

### Island Cadets In The Rockies

Two Charlottetown boys are having one of the best vacations in years as they take part in the special summer training for cadets now going on in the heart of the Canadian Rockies at the National Cadet Camp, Banff, Alberta. The boys are Lt. R. G. Hutchison, West Kent School Cadet Corps, and C.S.M. J. A. Mullins, Queen Square School Cadet Corps.

They are part of a group of 150 youngsters from all parts of Canada who are attending the camp this year as a reward for their efficiency in cadet work. Training at the camp is mostly of the "recreational" variety but the boys do get a chance to work in the foot hills on such things as map reading, first aid, signalling and similar regular training schedules.

Living in a model tented camp at the bottom of Cascade Mountain the boys will take part in a bivouac camp for several days when they will get training in bushcraft, fishing and general outdoor living to be taught by wardens of National Park. They will also visit such famous places as Lake Louise, Yoho Valley, Moraine Lake, Johnson's Canyon and Lake Minnewanka.

Lt. Hutchison is the son of Mr. and Mrs. F. G. Hutchison, 42 Greenfield Avenue, while C.S.M. Mullins is the son of Mr. and Mrs. J. A. Mullins, 15 Park Terrace. The camp they are attending will break up August 12.

### No Information

Continued from page 1

Communist propaganda broadcasts had accused the Allies of bad faith in continuing to fight while "paying lip service to peace."

It was believed that if the Communists finally agree to the U. N. "stop-shooting" line it might be with certain strings attached.

It is known the Reds are eager for a quick cease-fire, even before an armistice is completed.

As far as Gen. Matthew B. Ridgway, Supreme Allied Commander, is concerned, the cease-fire would not be effective until all terms of armistice are agreed upon.

There is a possibility the Reds might agree to a "stop-shooting" line above the parallel, provided the shooting stops immediately.

Through Monday's long session, the Reds for the fourth straight day held out for a buffer zone 12 1/2 miles wide, centred on the 38th parallel.

While the possibility of compromise on this point did not seem near, AP correspondent Stan Carter talked to some United States army men who felt a line south of the present Allied positions might be practicable. It could be drawn shorter than the present front.

### RECEIVING COMPLAINTS FROM DRIVERS

Police located and lectured a nine-year-old boy who was flashing the sun in their eyes by means of a mirror. The mirror was confiscated.

### EASTERN SOURCE

Chromite, used in manufacture of steel, is found in abundance in parts of Pakistan.

annually about 250 feature movement.

On an average India produces annually about 250 feature moving pictures, distributed regionally in the republic.

### BIRTHS, MARRIAGES DEATHS

**BIRTHS**

MacINNIS—At West Royalty, July 27th, 1951, to Mr. and Mrs. James MacInnis, a son, 8 lbs, 10 oz. (Bobby).

PECK—At the King's County Memorial Hospital, Montague, on July 30, 1951, to Mr. and Mrs. Ralph Peck, a son, George Alan.

LAWSON—At the Aberdeen Memorial Hospital, New Glasgow, N. S., to Mr. and Mrs. J. A. Lawson, Jr., a son, Gordon Cameron.

**MARRIAGES**

MacLEAN—SANDERSON—At the Presbyterian, Manse, Clyde River on July 20th, 1951, by the Rev. Donald Nicholson, Marjorie Jean Sanderson to Ira Henry MacLean.

**DEATHS**

MacKIE—At the Prince Edward Island Hospital on July 30th, 1951, John F. MacKie.

ARNETT—At Albany, Sunday, July 29th, 1951, Harry W. Arnett in his 72nd year. Funeral service from his late residence Wednesday August 1st, at 2:30 P.M. in the Interment Seaside Cemetery.

MacKIE—At the Prince Edward Island Hospital, Monday, July 30th, 1951, John F. MacKie in his 70th year. Remains rested at MacLean Funeral Home until 7 o'clock Monday evening thence to his late residence, 284 Grafton Street, where funeral will be held on Wednesday, service starting at 2 o'clock. Interment People's Cemetery.

