HENDERSON & CUDMORE

WHERE QUALITY IS SURE

Around The Armouries

There can be little doubt left in the minds of anyone that Canada is militarily preparing herself for anything. The rate of call-ups among local Reserve Army men would leave no question in the thoughts of those peacetime soldiers. This summer there will be many faces missing from the various messes. Among the more recent ones to leave have been Capt. Earl Burke and Lieut. Lloyd McPhee. Also in Halifax at present are such well known N. C. O.'s as Henry Gallant, Check Storey, Bob Walton and Bill Cantwell. Carl Prowse is in Picton, Ont. Carl will meet many of his friends in the 28th L.A.A. Regiment this summer when the unit goes there to camp. And by the way the unit will stop taking men for strength for camp purposes after May 15. There is much training to be done between then and camp time and new recruits after the closing date would mean an extra burden on training officers. The Recce had the tanks out last Sunday for the first time this year. It was quite an experience for the recruits who joined during the late fall and winter months. They will see lots more of them before the summer is over.

The officers Mess is staging a big dinner dance at The Charlottetown. That is unusual, as it is believed to be the first time it has been done by a mess here. Perhaps the dinner will attract even more attention than the dancing, as they are scheduled to have steak smothered in mushrooms and that is a meal to make mouths water. The planned party takes on added significance because it will be the last social event held under the old state of officers. Naturally they wish to make it a good one. When the mess meeting is held this month a new slate of officers will be named to conduct mess affairs for the coming year. However, they will not actually take over their duties until September. The Medics have announced a couple of promotions within the ranks of their officers. Two Officer Cadets W. K. Sharpe and E. J. Gillis, have been promoted to the rank of lieutenant. In civilian life the two are respectively, a sanitary engineer and laboratory technician. Another group of troopers has been taken on strength of the Recce recently to help swell the total. Among the recruits were K. A. Anderson, P. S. Myers, G. A. Pippy, K. G. Rayner and G. V. Steele. The N. C. O.'s staged their final

Armouries dance of the season last Friday night and like all the others it was an outstanding event. Thoroughly enjoyed by all the dance afforded its particular moments for the ladies present. As is customary in social events at the Armouries the West End Nurseries supplied a lovely bouquet of mixed flowers for the central decorative piece. It proved so attractive that all the girls were helping themselves to a rose or carnation or whatever best matched their evening dress. The bouquet could not stand that kind of popularity. The 28th L. A. A. Orderly Room has taken on a natural look again. The popular P. R. has returned from a duty call to Halifax and Pat McGrath is back again from the Island roads on which he had to travel. No need to say it Pat, most people agree anyway. Many of the boys will be on parade Sunday when the Canadian Legion stages its annual Memorial Day—V. E. Day parade. There will be a formal march past with His Honor Lieutenant Governor T. W. L. Prowse taking the salute from the saluting base on Kent street in front of Simpson's.

Premier Had To Pass Up Tempting Offer Of Votes

The votes of an entire community were "lost" to Premier J. Walter Jones and the Liberal party in the April 26 Provincial general election because of a slight accident of geography. During the election campaign, Premier Jones received a letter signed by a man and his wife which promised the Liberal party the votes of eight families in exchange for a modest road building project. The letter containing the request was prompted by a message from Premier Jones appearing in a national farm weekly. The letter read in part as follows: "Could you help us to make a little road in our town? It is about one mile and a half from the highway and there is a brook about 60 feet wide to cross. The roads are in very poor condition... not fit for a car or a truck and not very good for a horse and cart. We have to wait for the tide to fall to get across. If you can help with the road we will be satisfied to pass the road through our field away from the sea shore. There are eight families where the road does not reach. It will not cost very much to 'make a road'—about \$1,000. If you can give me a little help I will make the road. A little is always a help. The eight families will all be very pleased to let the road pass through their fields. I will buy the screen from the manager. We are willing to vote Liberal on Thursday, April 26." The only catch was that the writer was a resident of Newfoundland and the road he wanted connected two small settlements on the southwest corner of Newfoundland about 15 miles from the big American airport at Stephenville. Premier Jones has passed the request along to Premier Joseph Smallwood of Newfoundland.

Bridge Re-Opened To Truck Traffic

The Hillsboro Bridge has been reopened after being closed temporarily to vehicles weighing over 5,000 lbs. It was announced last night by the Department of Public Works and Highways here. The closing of the bridge followed an inspection by the chief bridge engineer of the C. N. R. His examination was made when it was learned that a truck had crashed into the side of the bridge near the centre span and had broken one of the upright members which helps to support the bridge at that spot. The damage which was done in the span next to the centre span has now been repaired and the ban on the traffic of over 5,000 lbs. in weight has been lifted. The Board shall be binding. Section 2 of the new by-law reads: "No rental for any housing accommodation in the City of Charlottetown shall, without agreement between landlord and tenant be increased above the rental existing at May 31st, 1951, for such accommodation unless the approval of the said Board shall have been first had and obtained in writing, and the Board may on any question of agreement require that such agreement shall be in writing and signed by the parties." Section 4 provides the penalties for any infractions of the by-law. The Section reads: "Any person who shall henceforth demand or receive any rental in contravention of this by-law shall upon summary conviction therebefore the Stipendiary Magistrate of the City of Charlottetown forfeit and pay a fine not exceeding fifty dollars for each offence, exclusive of costs, and in default of payment of said fine and costs forthwith, he shall and may be lawful for the said Magistrate to commit the offender or offenders to the common jail of Queen's County, for any period not exceeding sixty days, in the discretion of the said Magistrate, unless the said penalty and costs be sooner paid."

