Department of Agriculture, Charlottetown.

#### CLUB NEWS

The regular meeting of the Bear River 4-H Calf Club was held at the home of Norman McLaughlin, May 11th, 1955. The meeting was opened by the reading of the club pledge. Roll call was answered by 40 members. The minutes of the previous meeting were adopted as read.

Former club leader, Mrs. Gerard Gallant (Zeta McLaughlin) distributed a new Club Leader, Bernice McLaughlin, was appointed. The Kings County Fieldman, Mr. R. Pierce, attended the meeting and gave us some interesting ideas. He also showed films which were enjoyed by all.

The meeting was moved by Margaret McLaughlin, seconded by John Hughes, that money for the proposed trip to the Annapolis Valley would be raised by holding a series of social functions. The first of these will be held in Bear River School, May 18th.

The next regular meeting will be held at the home of Elva Hennessey, June 8th. A judging class will be held at the home of John Hughes, May 25th, at six o'clock. To answer roll call, each member must prepare and deliver a 1/2 to 1 1/2 minute speech.

George MacKinnon moved and Jackie O'Keefe seconded the adjournment of the meeting which was closed by singing the National Anthem. Later, a delicious lunch was served.

#### SHORT COURSE

A successful one day short course on the Feeding of Live-stock with simple formulae for Livestock Rations, using farm grains, was held in next month at the Summerside Agriculture Office, on Wednesday, May 11th.

Due to the busy season of the year only six Junior Farmers were able to attend. These were: Wendell E. Birch, Belmont, Lot 16; Allison Johnson, Belmont, Lot 16; James MacLaurin, Belmont, Lot 16; Edward Clark, Belmont, Lot 16; Nell Clark, North Bedouque; and Adrian Dekker, Sherbrooke.

### BAKING SODA

PURE BICARBONATE OF SODA

At the completion of this course, those in attendance were able to figure out a balanced ration using farm grains and the appropriate concentrates or oil cake and bran for all classes of stock on the farm at different stages of growth and production. As an example, the members were able to successfully make up a suitable ration for dairy cows, and the amount of meal to feed for a cow giving 40 lbs. of milk per day. Also, they were asked to make up a suitable ration for beef cattle and how much meal would be required, per day, for a steer weighing 800 lbs., and how long to feed such steers to fatten them for market.

These are some of the details that were taught to the Junior Farmer's present, by Keith Clay, Prince County Fieldman. It is remarkable just how quickly such boys can catch on to the essentials in computing practical balanced rations.

Since this course has been so successful, similar one day courses will be held in O'Leary, Alberton and Tignish later on.

The Bedouque V.E. Club held their May study meeting at the home of Ella Hammill with 24 members and two visitors present.

Roll call was answered by naming different parts of a cow. The minutes of the last meeting were read and approved.

After the general business was finished, the members wrote test number 3.

Charlene and Maurice Wright invited the members to their home for the June meeting.

The first judging class is to be held on May 16th, at the home of Joop Plomp.

A social hour was enjoyed and a delicious lunch was served by Mrs. Hammill.

A vote of thanks was tendered Mr. and Mrs. Hammill and the meeting was adjourned.

Secretary, Arnold Lord.

The monthly meeting of the Tignish Rural Calf Club was held at the home of Roy Clouhosey on May 16th, with twelve members answering roll call.

The meeting was called to order by the President. The minutes were read and approved.

It was moved by Gerald Clouhosey and seconded by Ann Handrahan that the debate be cancelled until the next meeting, due to the absence of one of the leaders. Motion carried.

It was moved by Everett Perry and seconded by Lorraine Clouhosey that the next meeting be held at the home of Gerald Handrahan's on June 5th.

It was moved by Gerard Gallant and seconded by Joe Ann Handrahan that the meeting be adjourned.

Secretary — Paul Handrahan.

The regular monthly meeting of the Cape Wolfe Calf Club was held at the home of Joan Bulger with fifteen members answering roll call with naming their favorite sport.

The meeting opened by the members repeating the pledge in unison. The minutes of the last meeting were read and approved.

The Treasurer reported \$13.90 collection.

The roll call for next meeting is to be answered by naming a part of a cow.

#### Bringing Up Baby

Hints Collected by Mrs. Ann Carlin (Mother of 5)

Oh what a wonderful day when baby actually makes that little spoon behave — when he gets the food in his mouth, instead of, say, his shell pink ear. Sure, self-feeding is messy at first, but remember with each try baby is learning self-reliance. A few tips that may make baby's "trials and errors" less of a trial for you:

- Wax paper under baby's plate will catch stray spills.
- Sheet plastic or newspaper under baby's high chair will catch most of the flying particles.
- A box of facial tissues, tacked to the back of baby's chair makes mopping up operations simple.

Beginning self-feeders usually favor semi-grown-up foods. Like Gerber Junior Foods, which have a tender, evenly-minced texture to suit a few teeth find easy to manage.

Appetizing true-to-nature colors and flavor add to baby's mealtime zeal. Variety galore, to keep appetites bright—over 22 good-tasting fruits, vegetables, meats, dinners and desserts.

Sleepyhead helps. Two easy cures for after-nap blues. (1) Once over lightly with a cool, moist face cloth. (2) A tasty afternoon snack all ready to be smacked over.