### PERSONALS

Miss Mildred MacLeod, scenographer for McLaughlin and Bovie, Hunter River, is a patient in the P. E. I. Hospital as the result of an accident. Her many friends wish her a speedy recovery.

Mrs. P. A. Keenan and son Donald of Ottawa are visiting in Charlottetown, guests of Mr. and Mrs. W. M. Forsythe, 33 Brighton Ave.

### Married Couples On Nudity Charges

ST. JEROME, Que., July 30—(CP)—Two married couples from Montreal were arrested at a farm near here yesterday on charges of nudity.

Police said Mr. and Mrs. Gaetan Couture and Mr. and Mrs. Gaetan Wilson will appear in court Friday. They were arrested at an alleged nudist camp at Mille Isles, about 10 miles north of this Laurentian town.

Morality police officers said they hid in bushes near the farm at noon yesterday and took pictures of the four persons. They said two other persons were included in the group, but they were clothed.

Police said Couture was a member of the American Federation of Nudist Colonies.

### CENTRAL GUARDIAN Stresses Issue In Terms Of Ideals

This column is reserved for news of local interest, but advertising of a new newspaper may be inserted at five cents a word, strictly payable in advance.

**COOK'S STUDIO** for perfect pictures.

**DR. CARSON'S** Office re-opens August 1st.

**DOWLING'S SPORT LODGE** for Fishing and Golfing supplies.

**TRACTOR** spinners in stock. See our antenna ornaments. Tanton Accessories.

**CONVICTION QUASHED**—The conviction of Angus Feehan, Point de Roche, was quashed in Supreme Court yesterday when his appeal on an Exchequer charge was allowed by Mr. Justice M. R. McGuigan. Costs of \$40 were also allowed the appellant who was represented by Mr. J. A. McDonald, K. C.

**ON GARRISON DUTY**—Sgt. Robert Walton, formerly of the 28th L.A.A. Regiment here, is now on garrison duty as Orderly Sergeant at Eastern Command Headquarters in Halifax. Now home on a brief three-day leave he joined the recruiting team when it was organized here last spring and was since posted to his new position.

**VISITING PROVINCE**—Mr. John W. Lake, chairman of the Traffic Board for the City of Portland, Maine, is visiting in the Province, the guest of Mr. and Mrs. Harold Dickson, New Glasgow. Mr. Lake states that the revenue from parking meters last year in Portland, a city of 80,000, was \$110,000. He was much impressed with the success of the meters but states that the meters in order to be effective must be rigidly enforced by law.

**MINOR ACCIDENTS**—City Police reported two minor accidents in the City last night. A New Brunswick car and a local taxi collided at the corner of Queen and Euston Streets about eleven o'clock. The taxi, travelling west on Euston, suffered damage to the front of the right side. The New Brunswick car was undamaged. At five o'clock yesterday evening two cars collided at the corner of Prince and Dorchester Streets with little damage resulting.

**NEW CONVICTION**—On an appeal against a conviction for drunken driving Louis D. Walsh, Hope River, had the conviction quashed when the case was heard by Mr. Justice M. R. McGuigan in Supreme Court yesterday. A new conviction under the recent amendment to the Criminal Code was made and the appellant was fined \$50 or in lieu one month in jail. There was no order as to costs. The appellant was represented by Mr. J. L. O'Donnell.

**FIRE AT BONSHAW**—A Government grader which reportedly backed near a barn caused a blaze at the farm of Stirling MacLeod, Bonshaw, over the weekend. The barn and a hen house were destroyed while the grader suffered extensive damage. The total loss was estimated at approximately \$15,000. Although some hay in the barn was destroyed there was no loss of live stock or poultry.

**FUNERAL YESTERDAY**—The funeral of the late Charles MacFadyen was held yesterday afternoon from the residence of his sister, Mrs. George Villet, South Melville. Service was conducted by Rev. J. Harvey Bishop, Rev. Donald Nicholson, Rev. L. S. Woolfrey, Interment St. Catherine's Cemetery. The pallbearers were: Horace Cameron, Duncan MacKinnon, George Villet, Findlay MacFadyen, Guy MacLeod, Oliver MacLeod.

