Quebec Minister Speaks At Rotary

Th. Hon. Laurent Barre, Minister of Agriculture for the Province of Quebec, was the guest speaker at the weekly meeting of Rotary yesterday at the Charlottetown, when 30 guests augmented the usual attendance to 120.

Mr. Barre, who spoke in excellent English, expressed his pleasure and appreciation on being invited to speak before the club, in the presence of seven Ministers of Agriculture, and ten Deputy Ministers, representative of every province in Canada.

"I am aware that this special privilege is not for myself," said the Minister, "but rather a gesture of good will towards my fellow farmers in the Province of Quebec, whom I have the honour and pleasure to represent. We farmers, all over Canada, must do our best in many ways to retain a spirit of good will not only among ourselves, but with everybody. We are all one big family in our beloved Canada, and in the whole world movement we have a part to play, because when the world suffers, we in Canada also suffer."

"I do not care where or how we work or worship, we are all servants and brothers with the same end in view. Ministers and many must devote their talents and means to alleviate the suffering of people everywhere. 'I hope,' continued Mr. Barre, 'we may be said of Canada as we have just been singing, 'Where never is heard a discouraging word'."

Farming Tradition "It has been a joy for me to follow in the footsteps of my grandfather and father, as a farmer, to be one myself, and to have farming sons. I look forward to seeing my grandchildren follow this worthy calling, and to do the best they can for our beloved Canada."

"I have never been in the Maritimes and am afraid that I have only been able to see your best; certainly I have seen the best farms, met the best people and fairest ladies in Nova Scotia and P.E. Island, and I congratulate you on the splendid environment of the Province."

Mr. R.C. Parent, chairman of the meeting, who had spoken words of welcome in both English and French in introducing the Hon. Mr. Barre, asked several other visitors to speak briefly.

Dr. Taggart, Federal Deputy Minister of Agriculture, Ottawa, expressed his pleasure at being present to share in the fraternal spirit which prevailed. Mr. J.R. Bell, Deputy Minister from Maritime, remarked on the definite link that tied the Maritimes with western Canada through the influx of eastern farmers who settled in the west. "Canada has many angles and problems," said Mr. Bell, "and we are all in them together."

Hon. C.C. Baker, P.E.I. Minister of Agriculture, thanked the Rotary Club on behalf of the agricultural presenters. "We are fortunate," said Mr. Baker, "in having representatives from every province here and especially so in having Dr. Taggart, whom we trust will have a favorite spot in his heart for our province."

Visit Here Of Famed Photographer

The internationally famous photographer, Yousof Karsh and Madam Karsh, are guests at the Charlottetown Hotel, having arrived yesterday afternoon. Mr. Karsh, who brought portraiture to a high state of perfection through the avoidance of the commonplace, has had the distinction of being called upon to take pictures of the members of the Royal Family in England, and the rulers of European countries.

It is reported that Mr. Karsh was privileged to make the photographs of His Holiness the Pope in Vatican City which was used officially throughout the holy year. Previous to taking the picture, he witnessed the most beautiful and impressive service of Canonizing, which he watched His Holiness preside throughout the ceremony when he conducted High Mass. From this experience he was able to decide how best to treat with the picture in mind.

Mr. Karsh is doing a series of 10 Canadian cities for MacLean's, having for his objective the characteristic and outstanding features of the people as read in their surroundings, and shown in photography. "I have already seen," said Mr. Karsh, "the influence of the farm and country atmosphere on your city, and although I am at the moment particularly interested in the city, it is obvious that my work will carry me to all parts of the Province, but always avoiding the obvious."