Play value! Have you heard about EXCLUSIVE GERBER BABY DOLL? It's a \$3.75 value for only \$2.00 and 12 Gerber Baby Food labels or cereal box tops. All the charm of the Gerber baby, caught in a 12-inch life-like baby doll. It drinks, wets, sits up—has movable arms and legs. It comes complete with tiny nurse, Gerber Cereal play boxes, cereal dish and spoon.

For your Gerber Baby Doll, just mail money and labels to Gerber-Ogilvie Baby Foods Ltd., Box 68, Toronto 18, Canada. Offer good only in Canada. Expires Dec. 31, 1955.

The new committee's appointed were:

Programme—Wayne Locke and Verma MacWilliams.

Lunch, Ian MacWilliams and Robert Howard.

The next meeting is to be held at the home of Elaine Millar.

The club leader, Clem O'Connor distributed tests which were written by the members.

It was moved by Vance Griffin and seconded by Ian MacWilliams that the meeting be adjourned.

Secretary Treasurer, Elaine Millar.

The regular meeting of the Freetown Harmony Calf Club was held at the Freetown School on May 4th. The meeting was called to order by the President. Sixteen members and three visitors answered roll call. The minutes were read and approved.

It was decided that the May judging class be held at the home of David and Douglas Profit's and the June judging class at the home of Colborne Clow's.

Test No. 1 was written by the members and the lesson for Test No. II was then studied from the handbooks.

The members reported having eight purebred and four grade calves in their club.

The meeting was then adjourned.

Secretary, Adele Jardine.

A meeting of the newly organized O'Leary 4-H Potato Club was held at the home of Alvin Palmer, on Thursday, May 5, 1955, with Mr. Keith Clay acting as chairman.

Mr. Alton Raynor, Potato Inspector outlined the policies of the new club.

The following officers were elected: President, Mary MacDonald.

Vice President, Rankin MacKinnon.

Secretary Treasurer, Sheldon MacLean.

Mr. Alvin Palmer was chosen club leader for the newly formed club, with Mr. Raeford Locke as club leader in the Cape Wolfe area.

The meetings are to be held on the third Thursday of each month. It was decided that half an acre

of Foundation Sebago potatoes be planted by each member. It was also decided that soil analysis be carried out for next season.

It was suggested that lunch would not be served at the meetings.

The next meeting will be held at the home of James MacWilliams.

The meeting adjourned.

Secretary Treasurer, Sheldon MacLean.

### We And Our Neighbors

#### OF THIS AND THAT

I am still in Milwaukee and can testify that in spite of defeat the Milwaukee Braves are as high in favor as ever with rich and poor, old and young. Everyone here is waiting for Bobby Thomson, the Flying Scott, his shoulder healed, to sweep the Braves on to new victories!

Yesterday I was waiting for a friend at one of the fine hotels when I saw an item on the list of activities that aroused my curiosity. "The Barn Cleaners Association" was holding a convention on the fourth floor. Barn Cleaners! Wouldn't the neighbors be interested in that? I thought. I phoned and was invited to come up and ask questions.

I entered a room where a dozen or more Barn Cleaners were having a conference. One of them came forward to greet me. Did he wear coveralls? Was his brow (and that of the others) wet and somewhat soiled from a rather messy job? Far otherwise. Seldom have I seen such good-looking and well-groomed men. You have probably guessed that the barn-cleaners do not do the job with their own white hands but sell mechanized equipment that does it daintily and thoroughly. Should anyone be interested, I

of Foundation Sebago potatoes be planted by each member. It was also decided that soil analysis be carried out for next season.

It was suggested that lunch would not be served at the meetings.

The next meeting will be held at the home of James MacWilliams.

The meeting adjourned.

Secretary Treasurer, Sheldon MacLean.

And now happily, I turn to gardens. Milwaukee is an intriguing city that is at one and the same time a top-ranking industrial center (Allis Chalmers, International Harvester, Pfister and Vogel Schlitz and Pabst) and a city of homes and gardens.

The garden of the home where I am staying is a lovely sample of beautiful gardens, modest and rich, seen everywhere. Against a background of the changing waters of Lake Michigan, blossoming fruit trees are swaying against

opening lilacs. As I look out of the window, hundreds of tulips white, yellow and red are blooming in a crescent bed across from a bed of hundreds of exquisitely delicate sprays of bleeding heart.

Peonies and roses and a hundred other blooms are almost ready to come forth. All the flowers are tenderly placed not to be overshadowed by age-old oaks and maples, elms and poplars, and our own pines and spruces, Robins and chickadees and blue-jays and song-sparrows nest among the trees, and thrillingly new, scarlet cardinals flash among the leaves.

In 1911 Mr. Horton, who is well-known on stage and screen, played his very first part — for money! The drama was, "The Young Mrs. Winthrop. The place — Saint Mary's Hall, Sydney Mines, Nova Scotia and the salary, twenty-five dollars per week. I have no doubt that he was then as now, the bewildered character who looks out at the world with an amused awareness that has the audience rocking with laughter.

At 67, that is the character he shows the world off the stage also.

And now happily, I turn to gardens. Milwaukee is an intriguing city that is at one and the same time a top-ranking industrial center (Allis Chalmers, International Harvester, Pfister and Vogel Schlitz and Pabst) and a city of homes and gardens.
