

# P. E. I. Hospital Nurses' Residence To Be Landscaped

The grounds around the Nurses' Residence of the P.E.I. Hospital are to be landscaped and the old tennis court is to be ploughed up and grass planted, according to the property committee report. This was given by Mr. J.H. Howatt at the regular monthly meeting of the Board of Trustees of the P.E.I. Hospital which was held Tuesday evening, May 8th with the following Board members present: Dr. J. W. McKenzie, Chairman; Mr. J.A. Likely, Mr. L.E. Tait, Mr. R.H. Nicholson, Mrs. A.B. Belcher, Judge H.L. Fal-

## Presbytery Approves Call To Belfast

The May meeting of the Presbytery met in the Church at Tyne Valley on Tuesday afternoon with the Moderator, The Rev'd M. Carl Currie, in the Chair, and the Clerk, The Rev'd T.H.B. Somers, at the desk.

The following Ministers were present: Rev. D.A. Campbell, Rev. Donald Nicholson, Rev. L.M. MacNaughton, Rev. E.H. Bean, Mr. Rev. W.H. Brown, Rev. Geo Killie (together with the following Elders: Mr. Wilbur MacWilliams, Mr. R.A. MacKenzie, Mr. Donald Campbell, Mr. R.S.P. Jardine, Mr. Donald MacNeven, Mr. Boyd Beattie, Mr. Milton Fraser, Mr. A.A. MacSwain, and Mr. W.B. Simons).

Mr. Walter F. MacLean of Vancouver, student missionary at Brookfield, was present and was welcomed by the Moderator, together with Mr. Fred Clark, an elder of the Alberton Congregation. The Rev'd J.D. Mackay of Summerside was present in the evening.

At the March meeting the Court received a call from the Belfast Congregation in favour of the Rev. Donald Nicholson who then asked time to consider. Mr. Nicholson now informed the Presbytery of his intention to accept the call and arrangements were made for the cessation of the pastoral tie at Clyde River as and from May 27th and the induction to the Belfast Charge on May 31st, at 7:30 p.m. Rev. L.M. MacNaughton is to preach the Sermon; Rev. D.A. Campbell is to address the Congregation and the Rev. M.C. Currie the minister. The Clerk will assist the Moderator.

The following commissioners to the forthcoming general assembly in Toronto in June asked to be excused: Rev. M.C. Currie,

mer, Mr. J.H. Howatt, Mrs. W.E. Cotton, Mrs. G.H. Buntain, and Mr. N.D. McLean, Administrator. Mr. Donald McDonald, Campaign Manager gave an outline of the campaign, about to be launched for funds for the New wing at the Hospital.

The Medical staff report was given by Mr. N.D. McLean in the absence of Dr. G.G. Houston. Mrs. G.H. Buntain gave a report from the senior Ladies Aid telling of plans for the Nurses Graduation c. May 22nd and purchase of furniture for the Ladies Aid Room in the Hospital.

Rev. J.D. Mackay and Mr. R.S.P. Jardine, in their place the Court appointed Rev. Donald Nicholson, Rev. D.A. Campbell and Mr. Donald MacNeven, Mr. J.A. MacKinnon will be the fourth Commissioner.

The Rev'd D.A. Campbell reported that student missionaries had been appointed for the summer as follows: Mr. W.F. MacLean to Brookfield, Mr. K.J. English to Marshfield, and Mr. B.C. Lowery to Wood Islands. Miss Mary MacKenzie was re-appointed Deaconess at North Tryon until March, 1957.

Reporting on Christian Education: Rev. M.C. Currie announced that the Principal of Presbyterian Theological College, Montreal, Rev. Dr. Robert Lennox, would address a meeting of young people in Zion Church on June 3rd in the evening and invited the youth of all Congregations in the Presbytery to be present.

**STUDENT ISSIONARIES**

Rev. D.A. Campbell announced that the Memorial Cairn in honour of the Gordon Missionary Martyrs is now in place at Alberton. Arrangements were made for its unveiling in place at Alberton. Arrangements were made for its unveiling and dedication on July 17th at 2 p.m. at Alberton which will be also of the 125th Anniversary of the Alberton Congregation.

