Local and Other Items.

MAN is often deceived in the age of a woman by her gray hair. Ladies, you can appear young and prevent this grayness by using Hall's Hair Renewer.

A POINTER.—A scientist says that cutting off the lower eyelashes makes objects look three times as high as they are. Women with undersized husbands will find this a great relief.

"THE DOMINION ILLUSTRATED."—The last issue of this popular periodical publishes "A Group of Ladies of the Reform Party of Ottawa." Among the number we notice Mrs. L. H. Davies, of this city—a very good likeness.

ROTTING IN THE GROUND.—A New Brunswick exchange says: The potatoes are rotting in the ground in many parts of Nova Scotia, owing to wet weather, and in some instances the farmers have ploughed them up and planted grain in their place.

UNTIL the blood is cleansed of impurities, it is useless to attempt the cure of any disease. Rheumatism, which is traceable to an acid in the blood, has been cured, in numerous cases, by the use of Ayer's Sarsaparilla, external treatment being of no avail.

DIVINE SERVICE.—The Rev. J. G. Cameron of Souris, will hold service on Sunday, the 14th of July, in the Cardigan Church at 11 o'clock, and in the Dunas Church at 3 o'clock, instead of Rev. Jas. H. McLaren, as previously announced—T. C. James, Clerk.

THE EVENT OF THE SEASON.—The grandest and most attractive Tea Party ever held in this Province takes place at Easter, August 15th, 1889, in connection with the opening of the Rustico Trotting Park. People will have the enjoyment of the tea party with the advantage of seeing the best trotters P. E. Island can produce. Advertisement later on.

A VALUABLE PURCHASE.—The Moncton Times says:—Mr. Wm. McDougall, carpenter of this town, went to P. E. Island last week and purchased a fine All Right colt. The animal is a three-year-old, of a chestnut color, stands up in good shape, and is said to be quite a "mover." Mr. McDougall purchased the colt from Mr. James C. McKendrick, a wealthy farmer at Campbellton, Lot 4, a village near Alberton.

PROSPEROUS MANITOBA.—The Rev. W. W. Colpitts, writing at Carberry, Manitoba, says: "This country is still prosperous. A great many are coming into it now. We have had some very warm weather lately, and not much rain; some fine showers this morning were greatly appreciated. It is wonderful the improvements that are seen on every hand. The Methodist Conference has just closed in Winnipeg. Nearly two thousand additional members were reported."

HE TOOK PARIS GREEN.—A man named George Graub committed suicide at Jordan, Ont., a few days ago by taking paris green. Before death he remarked that had he known it was going to give him so much pain he would not have taken it, but he thought he would fall over just like a potato bug. About a year ago Graub endeavored to kill himself by getting on to the house top and rolling from the roof. The time he only succeeded in slightly hurting himself.

CLARKE BRADEN COMING.—Prof. Clarke Braden, formerly President of the Southern Illinois College, also of Abingdon College, author of the "Problem of Problems," "Ingersoll Unmasked," etc., will deliver a course of lectures on "Christianity vs. Infidelity," in the Y. M. C. A. Hall, Charlottetown, beginning at 8 o'clock, this (Wednesday) evening. Mr. Braden has written and lectured on these topics for more than thirty-five years, and has spent more than fifteen years exclusively in the work. The admission will be free.

HIS 105TH BIRTHDAY.—"Round yet, boys; round yet, life in de ole man yet," said old Tinsley the other day in Toronto as he walked down Yonge street taking his morning ramble. John Tinsley is a hearty, hale old man, and is 105 years old. He was born at Richmond, Va., July 4, 1784, and has been a resident of Toronto for over 40 years, and it is reported, has accumulated considerable property by hard work and strict economy.

POSTAL DEFALCATION.—The Halifax Mail says: William E. Hennessey, of the Post Office Inspector's department, has been missing from the city since last Tuesday. Since Mr. Hennessey's departure, certain discrepancies have been discovered in his accounts amounting to \$100. It is also said that he has taken \$250 of the private funds of Mr. Macdonald, the Post Office Inspector. Mr. Hennessey left the city the day before the irregularities in his accounts were discovered.

DEATH OF MRS. DRISCALL.—Death has visited us once more, and this time taken from our midst a lady much beloved by all who knew her. Mrs. Amelia Maud Driscall died at her residence on Pearl Street last Saturday noon, at 12.10. Mrs. Driscall was born in Prince Edward Island July 27th, 1858, making her age 30 years, 11 months and 2 days. In the year 1880 she came to Natick, and in the following year was united in marriage to George Almon Driscall, who survives her. On Friday, the 21st June, she gave birth to a child which died shortly after, and this was the immediate cause of her death. Hopes of her recovery were not abandoned till the last moment, but she was unable to rally. The funeral took place on Tuesday afternoon, Rev. W. H. Gould officiating. The floral tributes were very handsome. A large pillow from the Cutters' Union, a wreath from Myrtle Lodge, K. of P., and a number of bouquets and basket of flowers from friends and neighbors. Mrs. Driscall will be greatly missed by a large circle of friends.—Natick Citizen.

