From Stage Coach Driver To Jet Pilot

SANDIEGO, Calif. (AP)—A 91-year-old pilot, who once drove horse-drawn stage coaches in Kansas, flew a jet airplane here Sunday at speeds up to 500 miles an hour.

James (Dad) Montez of Los Angeles, licensed pilot, recalled that one of the coaches he drove out of Dodge City when he was 20 would do well to go 500 miles in 10 days.

The nonagenarian aviator, who got his pilot's licence at 65 while operating a Santa Monica, Calif., airport, flew about 100 miles in the jet as part of a program observing the 50th anniversary of powered flight.

Bullet-Riddled Body At Barrie, Ont., Identified

TORONTO, (CP)—The bullet-riddled body of a man found on a lonely Barrie side road last Friday was identified Saturday night as that of Fred Cameron, 60, of Toronto.

C. W. LeBlanc, a fellow employee with Cameron in Toronto, made the identification. He said later he feared the shooting was a "gang job" and that the gang would get him as well.

Police discounted LeBlanc's statement.

"We've got a body and we've got it identified," one officer said. "But that's all we've got. There's no pattern to the killing at all. Cameron's body was found Friday propped against a fence near Barrie, about 50 miles north of here. He had been shot three times in the body and twice in the head.

Cameron, an employee of a Toronto financial house (Wood Gundy and Co.), was a professional soccer player in Scotland before coming to Canada some years ago.

Quebec City Has Snow Storm

QUEBEC, (CP)—A blustering, wind-driven snow storm today gave Quebec City its first real taste of winter.

Starting before dawn, wet snow fell heavily for several hours. By mid-afternoon, when the storm passed, at least two inches of snow had fallen on city streets, where it quickly melted into slush, and on roof-tops, where it lay like a blanket over the city.

The storm halted navigation on the St. Lawrence River, where the Department of Transport estimated gusts ranged to 45 miles an hour.

Five Soldiers Killed In Army Truck Accident

PLESSISVILLE, Que. (CP)—A Canadian Army panel truck smashed into a tree Saturday near Plessisville, snuffing out the lives of five men.

There were no witnesses to the crash, believed caused by a blow-out in a front-wheel tire. A passing motorist found the truck and the youths, all dead, on route No. 5 between Laurierville and this town, 45 miles southwest of Quebec.

Killed were two brothers, Leo and Paul Lavioie, and Laurent Daudelin, all of Plessisville; Ronald Comtois of Laurierville; and Andre Langlois of Notre Dame du Rosaire in Montmagy County.

They were all members of the Plessisville unit of the Regiment de la Chaudiere, an Army reserve outfit. Their ages were not immediately available.

An inquest, scheduled to be held Saturday, was postponed until today or Tuesday by district coroner Dr. Raymond Charon.

The youths had gone to Laurierville some 15 miles south of here to pick up some personal effects belonging to Comtois, a new recruit. The accident happened on their way back.

Coming Events

- *Masquerade Dance, Iona Hall, Wednesday, November 4th. Prizes.
- *Hot chicken dinner, bazaar, games and refreshments, South Rustico Hall, Tuesday, Nov. 3.
- *Hot Chicken Supper, Games, etc., Tracadie Hall, Wednesday, November 4th. Dance after.
- *Regular Dance, Bonshaw Inn, Tuesday night. Charlottetownians Orchestra.
- *Annual meeting Dundas Cemetery (Acorn) Tuesday, Nov. 3. Robert Acorn, 8 o'clock.
- *Dance, River View school Tuesday Nov. 3rd. Turner's Orchestra.
- *Hammer Mill Operating Mondays, also 2nd, 5th, 10 and 12 ft lengths for sale. Carragher's Mill, Lot 65.
- *Mt. Stewart Branch Canadian Legion will hold monthly meeting, November 2nd, at 8.30. Guest speakers.
- *Reserve Nov. 4, Marie United Church, hot chicken supper, Morell Hall.
- *Vernon Legion Annual Meeting, Mt. Albion Legion Hall, November 2nd. All members are requested to attend.
- *Masquerade dance at Fenner's Barn, Brackley Beach Tuesday night. Prizes for best and funniest costumes. Bus leaves I.M.T. 9:30.
- *Kinkora Hall, fiddling, step dancing and singing contest, November 9th. Good cash prizes. Send entries to Mrs. Sabinus Johnston or phone 900L.

Pay Boost Likely To Bring Higher Milk Prices

NEW YORK, (AP)—Milk began flowing again to 12,000,000 New York-New Jersey metropolitan area residents Sunday with settlement of a six-day strike.

Home deliveries were being restored gradually.