In the evening at Divine Service the Presbytery solemnly inducted the Rev. L.M. MacNaughton, B.A., into the pastoral charge of Tyne Valley, Freehold, Lot 14, Richards Bay, and Victoria West. The Moderator, Rev. M.C. Currie, conducted the worship, assisted by the Clerk, Rev. T. H. B. Somers, Rev. D.A. Campbell preached the Sermon, and after the acts of induction Rev. E. H. Bean addressed the Minister and Rev. J. D. MacKay the Congregation.

At its closing the Court expressed its sympathy with the Rev. Lorne Mackay of Hamilton in the sudden death of his father at Breadalbane on Monday last.

Yesterday's Cryptoquote: NO ARCHITECTURE IS SO NAUGHTY AS THAT WHICH IS SIMPLE—RUSKIN.

## Science Shrinks Piles New Way Without Surgery

**Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids**

Toronto, Ont. (Special)—For the first time science has found a healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among those sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthesia or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a famous scientific institute. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold through all drug stores. Satisfaction guaranteed or money refunded.

LIEUT. H. B. MOONEY COMMISSIONED

A Charlottetown career soldier has been commissioned from the ranks after 23 year's service in the Royal Canadian Signals. He is Lieut. Howard B. Mooney, C. D., nephew of Wilfred Mooney of Iona, P. E. I., and of Mrs. Owen McKenna of Veron and Mrs. James Roche of Iona.

Lieut. Mooney, 44, has been appointed administrative officer of a large Signals radio station at Ottawa. Even before he reported for duty on his new job, Lieut. Mooney was already puzzling over a unique problem. How would he have to face — one of the civilians under his control is his own 21-year-old son, re-deadhead John Mooney. John is, incidentally, about to strengthen his family connection with Signals. He is engaged to marry Miss Joan Erdin, daughter of Sergeant-Major John Erdin, Royal Canadian Signals, a Regular Army soldier of 22 years' service.

Lieut. Mooney joined the Permanent Active Militia as a signaller in 1936 at Camp Borden, Ontario. Except for three years of "civvy street" in the late thirties, most of his subsequent career was divided between the Royal Canadian School of Signals, Kingston, and the Canadian Army Signals Engineering Establishment, at Richmond Bay, and Victoria West. He spent the winters of 1948-49 and 1949-50 in the Arctic wastes beyond Fort Churchill, Man., with a hardy team testing new radio equipment to marry new winter engineering techniques. More recently Lieut. Mooney has been superintendent of the Directorate of Signals at Army Headquarters, Ottawa.

Living with him in the Ottawa suburb of Eastview are Lieut. Mooney's parents, Mr. and Mrs. John D. Mooney, formerly of Charlottetown, where Mr. Mooney is currently on a visit.

## Bagpipes And The National Anthem

PORT ARTHUR, Ont. (CP)—Can God Save the Queen be played on the bagpipes?

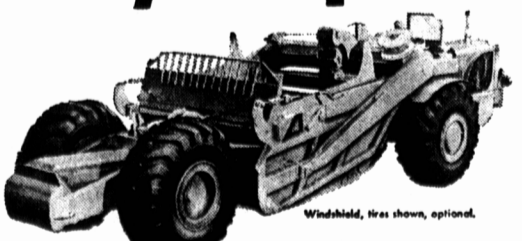

Absolutely not, says Dr. E. V. Arden who headed a delegation to city council asking for the city brass band instead of a proposed pipe band to play for the opening of the baseball season. He said the kilties would not provide the correct atmosphere.

The Queen certainly can be played on the pipes, said Irish alderman Paddy Neill.

"I say there and now that, in their love for the Queen, the Scots don't take second place to Canadians or anyone else — and God Save the Queen CAN be played on the pipes and has been played on the pipes in Scotland for hundreds of years."

Council deferred action on the proposal and the controversy flowed over into neighboring Fort William where a piping authority declared that God Save the Queen can be played on the bagpipes—but it sounds awful.

## PROVE 'EM ON YOUR JOB! the 1956 International Pyscrapers

**10% greater capacity**  
Model "75" now 20 yds. heaped, 262 hp. Model "55" now 14 yds. heaped, 172 hp. Both models can be sideboarded.

# AMONG THE FARMERS

Federation of Agriculture Newsletter

**IF WINTER COMES**

Anyone can discuss the weather and nearly everyone does whether there is anything out of the ordinary about it or not.