Four Physicians Return From Mayo Clinic

Four Prince Edward Island physicians returned to the Province this week after spending several weeks at the Mayo Clinic, Rochester, Minnesota, studying and observing the latest methods employed in the detection and treatment of cancer. Among the doctors returning were Dr. J. H. Shaw, Provincial Pathologist with the Dominion Department of Health and Welfare; Dr. J. A. McMillan, Charlottetown Hospital; Dr. T. A. Laidlaw, Prince Edward Island Hospital; and Dr. J. C. Simpson, Prince County Hospital. Dr. W. D. MacDonald, staff radiologist at the Charlottetown and Prince Edward Island Hospital, is presently at the Mayo Clinic studying diagnostic and therapeutic radiation methods. Dr. Shaw, Provincial Pathologist, studied techniques employed in pathology for the more rapid detection of cancerous involvement in tissues during a very intensive and instructive five weeks course. The three hospital surgeons, Drs. McMillan, Laidlaw and Simpson studied surgical refresher techniques with special reference to cancer. The physicians reported that many of the facilities at the Mayo Clinic were made available to them due to the fact that two of the staff are former Prince Edward Islanders. They are Dr. Malcolm B. Docherty from Cardigan and Dr. L. B. Woolner from Rustico. LONDON, April 30—(Reuters)—Desiree Ellinger, 54, British operatic and musical comedy star of the 1920's, died at her London home today. She had suffered from heart trouble for several years.

First Of Postwar German Immigrants To Arrive In PEI

Some months ago the state of war with Germany was officially declared by Canada as ended, and as a result German immigrants are once more being admitted to the country. Last night a German farm laborer arrived in the city, and left immediately for Stanley Bridge where he will be employed on the farm of Mr. Herbert McEwen. The young emigrant has had twelve years in school, and speaks English in addition to his own language. He has been working on his father's farm, and was also assistant manager of a large estate for a while with twenty-five farm hands under his charge. He comes to the Province highly recommended by the Canadian emigration officials, who screen all European applicants before they are approved for entry into this country. This screening takes into account the applicant's medical, political, and occupational fitness for citizenship in Canada. It is understood that now the ban has been lifted on German immigration, a considerable number of farm laborers, tradesmen, and very efficient domestics will be given entry to Canada. German domestics in particular have a fine reputation throughout Europe for thoroughness and reliability. Approximately 160 men have registered at the National Employment Office in Charlottetown for work on the new American air-base at Goose Bay, Labrador. Forty of these are laborers, thirty-five are carpenters, and the rest are made up of electricians, bulldozer operators, welders, mechanics, cooks, painters, and other tradesmen. An official of the contracting company will arrive in Charlottetown on Monday to interview the qualified tradesmen, who have filed applications. No laborers will be required for some weeks

City Rent Control Board Appointed

A three-man Rental Control Board was appointed by the Mayor and City Council yesterday to carry out the regulations of a City by-law respecting rentals. The by-law passed its third reading at noon today. The by-law is under authority of a Rental Control Bill passed at the last session of the Legislature. The members of the Rental Control Board are Messrs. James Murley, W. J. (Bill) Brown and Harry Hill. They will select their own chairman. According to the by-law, any two members of the Board shall constitute a quorum and any decision arrived at by two members and none will be interviewed at this time. According to information received from the American company's office in Moncton, the men being hired must be experienced, and able to pass a stiff medical examination.

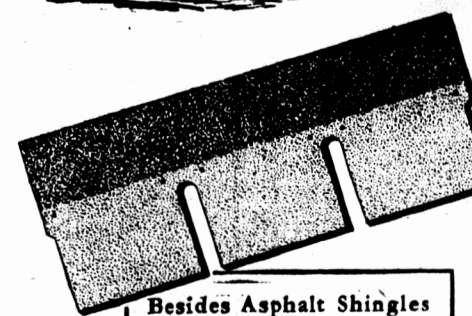

MATCH TRIAL TO RESUME

MONTREAL, May 2—(C.P.)—Trial of five match companies on a charge of forming or operating a Canadian match monopoly will resume next Monday, court officials said today. More than 1,200 exhibits had been entered at adjournment yesterday. The accused companies are Eddy Match Co., Federal Match Ltd., Canada Match Ltd., Commonwealth Match Co. Ltd., and the Valcourt Company.

Get right at the cause of Headaches

When edgy nerves and headache make life miserable, they may be "pain signals" from an upset digestive system, flashed to the brain along the sensitive Vagus Nerve—your Tenth Nerve. Bromo-Seltzer settles upset stomach, gets right at the cause of your headache and edgy nerves, brings fast relief. At the same time, Bromo-Seltzer soothes the Vagus Nerve and other nerves which may have added to your misery. Keep Bromo-Seltzer handy at all times, to help fight headaches. Ask your druggist for Bromo-Seltzer today.
