

Local and Other Items.

A. O. H.—Meeting this evening. THE RIFLE.—The fourth of the series of League matches will be held to-morrow. DAY GOODS CLERKS.—The afternoon boat to the Baptist picnic at Red Point leaves at 2.30. THE BIG FIRE.—Both the Harper's Weekly and Frank Leslie's Newspaper illustrate the great conflagration at St. John's, Nfld., in their last issue. ST. PAUL'S.—The services at St. Paul's Church on Sunday next will be conducted by the Rev. William Mitchell, of Trinity Mission, Kendallville, Ind. TARGET PRACTICE.—The Charlottetown Engineer Company's target practice (in uniform) will be held on Monday afternoon, beginning at 4 o'clock. THE MISCOUCHE TEA.—The tea party in aid of the new church at Misouchoche was a very successful and pleasant affair. Between three and four thousand persons were present, and the net amount realized was about \$1150.

TO-NIGHT.—Prof. Dean's presentation party advertise a grand opening entertainment for this evening. Besides a long, varied and refined programme they will give away 100 valuable presents. Admission, 10 cents, one envelope; reserved, 20 cents, two envelopes.

THE BAND SECURED.—Councillor Reer passed around the hat at the Public Gardens last evening and succeeded in obtaining abt thirty dollars to assist the Citizens Band in procuring music. The members of the band will now perform on the Square weekly.

BEAUTIFUL.—The large window at the rear of Messrs W. A. Weeks & Co's store has been handsomely fitted with crystallographs, which gives it a brilliant appearance. Mr. Theo. L. Chappelle is the agent in this city for the crystallographs, a full supply of which may be seen at the Diamond Bookstore.

SKODA'S OINTMENT, the Great German Skin Cure, and finest Cosmetic made. Removes Blackheads, Pimples, etc., etc. It is by magic, 50 cts. tubes in elegant cartons 50 cts.

HOW TO SELECT GOOD BEEF.—Press the meat gently with your fingers, and if the dent rises quickly you may feel pretty sure the meat will be tender and juicy. The flavor will depend somewhat upon the quantity and quality of the fat. There should be plenty of this nutritious and useful article, and it should be a rich cream white and not "skinny."

CONFIRMED.—The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers the California Fig Syrup Company.

FOR BOSTON.—The steamer Carroll sailed for Boston last evening at six o'clock with a full cargo and the following passengers: Frank Young, A. Thistle, J. J. McCormack, J. Coffin, W. Collins, P. DeLozier, M. Jewell, Miss Cameron, Mrs. Purcell, Jas. Campbell, Kate Campbell, Mrs. Harkee, J. S. Crony, W. Mc Donald, Mrs. Cardiff, J. McNeill, C. Tidmarsh, J. A. McDougall, H. H. Waddington, B. W. Shepard, Mrs. McEschorn, A. McEschorn, D. McRae, P. Cairns.

SKODA'S DISCOVERY, the Great German-American Remedy for Heart, Nerves, Liver, Kidneys, Blood. Guarantees cures with every bottle. Pay only for the good you receive. At all Druggists, \$1.00 per bottle, six bottles \$5.00. If you want to know about SKODA'S REMEDIES, send postal for "Morning Light."

THE SPRINGHILL FUND.—A Halifax despatch reports that ex-Mayor Mackintosh, ex-Ald. Sweet and J. Burgoyne went to Springhill to endeavor to settle the difficulty in connection with the Springhill relief fund. A meeting of the Springhill sufferers had been called. After a thorough examination into the matter, which occupied over two hours and during which several plans of action were discussed, a resolution was unanimously passed that the Halifax fund should be handed over to the existing trustees at Springhill, on the condition that one dollar per month for each widow and fifty cents for each child should be added to the present allowance, and that some special cases heretofore receiving nothing from the fund should participate in the relief.

BAND CONCERT.—About three thousand persons assembled in the Gardens last evening to hear the concert to be given by the Citizens Band. The first selection played was a waltz, "Forest Park," by Thomas. This was rendered in good style. Then followed a march and another waltz. Next came the overture, "From Dawn to Twilight." This selection was very beautiful, the harmony in places being extremely rich, the clarinet and piccolo adding considerably to the total ensemble. The "Four Little Canary Headed Coons" and "The Coons Picnic" were very amusing and drew forth the laughter of all. During the progress of the concert Councillor Beer went among the large audience, to discover their opinion on the matter of the band playing on the Square. They were unanimous that the performance should be continued at least once every week, and further showed their appreciation by subscribing about \$30 on the spot, thus enabling the band to rep-at these concerts, independent of the Council, once a week. The thanks of the citizens in general are due Councillor Beer for the energetic manner in which he has brought this subject to a successful head, and to the Citizens Band for their kindness in giving their services to the citizens. We agree with Professor Earle that a tangible expression of appreciation for Mr. Gaibraith's long, free and very efficient services as leader of the citizens' band might well be given.

TO GAIN the public confidence is essential to business success, and it can only be gained by a steady course of faithful dealing with them. It is by this course that Messrs. Tuckett & Son have secured the great success of their "Myrtle Navy" tobacco. This confidence is not only a source of business to the firm, but also a source of economy which the consumers get the benefit of. The merchant never loses a moment of time in examining the quality of the tobacco. The name fixes the quality as absolutely as the mint stamp fixes the value of the guinea. It is not even necessary for the commercial traveller's trunk to be burdened with a sample of "Myrtle Navy." All his customers know what it is, and know in an instant when it has been supplied. There is no room for any dispute about it. No waste of time or postage in writing complaints about it. These may look like trifles to the uninitiated, but they save money, and enable merchants to perform the work of distribution at the smallest possible cost. They are part of the reasons why the finest quality of tobacco grown can be sold at so cheap a price.