A milk price boost was predicted to help cover costs of an \$8.50-a-week package pay increase won by 13,000 milk truck drivers and plant workers of the AFL Teamsters Union under their new two-year contract.

Up To \$115 A Week

Irving R. Wisch, chairman of the industry negotiating committee, said he "would guess offhand, without studying it, the price increase will be 1/2 cent per quart wholesale and retail."

The present price for home-delivered milk averages about 27 cents a quart.

Samuel J. Cohen, union counsel, said the milk workers would get a 57 weekly pay increase and other benefits. Inside plant workers have been getting \$82 a week and outside workers up to \$115, including commissions.

Each worker now will get \$5,000 of group insurance, against \$2,500 previously. Another clause provides for three-week vacations after five years to supplement the previous provision of two weeks after one year.

The agreement was reached early Saturday in city hall after an all-night negotiating session called by Mayor Vincent R. Impellitteri.

Marie Dionne Enters Convent

NORTH BAY, Ont. (CP)—Marie Dionne, one of the 19-year-old quintuplets, left Friday night for Quebec where she will enter a convent.

Marie, the smallest of the quintuplets at birth, was accompanied on the trip from her home at nearby Corbell by her mother and an elder sister, Pauline. She will enter the Order of the Servants of the Holy Sacrament, a cloistered order.

Olivia Dionne, the girls' father, said Marie "felt very happy" about the trip.

The other quintuplets have been away since early September. Annette, Cecile and Emilie resume their studies at the Institut Familial in Nicolet, Que., while Yvonne enrolled in an art course at the Notre Dame Congregation in Montreal.

Rains Ease Drought Over Much Of The United States

CHICAGO, (AP)—Rains have eased the drought in much of the United States.

A blanket of rain spread across the country during the last two weeks. But it was an uneven blanket.

There were downpours in some regions, showers or mere drizzles in others, and nothing at all in scattered sections.

A survey by The Associated Press shows that the drought, the worst in history in some places, has been relieved in many areas. Winter wheat has benefited. But rains were too brief or too light to end water shortages or replenish soil moisture in many farm belts. Feeding cattle on scoured range lands still is a problem.

Here are reports from some states on their current condition and outlook:

Some parts of Iowa had up to an inch of rain in the last half of October, but the weather bureau report it was "not enough to change soil conditions appreciably."

The corn harvest there is being completed at the earliest date on record. But Howard Hill, president of the Iowa farm bureau, said: "Millions of acres that should be plowed this fall aren't going to be plowed if rains before it freezes."

Recent rains in Texas benefitted the subsoil moisture supply and wheat land but did some damage to open cotton.

Kansas had one to three inches of rain. Wheat prospects here have been termed "considerably better" than a year ago. Six days of rain broke the drought over much of Oklahoma. Heavy rains splashed down on the western half of North Dakota. But eastern North Dakota remained dry and neighboring South Dakota has had only scattered showers in the last two weeks.

Eisenhower Commission Favors Lower Tariffs

By CHARLES F. BARRETT

WASHINGTON, (AP)—President Eisenhower's special commission on foreign economic policy is expected generally to take the lower-tariff side in a continuing battle over U. S. trade policy.

This conclusion was voiced Sunday by advocates on both sides of the issue. The commission concluded its first set of public hearings last week.

Supporters of higher tariffs or other trade restrictions added, however, that they will carry the battle to Congress. They predicted they will be stronger there than any time in recent years.

Chairman Daniel A. Reed (Rep.-N.Y.) and Representative Richard M. Simpson (Rep.-Pa.) of the tariff-handling House of Representatives ways and means committee will lead the fight in Congress to curb imports which they contend are hurting American business.

They will seek to override the expected recommendations from the commission and the Eisenhower administration calling for a lowering of import-export trade restrictions.

Privately, they have all but given up hope of getting the commission of the administration to go along with their high-tariff views.

Simpson bill aimed at curbing imports was defeated in the House this year 242 to 161. Simpson said this was "just a skirmish" and the real battle will be fought out next year.

Winter Feeding

Governor Dan Thornton of Colorado said the most critical problem now is carrying cattle through the winter in areas where the grass growing season has ended. Colorado has had snow in the mountains and some rain in the eastern section.

Storms have brought moisture to parts of Wyoming. It won't grow grass, however, because the grass already has matured. Stockmen in the arid areas face having to put livestock on concentrates and hay for the winter, and this will be costly.

Rain covered much of the east last week. It was heavy in New York and New Jersey and a few other areas.