[The above lady was a daughter of Mrs. R. Galbraith, of this city, and grand daughter of the late A. H. Boswell, M. D.]

Addresses to Teachers.

PRESENTATION, A PURSE AND AN ADDRESS.

On severing his connection with Alberry School, Mr. Wallace McMillan was presented with a purse of money and an address. The Trustees and rate payers say: "We cannot allow you to depart from amongst us without expressing our high appreciation of the manner which you have presided over our school for the past two years. The kindness and courtesy with which you have ever treated your scholars, and their parents in the school room and society circles will not soon be forgotten by us."

ADDRESS FROM HIS PUPILS.
Mr. George F. Dewar, having resigned his trust as teacher of Cardigan School, was a few days ago, the recipient of an address and handsome present from his pupils. Mr. Dewar made a suitable acknowledgment.

A MARK OF ESTEEM.
Mr. J. P. Hood, having decided to retire from the profession of teacher, the trustees and people of Augustine Cove School District—in which he has been teaching—lately presented him with an address, expressive of their high appreciation of his successful efforts and as a mark of their esteem. Mr. Hood replied in fitting terms.

Where Have the Mackerel Gone?

A LETTER from John R. Conroy, of the schr. Nutwood, of Souris, states that they have cruised all over the fishing grounds from Cape Canso to Carlisle, Bay Chaleur, without having seen any schools of mackerel. Mackerel can be caught on jigs all over the route, but not in paying quantities. While up Bay Chaleur large quantities of horse mackerel and shad were seen, also several schools of herring. Could raise mackerel on jigs off Miseco Island and all along the coast of New Brunswick, from Miseco to Richibucto, also from Egmout Bay, P. E. I., to Cascopec. Boats in the vicinity of North Cape average 30 mackerel per day taken on jigs. The question is, where have the large body of mackerel gone that were seen off Canso from May 26th to June 1st. On the afternoon of May 31st I counted 67 schools of large mackerel from our masthead. From reliable resources we find that those same fish were seen in the vicinity of Cape St. Lawrence, C. B., on June 4th, by American trawlers, and on the 6th at Cheticamp. Those mackerel have not appeared at the surface since. The only school of any account seen lately was by the schr. Rattler on July 5th, 15 miles north-north-east from North Cape. At this date 15 sail of fishing schooners are here weather bound, and all empty.

Souris Notes.

Quite a number of the fishing fleet have been in Souris since Friday owing to north erywind. Mackerel are still reported scarce, only a few barrels having been taken yet. The cruiser Critic is also here.
A few mackerel were caught one day last week off Campbell's Cove. John K. Campbell caught one hundred with net and hook and line. Others caught a few, but no "schooling" has been seen along this part of the coast this season.
Our Souris volunteers came home on the noon train on Saturday, looking well and without a scar on any of them. They were met at the station by the band, who played "Marching Through Georgia" in spirited style as the train came to a stand. After being placed four deep, they proceeded to march through the principal streets of the village, with the band leading off and discoursing appropriate music on the way. Capt. Brennan, and Lieuts. Hughes and Leslie, as well as the rank and file, looked remarkably well on the march, and would, no doubt, give a good account of themselves if they should ever be called to do active service in defence of their country. Both bandsmen and volunteers deserve credit for the energetic way in which they are developing the musical and military spirit of the place.
A bell weighing about 600 lbs. has just been placed in the tower of the Presbyterian Church. On Sunday it was rung for the first time, and as its clear notes sounded upon the air the villagers listened with mingled feelings of pleasure and surprise. All felt kindly towards the newcomer. "Ring in the common love of good."

All Aboard for Sturgeon Tea.

The Sturgeon Tea promises to be the grandest affair of the season. Great and extensive preparations are being made. Any person wishing to enjoy a day's right jolly good fun will come to the front on the 11th inst. Here, there and everywhere, you will hear the favorite remark, "We have always had a gaytime at the Sturgeon Teas!" Notwithstanding that everybody and his wife are expected there, ample preparations are made to furnish an inexhaustible supply of eatables, drinkables, dancing booths, swings, quitoables, sack races, and whacks of violin, band and bagpipe music to accommodate the fantastic toables. All British and foreign subjects (aliens from the Land of Israel included) are therefore invited, requested, solicited, and entreated, to throw aside all other employment on Thursday morning, the 11th instant, and ejaculate with a stentorian voice and no uncertain sound—"Fore sheet! Fore tack! No line! Let go the painter! All on board for Sturgeon!"