**REGIMENT RETURNS**—Headed by Lt. Col. A. W. Rogers the P. E. I. Regiment returned over the weekend from the annual summer camp training period spent in Sussex, N. B. In addition to other officers Major I. J. Harper, M.C., and Capt. S. T. Mitchell of the 21st Armoured Brigade were attached to the unit for the training sessions. Approximately 70 all ranks, made the annual trek which was made by air to Moncton, thence by Army vehicles. One of the features of the training this year was the exercise carried out in the United States Sherman tank.

### Island Odds And Ends

Few Charlottetown people realize the dollars and cents value to our city of the Charlottetown Golf Links. Most folks think of it as a nicely groomed patch of pastoral countryside, where people smack a ball hither and yon. It is all of that and a good deal more. Many of our summer visitors make golf a part of their leisure hours, and on vacation they get more, rather than less than usual.

For a nominal fee guests at our hotels and cabins, are given the privilege of using the Charlottetown Links, and no questions asked. Because of the arrangement our summer visitors think the island is a great place to stay and many of them find all the rest and relaxation they want right on the fairways. Obviously, the hotels benefit and so likewise do our merchants, our service stations, and so on right down the line.

As a result of the local club plays host to the Maritime tournament, as it is doing at present, there is not only a money dividend for many of our people, but there is left in the wake of such a tournament solid advertising value and much goodwill. And this is not the money or advertising angle altogether. Its a grand beautiful playground for several hundred boys and girls from 15 years old and upwards.

Nature does so much for the Island in the month of July, that it is ungrateful to register even one small protest. But many fishermen complain that the month drawing to a close, saw a sharp drop in the trout fishing and that the same thing occurs every year recently.

All anglers do not agree that this is so, though the aye votes are numerous. Among those registering dissent is Mr. Bruce Wonnacott, one of Charlottetown's most persistent fishermen. Bruce reports having landed the limit on two occasions last week, and his catch was right out of salt water at Pisiquid. He was very pleased about his creel of fish, but explained that it was tough work landing them. Seemingly the Pisiquid stream is bounded by marshy ground and the mosquitoes are extra well-grown and hard-working. Its a labor tugging the marshlands, says Bruce, and the mosquitoes take their toll also.

It seems very doubtful if the Trans-Canada Highway will ever cross the Bonshaw hills. On the best authority it is known that the Dominion Government won't agree to a route where the grade would be 7%. Originally the maximum grade permitted was 6% but as a concession to the local government the 7% grade was approved. Even this leeway apparently is not great enough to make the Bonshaw route financially feasible, and there is talk now of the highway crossing the West River, hence Rocky Point and West River, Bridge. This would mean a new bridge course and a detour around the bothersome hills on the road to Borden. Meantime a light pavement is to be laid between Cornwall and Clyde River, which will make it a bit more pleasant for people travelling to and from Charlottetown, by way of North River bridge.

No doubt about it the Charlottetown Driving Park is a magnet for visitors, and rapidly becoming one of the show-places of the summer season. The number of Americans, Nova Scotians, New Brunswickers, and Upper Canadians who find their way to the weekly night-racing is very noticeable. Probably the "foreigners" do more than their share of the betting. After all they come here to have a little fun and they seem to find the racing to their liking.

Some of them are quite surprised at the smooth, efficient handling of the meets they have seen. Our own people take, the capability of our race officials so fortunate in this respect. Here, it must be remembered, we have had many years of great racing during which officials of the highest calibre have been developed. The business-like handling of a harness racing meet is a hit-or-miss gamble it comes through long experience, and officials have been through this mill so often they make the job look easy.

### Tombs Family Reunion

Within the reach of the lovely salt sea bathing at Stanhope Beach picnic and camping grounds where is located one of the finest playgrounds of tennis courts, swings, baby swings, teeter totters, slides, bathing houses, kitchen sheds and table scattering here and there over a beautiful green lawn and grove of beautiful pine and spruce, was where the many descendants of the late Mr. and the late Mrs. Joseph Tombs of Rustico gathered in a happy and delightful reunion. The honoured guests at the reunion were Mrs. Rogers Johnson and daughter Donna, and also Mrs. Johnson's sister, Miss Ruth Tombs of 7 Henshaw Terrace West, Newton, Mass.