Margate Girl Crowned Fair Queen At Amherst

AMHERST, N. S., Nov. 1—(Special)—An attractive golden blonde daughter of Prince Edward Island is the Queen of the Maritime Winter Fair. Miss Barbara Woodside of Margate, a home economics student at Prince of Wales College, was crowned by Mayor Wightman of Amherst at the close of the competition in the Bailey Arena on Saturday night.

Another Island girl, Ruth Boswell of Victoria, was chosen as one of the Princesses. Miss Boswell is a graduate of the Conservatory of Music at Mount Allison University and is presently teaching music in Parrsboro, N. S., and taking special classes in piano and pipe organ on week-ends.

The other princess chosen was still another blonde, Janet Conrad. She is a student at Dalhousie University but comes from the Dominican Republic and speaks Spanish fluently.

Miss Woodside was formerly chosen as Queen of the Summerside High School. Saturday night she received \$100 in cash, a beautiful silver fox cape and a bouquet of flowers among other things.

The cape was presented by George A. Callbeck of Summerside on behalf of the Canadian National Silver Fox Breeders' Association. She is a daughter of Mr. and Mrs. Harold Woodside and was sponsored, she said, by the Prince Edward Island Women's Institute. Miss Boswell is a daughter of Mr. and Mrs. Keith Boswell, Victoria. Eight young ladies competed for the honors on Saturday night.

Last week Miss Woodside was awarded and presented with the Jubilee Endowment Scholarship of \$100, awarded annually by the P. E. I. Women's Institute to any rural student advancing towards a degree in Home Economics. She is a student at Prince of Wales College.

Newsman Have Soured On 8th Army Censorship

SEOUL, (AP)—Relations between correspondents and Eighth Army headquarters in Korea have progressively soured since the army's censorship, newspaper, magazine, radio and television networks—boycotted the arrival of Gen. Matthew B. Ridgway, U. S. chief of staff, because of restrictions placed on news coverage at the airfield. A handful of Korean newspaper men and Stars and Stripes (army newspaper) correspondents, who did attend the arrival, were confined to a truck near the landing ramp.

First word of the restrictions came from the Fifth Air Force, but Col. George W. White, Eighth Army press information officer, said the order came from Gen. Maxwell D. Taylor, Eighth Army commander. The resulting flare-up climaxed a series of incidents, some serious, many petty but extremely annoying to reporters. These incidents have taken many forms:

1. A growing tendency toward

Arrested For Keeping Wives Locked Up

MEXICO CITY, (AP)—Police announced Saturday the arrest of a 42-year-old Mexican textile worker accused of keeping at least three wives under lock and key for years.

The man, Manuel Villaseñor, was picked up Friday when a search for a woman who disappeared 16 years ago led to the discovery of the first of his three spouses. The two other were found later. Police said the three had borne Villaseñor 15 children in captivity. They said they believe the textile worker may have even more mates, not yet discovered.

Malik Rejects Atrocities Charge

By Francis W. Carpenter

UNITED NATIONS, N. Y., (AP)—Soviet delegate Jacob Malik said Saturday the new American atrocity charges against the Reds are part of a U. S. campaign to warm up the cold war and arouse sentiment for increased arms expenditures.

Malik reacted angrily to the U. S. atrocity charges shortly before the UN political committee voted 47 to 0, with 13 abstentions, to send to the disarmament commission for its information the record of the committee's debate on charges that the Americans carried on germ warfare in Korea and China. The Soviet bloc abstained. Canada was one of the sponsors of the resolutions.

Island Exhibitors Make Outstanding Showing At The Amherst Winter Fair

AMHERST, Nov. 1—(Special)—Prince Edward Island horses placed one-two-three in the class for mature Standard Bred Mares contested in the Bailey Arena at the Amherst Winter Fair on Saturday night. Pixies Girl, owned by R. S. Humphrey, Kensington, was first, Lorraine Abbe, owned by James E. MacNeill, Spring Valley was second and Ann Clegg owned by George A. Callbeck, Summerside was third.

Rural Youth Competitions:

Sterling MacRae of Brookfield, P. E. I. was one of the four top individual performers in the livestock judging competition for rural youth at the Maritime Winter Fair. The other three were from Nova Scotia. The winners of the Maritime Winter Fair, shielded by James E. MacNeill, Spring Valley was second and Ann Clegg owned by George A. Callbeck, Summerside was third.

In the individual sections of the competition Lorne Ramsay, Hamilton, P.E.I. was first in sheep judging. Sterling MacRae was one of the five tied for second place. Ramsay was second in judging. This was won by Weldon Travers of Amherst, who got the prize of a pure bred gilt.

In judging live and dressed poultry the Baldwin's Road team of Emmet MacKenna and Merlin Gormely was first. George MacDonald of St. Georges tied for third in judging oats and barley.