Telegraphic Odds and Ends.

CHICAGO, July 6.—It is stated that between 20 and 30 members of Clan-na-Gael Camp No. 20 are members of the Chicago police force.

Harry Phillips, the well-known sporting man, lately under arrest in connection with a Toronto jewellery robbery, made \$2,000 on the Sullivan-Kilrain fight.

ROCHESTER, N. Y., July 6.—Prof. Swift this morning discovered a new comet moving in the constellation Pisces, west half a degree a day and south 10 minutes. It is just visible through a three-inch telescope.

DULUTH, Minn., July 8.—So far to-day the strikers have been quiet. Three hundred men were put to work at noon. More trouble may ensue. To date, two men are dead and two more will die. Thirty are wounded, ten seriously.

OSHAWA, Ont., July 8.—The harvest of 1889 has already commenced in East Whitby. The rye crop is a heavy one, the straw being 8 feet long. Farmers are having, and never in many years has the yield been so heavy, some meadows turning out three tons to the acre.

BOSTON, July 8.—Before the Interstate Commerce Committee, this afternoon, Jerome Jones, on behalf of Boston importers, and ex-Governor William Claiborn, representing Boston merchants, argued that Canadian roads should not be hampered, as they are responsible for the low rates to and from Boston, necessary for the success of Boston's commerce.

BERLIN, July 8.—The Emperor William's Norwegian trip nearly had a fatal termination. While the Emperor and party were viewing the Bura glacier, a great mass of ice became displaced, and a fragment struck the Emperor on the shoulder, dashing him violently to the ground. Full particulars of the accident were not received, though the Emperor's injuries were not at all serious.

EDGEMONT, Mass., July 8.—Mrs. R. W. Brown, wife of Capt. Brown of the steamer Haytian Republic, received a despatch today from her husband, announcing the arrival of the Haytian Republic at San Francisco. This clears up the story about a collision between the Haytian Republic and the steamer Victoria, as far as the former is concerned. Old salts here do not believe any collision occurred.

MONTREAL, July 8.—A private telegram has been received here stating that a large number of cattle have died on board the Carthaginian, which sailed last Tuesday. The steamer had on board 753 cattle and 853 sheep. It is expected that the number lost will reach 300, but it is not known to what shipments they belong. Before the ship reached Rivar du Loup 50 were dead, and reports from Father Point placed the deaths at over 100. The loss per head is about \$95.

Personal.

Mr. W. C. DesBrisay, of Summerside, is registered at the Hotel Davies.
Mr. L. E. Prowse and wife, Mr. G. Frank Beer and sister, and Mr. George Stanley left yesterday morning for a trip to London and Paris via New York. THE EXAMINER wishes them a pleasant journey and a safe return.

The New Glasgow Enterprise says: The services of the Rev. Mr. Frost, in the Episcopal Church, are most favorably commented on by all parties who heard them last Sunday. We bid him welcome and wish him success.

Rev. W. B. Hanson, pastor of the Moncton First Baptist Church (formerly of Charlotte town), preached in Ottawa on Sunday week, and it is said that his ministrations were so highly appreciated that many of the congregation think of extending a call.

Rev. W. W. Brewer preached his farewell sermon in Centenary Church, St. John, on Sunday evening. According to the Telegraph he spoke of the encouraging work done by the church during his three years' pastorate, and asked for their prayers for him in his new field of labor, Charlottetown, P. E. I.

The Town and Country Journal, of Sydney, N. S. W., publishes likeness of "Three Australian Girl Graduates," one of whom (we note with much pleasure) is a native of Prince Edward Island—Miss C. A. Sutherland, M. A., daughter of the Rev. George Sutherland, and niece of Mrs. McNeill, of this city. The Town and Country Journal reports: "Miss Constance Adelaide Sutherland, M. A., who was 'capped' by the Chancellor of the Sydney University, a few days ago, was born in Charlottetown, Prince Edward Island, where her father, the Rev. George Sutherland (the present minister of St. George's Presbyterian Church, Castle-rough Street, Sydney) was pastor of the Presbyterian Church and chaplain of the Legislative Assembly. Mr. Sutherland received a call to the First Presbyterian Church, Otago, New Zealand, which he accepted; and for four years he and his family lived in Dunedin. Miss Sutherland obtained her education chiefly in public and private schools in Sydney, and from tutors. She passed her matriculation examination in March, 1884, and obtained the degree of B. A. in 1887 in classics and mathematics. This year she successfully passed the examination for M. A. in the school of logic, and moral, mental and political philosophy." Miss Sutherland's friends at the Antipodes extend their congratulations.
