A LITTLE girl named McDonald, daughter of Mr. J. McDonald, shipbuilder, of Vernon River, was attacked by a ferocious ram on Sunday last. He dealt her a violent butt on the right leg, breaking it at the thigh.

MR. JOHN DOYLE'S lecture on "Catholic Emancipation" was largely attended. St. Patrick's Hall was nearly filled with an appreciative audience. Mr. Doyle's style is bold, and his lecture was well delivered. The sketches he gave of Irish History were extremely pleasing.

AT the Stipendiary Magistrate's Court this forenoon George Dawson was fined \$2 and costs or 8 days for being drunk and incapable and William Brooks for being drunk and disorderly was fined the same. The Russian sailor who was arrested for assaulting the mate of the barquentine Erema was further remanded 8 days.

THE fact that in all the cases appealed from the decision of the Stipendiary Magistrate - with one exception, in which a point was raised in the Supreme Court which was not raised before him - his decision has been affirmed by the judges, is very good evidence of Mr. Fitzgerald's ability and good judgment.

"THE LION AND THE LAMB LIE DOWN TOGETHER." - We hear that, on Sunday evening, the Hon. L. H. Davies and the Rev. Stephen G. Lawson worshipped in the same church, sat in the same pew and sang out of the same book. Let us see: Is this not the year that Dr. Cummings predicted would be the beginning of the millennium?

ON Monday next J. & W. Beer intend opening for the benefit of the ladies of Charlottetown a vicinity, a dress and mantle-making and millinery department, under the superintendence of Mrs. P. G. Clarke. This effort will, we feel assured, be appreciated by the ladies and receive their unanimous support. 2ins

WE were shown last evening a very fine Ayrshire bull, which was raised by Mr. James Mutch, senr., of Lot 48, and bred by the Stock Farm of this Province. THE Truck Committee of the City Council is very negligent in its duty, when it allows a truckman to work a horse which is apparently unable to bear harness. There are several truck-horses of this calibre in the city. This morning, a truckman passed along the street with one of the most pitiful looking animals we ever beheld attached to a vehicle. There was scarcely ten pounds of flesh on its frame; it was lame on two legs, and its shoulder was so horribly diseased that a leader was hanging therefrom, knotted and wriggling against the poor animal's leg. We think it scandalous that a license should be granted a person who would allow his horse fall to such a miserable state.

NEWS BY TELEGRAPH.

Special Despatch to Daily Examiner.

LONDON, May 8.

A British and German ironclad arrived at Port Said from Malta, and a number of British transports, carrying the Indian contingent, passed Aden to-day.

A Cronstadt correspondent of the 3rd inst., asserts that 2,000 seamen left Russia, probably for America, to man privateers.

News of the Russian advance on Batoum, by way of Chornk Valley, is unimportant, because that road is impracticable for military travel.

PARIS, May 9.

The Estafette reports that, for the past few days, numerous detachments of Russian sailors have been passing through France and embarking at Havre, and even Liverpool, for America, to man vessels purchased there by Russia.

Three American steamers are reported to have recently arrived at Perel, probably to be used as transports.

A Constantinople special states that the greatest part of the Russian provisions and ammunitions has been removed from San Stefano to Chataja. Commissarial contracts signed to-day make Adrianople the point of delivery hereafter.

Rumors lately current in Constantinople about a Russian concentration at Pyrgos threatening the upper Bosphorus, are untrue.

ST. PETERSBURG, May 8.

The Agence Russe says: "Russia has no thought of setting aside England's legitimate influence, or exercising exclusive preponderance of power in Turkey." This is shown by the fact that, despite Russian sacrifices, English influence is still predominant at Constantinople.

BUCHAREST, May 8.

All officers of the Roumanian army, now on furlough, have been ordered to join their regiments in little Wallachia, whither Prince Charles shortly goes to inspect the entire army.

Forty thousand Russian reinforcements are expected at Jassy.

Telegraphic News.

NEW YORK, May 7. - A Belville, Illinois, despatch says serious apprehensions are felt that the troubles in the coal mines in this neighborhood, where nearly 4,000 miners are on the strike, will end in scenes of violence, and this feeling is readily aggravated, as the Communicative agent counsels them to enforce their rights.

