There is no "overnight cure" for irregularity
But there is a simple, natural answer to the common problem of irregularity due to lack of bulk

There are men and women (perhaps you're one of them) who won't let "nature take its course". THEY TRY TO SUBSTITUTE UNNATURAL "FORCING ACTION" FOR THE NATURAL REGULARITY WHICH SENSIBLE DAILY HABITS AND SUFFICIENT BULK IN THE DIET COULD PROBABLY MAINTAIN. Many fall into the habit of using laxatives in a way laxative makers never intended. They take "big doses" willy-nilly without even reading the directions on the label. Naturally, such overdoing—with products intended only for overnight relief of a temporary stoppage—exerts upon the delicate digestive system an unnatural strain. There's nothing wrong, of course, with taking laxatives occasionally. If you feel you have to take a laxative, just be sure you take it wisely—in an accurate, recommended dose. BUT THERE IS A WAY TO AVOID TAKING DRUG-TYPE LAXATIVES AND TO PLACE YOUR DEPENDENCE ON NATURE, IF LACK OF BULK IN THE DIET IS YOUR TROUBLE. In many natural foods—such as certain vegetables, fruits, and grains—nature grows abundant natural bulk which normally and naturally aids the rhythmic process of elimination. In no other natural food is natural bulk so ideally found as in the outer layers of the whole wheat kernel, known generally as bran. Bran is nature's "laxative food instead of a medicine". When properly processed and shredded, whole wheat bran yields smooth natural bulk that the digestive system can handle in a natural way. The Kellogg Company has made whole wheat bran into a delicious breakfast cereal—Kellogg's All-Bran. KELLOGG'S ALL-BRAN PERFORMS NATURALLY WHAT DRUG-TYPE LAXATIVES DO CHEMICALLY. IT HELPS CLEAR THE INTESTINES OF WASTE IN A NATURAL WAY. IT PROVIDES SOFT NATURAL BULK FOR EASY NATURAL ACTION. There is no stomach upset, no churning, no after-effect except the feeling of satisfaction and fulfillment that comes with natural, normal elimination. To obtain lasting relief, of course, Kellogg's All-Bran must be eaten regularly. You can have it for breakfast every morning, secure in the knowledge that it isn't habit-forming. More than one million servings of Kellogg's All-Bran are consumed each day. This popularity of itself is proof that this natural laxative cereal lives up to what we say about it. But even better proof comes from thousands of satisfied All-Bran users. They write of their own free will to tell us what natural relief they receive from eating Kellogg's All-Bran daily and drinking plenty of water. EAT KELLOGG'S ALL-BRAN EVERY MORNING FOR BREAKFAST FOR 10 DAYS. THEN, IF YOU'RE NOT COMPLETELY SATISFIED, SEND THE EMPTY CARTON TO THE KELLOGG COMPANY, LONDON, ONTARIO—AND GET DOUBLE YOUR MONEY BACK. Remember—Kellogg's All-Bran has helped millions. Why not you?