After hours of fun, sea bathing, and jolly intercourse on events of past and present, the happy afternoon hours whiled away, a delicious picnic supper was served.

Mrs. Johnson, Miss Donna and Miss Ruth Tombs were also guests of honour at two other of our island bathing beaches at Brackley Beach and Cavendish beaches. They returned to their homes by motor Thursday, July 12th, with many beautiful memories of their visit here.

Among those in attendance at the family reunion at Stanhope were Mr. and Mrs. Cyril Tombs and family of Rustico; Mr. Fred Tombs of New Glasgow; Mrs. Lewis MacCallum and family of Brackley Beach, and Mr. and Mrs. Earl Ling and family of York.

**OVERBURY**, Worcestershire, England—(CP)—An old violin displayed at the Festival of Britain Exhibition may be a genuine Stradivarius worth £10,000—or an accurate copy worth £3.

**USEFUL WEED**

Among other products from seaweed, Britain annually produces \$750,000 worth of alginate, and agar chemicals.

Nature does so much for the Island in the month of July, that it is ungrateful to register even one small protest. But many fishermen complain that the month drawing to a close, saw a sharp drop in the trout fishing and that the same thing occurs every year recently.

All anglers do not agree that this is so, though the aye votes are numerous. Among those registering dissent is Mr. Bruce Wonnacott, one of Charlottetown's most persistent fishermen. Bruce reports having landed the limit on two occasions last week, and his catch was right out of salt water at Pisiquid. He was very pleased about his creel of fish, but explained that it was tough work landing them. Seemingly the Pisiquid stream is bounded by marshy ground and the mosquitoes are extra well-grown and hard-working. Its a labor tugging the marshlands, says Bruce, and the mosquitoes take their toll also.

It seems very doubtful if the Trans-Canada Highway will ever cross the Bonshaw hills. On the best authority it is known that the Dominion Government won't agree to a route where the grade would be 7%. Originally the maximum grade permitted was 6% but as a concession to the local government the 7% grade was approved. Even this leeway apparently is not great enough to make the Bonshaw route financially feasible, and there is talk now of the highway crossing the West River, hence Rocky Point and West River, Bridge. This would mean a new bridge course and a detour around the bothersome hills on the road to Borden. Meantime a light pavement is to be laid between Cornwall and Clyde River, which will make it a bit more pleasant for people travelling to and from Charlottetown, by way of North River bridge.

No doubt about it the Charlottetown Driving Park is a magnet for visitors, and rapidly becoming one of the show-places of the summer season. The number of Americans, Nova Scotians, New Brunswickers, and Upper Canadians who find their way to the weekly night-racing is very noticeable. Probably the "foreigners" do more than their share of the betting. After all they come here to have a little fun and they seem to find the racing to their liking.

Some of them are quite surprised at the smooth, efficient handling of the meets they have seen. Our own people take, the capability of our race officials so fortunate in this respect. Here, it must be remembered, we have had many years of great racing during which officials of the highest calibre have been developed. The business-like handling of a harness racing meet is a hit-or-miss gamble it comes through long experience, and officials have been through this mill so often they make the job look easy.

### Island Odds And Ends

Few Charlottetown people realize the dollars and cents value to our city of the Charlottetown Golf Links. Most folks think of it as a nicely groomed patch of pastoral countryside, where people smack a ball hither and yon. It is all of that and a good deal more. Many of our summer visitors make golf a part of their leisure hours, and on vacation they get more, rather than less than usual.

For a nominal fee guests at our hotels and cabins, are given the privilege of using the Charlottetown Links, and no questions asked. Because of the arrangement our summer visitors think the island is a great place to stay and many of them find all the rest and relaxation they want right on the fairways. Obviously, the hotels benefit and so likewise do our merchants, our service stations, and so on right down the line.

As a result of the local club plays host to the Maritime tournament, as it is doing at present, there is not only a money dividend for many of our people, but there is left in the wake of such a tournament solid advertising value and much goodwill. And this is not the money or advertising angle altogether. Its a grand beautiful playground for several hundred boys and girls from 15 years old and upwards.
