THE 13th LETTER AT THE CAPITOL SUMMERSIDE

Linda Darnell, Charles Boyer, Michael Rennie and Constance Smith form the luminous quartet of stars which spins out the drama of "The 13th Letter" on the Capitol Summerside Theatre screen. One of the most unusual stories that has reached the screen, "The 13th Letter" concerns itself with a set of the strangest and most fascinating characters on dramatic record.

Crux of the plot of "The 13th Letter" is the effect on a small French-Canadian town of a series of malicious, poison-pen letters. Until the scarlet-pen author of this dissemination of evil is unmasked, a town is terrorized and the complexities of human relationships explored and exposed. The picture aims to reveal the guilt that is shared by the victims no less than the writer, by the accused as well as the accuser.

To enact the leading roles, a variety of performers was enrolled. Linda Darnell, whose development from a Hollywood beauty queen to an actress of considerable stature in "No Way Out" was one of the highlights of the past film year, is cast as a love-hungry lame girl, whose affliction is representative of the flaw in perfection which touches all humans
