argyle on Sunday where he took some up for a drive in his airplane.

The Y. P. U. was held at the home of Mrs. Albert MacDougall, with a good attendance.

Mr. William MacDougall has grown a turnip on his farm which weighs thirty four and one half pounds.

Friends of Miss Isabell Immen are sorry to hear of her continued illness in Victoria General Hospital, Halifax.

Mr. and Mrs. Melville Ferguson, daughter, Doris and son Sterling left for Toronto on Sunday Morning accompanied by Mr. William MacDougall where they intend to spend the winter months. They were also accompanied as far as Moncton by Miss Hilda Darrach, where she spent a few days.

BURGESS BEDTIME

Continued from page 10

that signal there was only one thing to do and that was to obey it without even trying to find out what the danger might be. Always there would be time enough for that later.

So now they turned and with wings stretched out ran headlong for the water as fast as their short legs could take them. They didn't even look back over their shoulders. They splashed into the water and joined the others who had gathered around Honker. Then they looked back. The black stump wasn't where they had last seen it. It was right down at the edge of the water and it didn't look like a stump any longer. Of course, you know what it was. It was Buster Bear. It was great big Buster Bear and on his black face was such a look of disappointment. Wouldn't you be disappointed if you saw a delicious dinner swimming away from you?

"Never judge anything wholly by the way it looks," said wise old Honker. "The older you grow the oftener you find out that things are not always what they seem. Many black stumps turn out to be Black Bears."

IN 50 YEARS
ALUMINUM HAS GROWN TO BE A LARGE PART OF CANADIAN LIVING

Toronto-First Aluminum-ware factory in Canada

Mama and her Aluminum kettle

Penic - Bic Toronto 1912

Building the home for Wear-Ever

1912

1950 is the fiftieth anniversary of the Wear-Ever line in Canada. These aluminum cooking utensils were introduced here at the beginning of the century. Their popularity grew so rapidly that, by 1912, a new factory was needed to supply the demand. This was built in Toronto. It was the first plant in Canada to make aluminum articles—and this was only a dozen years after the first Canadian smelter had started making aluminum ingots at Shawinigan Falls.

Today Alcan has twelve plants, all of them engaged in the aluminum industry, while more than 1000 independent companies across Canada shape the metal into all sorts of useful forms—from kettles to freight cars.

P.M. Service

YOUR CAR'S BEST FRIEND

The one, sure way to avoid expensive repair bills is to detect and correct "little" troubles before they have a chance to develop into big ones. That's the money-saving, worry-saving idea behind the "Preventive Maintenance" service your Ford-Monarch Dealer and your Mercury-Lincoln-Meteor Dealer offers you. P.M. Service means more than chassis lubrication and an oil-change . . . it means that every vital part of your car is checked and double-checked by your dealer's expert servicemen, using factory-approved equipment, factory-approved methods and Genuine Ford Parts.

P.S.—IMPORTANT! . . . If you haven't yet had your car or truck winterproofed, see your Ford of Canada dealer for Complete 5-Way Winterizing Service! Drive in today . . . then drive with confidence and comfort all winter long!