TELEGRAPHIC NEWS.

SPECIAL DESPATCHES TO THE EXAMINER. News From Ottawa. OTTAWA, July 22. It is understood that the Minister of Marine will return to Canada within the next week or two, and leave for the Maritime Provinces on the next Tuesday. In answer to an inquiry, the Washington Government has been informed that reciprocal tonnage and salvage will be extended to canals as well as to the inland lakes.

Educational. St. John's, July 22. The Senate of the University of New Brunswick met yesterday and discussed the probable departure of Professor Murray to take a chair in the Dalhousie College. The Senate would like to keep Professor Murray, but the opinion is that they cannot afford to pay the same salary offered elsewhere.

General Telegraphic News. WASHINGTON, July 20.—The house has concurred in the senate's bill closing the World's Fair on Sunday, but rejects the \$5,000,000 grant.

MONTREAL, July 20.—The receiver of taxes to-day took in over \$10,000 in city taxes, this being the last day the five per cent. discount is allowed. The total amount paid in under the discount was over \$26,000, which is about \$4,000 larger than was paid in last year under the five per cent. discount. The fact that the amount of taxes paid in this year largely exceeds any previous year is evidence that there is still some money in the country.

SYDNEY, N. S. W., July 18.—The captain of the steamer Catterthun reports that on June 29 he called at Timor and found there a Dutch steamer that had left Great Sagir Island on June 17. A few hours after her departure the sound of a terrible explosion was heard in the direction of the Sagir group, and this was followed shortly afterwards by showers of ashes which covered the deck of the steamer and darkened the atmosphere. When the clouds had cleared away nothing was visible on the horizon but masses of vapor that extended for many miles. Great Sagir, which prior to the explosion was in full sight, could not be seen. Six sailing vessels were anchored off the island, and it is thought they must have been destroyed. The captain of the Catterthun also stated that the island of Luzon, the largest of the Philippine group, has recently suffered severely from eruptions, the fire from which caused widespread devastation.

LONDON, July 20.—At the Liberal headquarters here some credit is placed in the report that the Conservatives rely upon certain Parnellites whom they assisted with money in the elections to move an amendment counter to Gladstone's no confidence motion. The Parnellites indignantly repudiate the report and point to the recent declaration of John Redmond to the effect that the first duty of all Home Rulers is to combine to oust Lord Salisbury. The Irish members generally disapprove of the new Liberal programme of giving the "one man one vote" bill equal standing with Home Rule. If the Liberals also propose in introducing the new measure the Irish members will not oppose it; but they will refrain from supporting it, so that Mr. Gladstone will find it impossible to carry the bill. The Liberals will get the Irish vote for the new franchise bill only by bargaining such Home Rule as will satisfy the Irish. The last of the election districts, with the exception of Ockney Islands (where polling does not take place until next week) has been heard from. This district is the south division of Tipperary, which has given a majority of 1,738 to F. Mandeville, anti-Parnellite candidate, who was opposed by J. O'Connor, Parnellite. In 1886 the national candidate was returned without opposition. The Exchange Telegraph company says Andrew Carnegie contributed \$5,000 toward the election expenses of Mr. Hardie, who was elected on the labor ticket in South Westham.

DUBLIN, July 20.—Justin McCarthy will be re-nominated chairman of the anti-Parnellites. July 20.—Homestead is filled with detectives in the employ of the Carnegie Company. Their mission seems to be to watch the movements of the leaders and to bring an influence to bear on the men composing the rank and file of the locked-out laborers and mechanics. As to the latter object of their visit to this place it can be safely said they are not succeeding to any noticeable degree. The town is also filling up with non-union workmen. Every train brings unprincipled fellows into the place. The majority come for no other purpose than to "work" the strikers for a \$5 or \$10 bill and free tickets to eastern cities. Homestead is certainly becoming the Mecca for tramps.

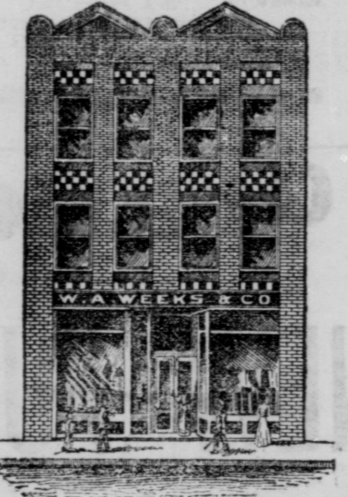

Smallpox in Victoria. The Department of Agriculture at Ottawa has received a telegram from Victoria, B. C., stating that there are fifty-six cases of smallpox now in Victoria, that city being quarantined by the mainland. It is also reported that some cases of smallpox have appeared at Calgary, Alberta, and have been brought from Victoria. Active measures are taken at both places to secure isolation, and there is no reason to believe that the disease is not well in hand. It is not pretended that this disease was brought by the Chinese on the Empress of Japan a short time ago. The disease was known to have existed in Victoria previously, and as early as the end of May. The Minister of Agriculture was first applied to allow the hospital at the Albert head quarantine station to be used for the isolation by the city of a case of smallpox, which, subject to the approval of quarantine officers, was granted. Since the amendment of the law in 1872, public health has been relegated to the several provinces to deal with. It is, therefore, for the local government to deal with all questions of outbreaks of disease in the several provinces, and for the most part the provinces have now well-organized boards of public health. There is no truth whatever in the report of an outbreak of smallpox amongst the Indians in the neighborhood of Calgary. One case of smallpox was reported some time ago from that section, but it was a Chinaman and he was promptly isolated. The Indians throughout the Territories are reported in excellent health and are happy and contented.
