

Big Development Possible In Nova Scotia Game Preserves

HALIFAX (CP)—United States natural game preserves that have developed badly.

There are 50,000,000 Americans within a few hours flying time of this province and hundreds of thousands of them would jump at the chance to come here if game were plentiful," he said in an interview.

Mr. Eaton stopped here briefly enroute to his home in Cleveland from his 3,000-acre deep

Pair Starving. Break Window

MONTREAL (CP) — Two 19-year-old youths from the Maritimes Tuesday told Judge Raymond Roche that they smashed the window of a downtown Montreal restaurant with the aim of going to jail "because we had no other place to go."

Richard Brackett of Herring Cove, N.S., and Hector Macdonald, who gave his address as Cape Breton Island, only, were charged with attempted burglary.

They said they came to Montreal to look for work, but were

unsuccessful. "We had to do something. We didn't want to starve."

John Kugan, owner of the restaurant, said he caught up with the two youths several blocks from his establishment after the window was smashed Oct. 13 and held them until police arrived.

Judge Roche postponed sentence until Friday, saying he wanted to discuss the case with Salvation Army rehabilitation officials.

TIMELY NOTES ON FUR TOPICS

In preparing this column we take various fur magazines and fashion papers that carry fur news. In one of these we saw the following:

Baltimore, Md. — "Telephoning Santa Claus scored a terrific success at the Hecht Company here. Youngsters would call, tell Santa what they wanted for Christmas, and hear a record of Santa's voice. Actual calls totalled over 2,000 and resulted in many customers coming in to shop and pick up surprise gifts promised by Santa over the phone."

costs have advanced, particularly on the food and labor front. Ranchers estimate that costs per pound are from \$15 to \$17.

INTUITION
Fromm Brothers are continuing their advertising of silver fox in Women's Wear Daily. In one of the latest issues is a half-page ad of a beautiful lady whose shoulders are adorned with a large silver fox cape. It is headed: "Call It Woman's Intuition," then in smaller type: "Nothing flatters like Fromm pedigreed bright - with - silver fox." It continues: "A woman knows she is beautiful with this soft splendor, this silvery radiance caressing her shoulders and lighting her fashions. World-renowned Fromm bright-with-silver fox, in dramatic new design concepts by Reynard, is stirring the fashion world to a new pitch of excitement. We invite you to see. Each garment is marked with the Fromm blue ribbon and pedigree medalion. The Federal Trade Commission in the U.S.A. is not to be trifled with. They follow advertising and keep a check on all dealers. Now they have accused Russeks Fifth Avenue, Inc., store, New York, of making fictitious pricing claims in its fur ads. According to the F. T. C. complaint, advertised "original retail" prices for furs were not bona fide.

F. T. C. alleged Russeks did not show when these prices were in effect and failed to keep proper records to substantiate their pricing claims. The concern is also charged with failure to reveal in advertising the names of fur-producing animals, the country of origin of imported furs, or when furs were artificially colored.