Miss Anna Evans of St. Georges, P. E. I. was second in the public speaking competition which drew seven entries and produced such close competition that only seven points separated the first and the last. It was won by Dianna DeLong of Lunenburg County, N. S.

Tablestock Potatoes:

R. L. Burge of Five Houses, P. E. I., topped the class for early or intermediate varieties in the first tablestock potato competition ever staged here at the Maritime Winter Fair. His entry of Keswick scored a total of 33 points to win the class. But they fell short on the grand championship for tablestock spuds when a lone entry of Katahdins won the class for late varieties on the grand ribbon for Gordon Christensen of Salmonhurst, New Brunswick. The people who talk about eating quality in potatoes are talking mostly of starch content. The Katahdins scored 22.5 out of a possible 25.

Mr. Burge's scored twenty points. The other scoring for Mr. Christensen was as follows: Trueness of type, 18 out of 20; uniformity and attractiveness of appearance, 19 out of 20; freedom from disease and blemish externally, ten out of ten; and for freedom from the same faults internally, ten out of ten. They scored 14 out of a possible 15 for economy of peeling.

Mr. Burge's Keswick scored nine out of ten for trueness of type; 20 out of 20 for uniformity and attractiveness of appearance; ten out of ten for freedom from disease and blemish externally;

St. John's Mayor Gets Acclamation

ST. JOHN'S, Nfld. (CP)—Mayor H. G. R. Meews was acclaimed by acclamation as the city's chief magistrate for another four-year term Saturday.

At the close of nomination day, only he had applied for the job.

New Clue Uncovered In Montreal Torso Killing

MONTREAL, (CP)—A second foot belonging to an unidentified man whose mutilated body was discovered Wednesday in an east-end lane was found during the week-end by a farmer near a Laurier mountain highway.

Police said the farmer, whose name was not disclosed, found the right foot of the victim Saturday while walking along Highway 43 near St. Gerard de Magella, Que., 40 miles north of Montreal.

Discovery of the second member, they said was made only a mile from where the man's left foot was found Friday by another farmer.

Police had scoured ditches on both sides of the highway Friday and Saturday without luck. But detective-captain Henry Bond, head of the homicide squad, said he now plans to send searchers back to the region Monday.

The body was found Wednesday in a lane behind Bourbonniere street, wrapped in an old blanket. Feet, hands and head were hacked off after the man had been shot dead.

Remains Scattered

Police said they are working on the theory that the killers dumped other missing parts of the body in the sparsely-populated Laurentian region to prevent identification.

So far they have only been able to say the victim is between 25 and 40, of heavy build and possibly the victim of a gangland slaying.

"Finding the two feet in itself isn't much help" a police officer said today. "But if they enable us to find either the head or the hands, we will be a lot closer to identifying the victim."

Angry Chinese Prisoners Riot

PANMUNJOM, (CP)—More than 500 angry anti-Communist Chinese prisoners rioted Sunday in "Expansions Village" in defiance of Indian soldiers searching for alleged murderers.

The Indian custodian troops arranged an identification parade after two Chinese prisoners who decided to go home claimed they could point out "murderers" among the 500 Chinese in one compound.

Indian soldiers later dug a four-foot hole in one tent in search of a "body", but found only a maze of roots. The two Communist Chinese had charged that the pro-Nationalists had tortured and murdered three men in the compound.

On Saturday 21 of 459 North Korean captives chose repatriation during a 12-hour session that brought repeated demonstrations of unwillingness—kicks, curses, screams, spitting and other minor violence from the prisoners.

More interviews were scheduled to begin at 8 a.m. (6 p.m. EST Sunday) but there was some question whether these would be held.

Quebec Man Loses Life In Fire

MONTREAL, (CP)—Carl Bockus, 33, was asphyxiated Saturday in a fire that destroyed his house, shed, barn and two trucks at 825, Clohilde de Napierville, about 25 miles south of Montreal.

Provincial police said Bockus started a fire in a kitchen wood stove and then retired to an upper storey bedroom. He was trapped in the house.

Hope For Early Decision On C.P.A. Request

OTTAWA, (CP)—The cabinet Saturday concluded hearings on an application by Canadian Pacific Airlines for a trans-continental freight-flying licence and Prime Minister St. Laurent said he hopes for an early decision.

The CPA application calls for a reversal of government air policy, which up to now has reserved main-line operations between East and West for the publicly-owned Trans-Canada Air Lines. TCA opposed granting the Canadian Pacific franchise.

At the close of two-day cabinet hearings Mr. St. Laurent said he looks for an early decision because the issue has been hanging fire for a long time. The CPA application was made originally to the Air Transport Board last February.