SAN FRANCISCO, May 7. - The steam yacht "Sofia" is in port, and is the only vessel that could be made a privateer by the Russians. Nine war vessels of the Russian fleet are at Vladivostok, on the Asiatic coast. The Russian gunboat at San Francisco is to leave the moment war is proclaimed for the Russian fleet.

NEW YORK, May 7. - An attempt to arrest Governor Trias, and initiate a revolution against the Diaz Government in Chihuahua, on the 16th April, was suppressed, and 15 conspirators were arrested.

BUFFALO, May 5. - Vague rumors are afloat of a raid on Canada by the Irish in case of war between Russia and England. It is stated that three companies of Irish patriots are armed and equipped here ready for service, and one thousand Western Irishmen have been notified, so that they can be here in twenty-four hours, while there are three thousand more in this vicinity that will rendezvous for a raid within three days after orders are issued, but nothing authentic can be obtained to substantiate these rumors.

A "Herald's" Buffalo special says military preparations are being made by Irish Nationalists there for the proposed Fenian raid on Canada in the event of war between England and Russia. An agent from New York has been there and left important secret orders. Prominent Fenians state that there are three Irish companies in Buffalo well equipped, 1000, Western soldiers are notified, so that they can reach Buffalo in twenty-four hours, and there are 3,000 more in the country, who will rendezvous for a raid in three days after orders have been issued. Several applications for commands have been made by veteran officers. It is understood that several hundred stands of muskets will be shipped from New York to Buffalo in a few days.

LONDON, May 5. - Le Nord, a Russian organ published at Brussels, denies the New York statement that Russia has enrolled five thousand Irishmen to invade Nova Scotia and New Brunswick.

Russia is supposed to be making ready to take advantage of the scanty protection of British interests on Canadian shores. It is asserted that assurances has been given the Irish leaders that Ireland will be assisted in a revolution in case of war. It is also understood that an enlistment in Canada will be offset by a raid on the Canadian border.

WASHINGTON, May 5. - The Government has received no official information concerning the proposed Fenian invasion of Canada.

MONTREAL, May 7. - William J. Crimmon, a young man about 25 years of age, fell through a bridge into the Lachine Canal in the suburbs of this city on Sunday night and died this morning from his injuries. He was a native of Chatham, N. B., an advocate by profession, but has been teaching school here. He had been originally intended for a priest. There are fears that he was robbed of fifty dollars, his month's pay, and then thrown into the Canal. An inquest is being held.

SUSSEX, N. B., May 7. - Hugh Burns, whilst under the influence of liquor, stepped into the drug store of Mr. W. Fairweather, and during Mr. Fairweather's temporary absence picked up a vessel containing carbolic acid and drank therefrom about two ounces. Death resulted in about forty minutes after taking it. Dr. John H. Ryan was immediately in attendance, but his efforts to save Burns proved unavailing.

The Greatest Medical Discovery since the Creation of Man, or since the Commencement of the Christian Era.

There never has been a time when the healing of so many different diseases has been caused by outward application as the present. It is an undisputed fact that over half of the entire population of the globe resort to the use of ordinary plasters.

Physicians in all ages have thoroughly tested and well know the effect of Capsicum; and it has always been more or less used as a medical agent for an outward application; but it is only of very recent date that its advantages in a porous plaster have been discovered. Being, however, convinced of the wonderful cures effected by DR. MELVIN'S CAPSICUM POROUS PLASTERS, and their superiority over all other plasters, they now actually prescribe them, in their practice, for such diseases as rheumatism, pain in the side and back, and all such cases as have required the use of plasters or liniment. After you have tried other plasters and liniments, and they have failed, and you want a certain cure, ask your druggist for DR. MELVIN'S CAPSICUM POROUS PLASTER. You can hardly believe your own convictions of its wonderful effects. Although powerful and quick in its action, you can rely on its safety for the most delicate person to wear, as it is free from lead and other poisonous material commonly used in the manufacture of ordinary plasters. One trial is a sufficient guarantee of its merits, and one plaster will sell hundreds to your friends.

Ask your druggist for DR. MELVIN'S CAPSICUM POROUS PLASTER, and take no other; or, on receipt of 25 cents for one, \$1 for five, or \$2 for a dozen, they will be mailed, post paid, to any address in the United States or Canada.
