

editorial

This Editor has a number of issues he would like to comment on this week but, alas, due to lack of time (editors are not exempted from mid-terms and term papers as many seem to believe), he is unable to do so.

Press time is drawing near and the editorial and two stories have yet to be written. What I intend to do is combine one of the articles and the editorial. Fall Fest is over. Having been involved with some of the organization of the four-day event, I would like to express a great deal of thanks to Turtle (Sharon Timmons) for all the work she did. Not only did she hire and look after the bands but she also worked as Campus Police for most of the events as well as helping to set up before, and clean up after, ALL events.

Peter Wilson and his Campus Police did an excellent job at all events. Although few people may realize the amount of work they do, the CP'S were responsible for all the events running as smoothly as they did.

I have worked on a number of Winter Carnival and Fall Fest committees, but never before have I received the amount of support from the Student Union executive as I did this year.

Kevin Gauthier, President of the Student Union, must have attended every event, and at each he helped iron out many of the problems which seemed to crop up. Kevin also proved that Presidents can have a strong back as well as mind???

Maria Driscoll and Claire Currie teamed up and produced the decorating committee for the Fall Fest Ball. Their paintings and decorations were superb. Mike Kennedy looked after all our licenses, bar-tenders, clean-up, audio visual, etc. Thanks for your support Mike. You're doing a great job at the Barn this year.

There are many other people who gave hours of their time to help make Fall Fest the success that it was. Mickey, Pat Ingraham, John, Dave, SUN staff, CIMN, social committee, Neil, Robin and the bartenders, Ken, Ron, Mike, and the rest of the set up and clean up crews, and anyone else I may have forgotten.

Fall Fest '78 was one of the most enjoyable events that I've been at in a number of years. Some events were sold out, some were not! All were a lot of fun.

Letters & Opinions

Dear Editor:

Why didn't you print the article on the Nuclear Power Study Group meeting (or even the classified ad) which I submitted on time for the issue of October 19th and October 26th.

Yours sincerely,
Tony Reddin

Dear Mr. Reddin,

There are a number of reasons why your Nuclear Power article was not printed. One of these is the fact that the UPEI Sun is a paper about UPEI students & events, not Nuclear Power, and UPEI students write for the Sun (articles approved by the editor beforehand) and most important of all, the editor's job is to decide which articles should go into the available space. THIS Editor considered the articles available and put in what he considered to be the most important before we ran out of space. Mr. Reddin, you should be aware of some of these pro-

blems since you were once editor of a student paper, although after you were editor the name was changed so that the Sun's high ideals would not suffer from the degrading standards set by the CADRE

The EDITOR

Dear Sir:

I was shocked and appalled last Saturday that the UPEI football team did not honour its graduating players in a pre-game ceremony. Honouring the seniors was an event that many people were expecting last Saturday but someone decided that four years of service to the football team was not a very big accomplishment.

I was also very surprised and disappointed that all pre-game accounts failed to mention a number of players who had played with the Panthers for four years. A couple of these players