Present weather conditions, we believe, justify some comment as they are apparently a trifle unusual. In a typical year April will usually produce a few days with the temperature in the 70's, days which inspire people to get out and rake the lawn, burn grass or limbs and roll up their sleeves in the belief that summer is just around the corner. However, there has been no day calculated to build up such false hopes during the past six weeks.

Easter Sunday found the province still buried in snow, May 10 still finds us with snow about the fences and some snow blocked roads. Frost at night is typical, grass and clover are making little if any growth and ground temperature is such as to discourage any sprouting of early planted seeds. These conditions are apparently typical, though not Canada-wide, everywhere seeding operation is retarded and no part of the country can boast of any real warm weather. Likely next week will be different if not June or at least the latest July will produce a change.

**MEMBERSHIP CAMPAIGN**

Reports from school districts on membership campaign are now arriving at the Federation office in volume and practically every district shows a number of new members and an increase in the number of farmers availing themselves of the accident protection offered by the Federation. At the present time the office staff is engaged in mailing membership agreements to farmers who are not already members, these agreements when completed will be returned postage free and enable the farmers to join the Federation with a very minimum of trouble.

The financing of a really effective farm organization does not, due to the large number of people engaged in Agriculture, impose any great individual financial burden. In fact if all farmers in the province were to join in supporting the organization at the present level of fees it would be in a position to do very effectively and far reaching work on behalf of the industry, for instance adequate finances would enable the Federation to make studies and surveys and conduct investigations which would then form a background for the development of policies.

A membership which was unquestionably the majority of farmers would exert much more influence than is now the case and would bring to the Federation increased prestige. The tractor working on two cylinders can accomplish some work, if the other two are put into operation the efficiency is increased a great many times.

**SEEDS, FEEDS, POULTRY AND DAIRY SUPPLIES**

**FRESH SUPPLY SEEDS—**

# Marshfield Hall Supper Meeting

The Men's Association meeting of the York Pastoral Charge was held May 1st, at 8 p.m., with about 70 men present, the Vice-President, Leith Brown of York, in the chair. He first called on W.W. Clow to ask the blessing.

After the meal a lively sing-song of gospel songs was led by Vernon Dennis, with Arthur Vessey at the organ.

The devotional period was conducted by three young men of Central Church—Mark Johnstone, Guy and Wilfred Stewart. Newcomers were then welcomed and April birthdays celebrated. William Cruekett conveyed the thanks for the splendid supper to the ladies. Sick members in hospital, Lorne Vessey and Roy Keizer, were reported on, then a generous offering was collected to send them appropriate gifts. The vice-president then welcomed back President Wylie Gibson, who, he said, could go to the hospital for a major operation and not miss a meeting. Prolonged applause showed how warm was the welcome back.

A fine bit of musical entertainment was provided by Ches Cooper of Charlottetown who played and sang a number of encores.

The guest speaker, Mr. Robert Parent, was introduced by Ira Lewis of York who paid tribute to his effective work at the Experimental Station and his public spirit, especially in his support of

lowing to say with respect to farm prices.

(1) "The Committee on Economic Development believes that the general merits of free market prices are substantial. An economy that depends largely upon free markets is more productive than an economy with similar resources that relies upon other mechanisms for directing the use of productive resources".

(2) "In a large and complex economy there is no effective alternative to the price mechanism for keeping production and use efficiently geared together. As a result there must be a clear and commanding reason before we prevent prices from reacting freely to long-range changes in market condition."

"While we cannot complex with free prices in the operation of our agricultural economy, it appears that for special reason, price fluctuations in agricultural markets are much larger than are needed for the efficient balancing of production and consumption."

(3) "We do not believe we can return to a completely free market price situation for agriculture without exposing farmer to unnecessary risks and instability. We wish to emphasize that a satisfactory farm price policy must retain as many of the desirable features of a freely functioning price system as is possible."

**BUTTER PRODUCTION**

For the first three and one-half months of this year Island butter production was ahead of the same period a year ago but, since the middle of April, production has been declining a situation which can be attributed to a long winter and to a gradually developing shortage of fodder. When feed must be purchased it is usually administered with greater grudgingly and cows do not take very kindly to dieting. It will be interesting to know whether this loss will be made up when cattle go on pasture—should there be any grass this spring.

**OLD PRACTICE**

Raising of silkworms, fed on mulberry leaves, is one of the oldest farmhouse industries in Cyprus in the Mediterranean.
