Christian Endeavor. — St. Paul's Christian Endeavor Society will hold a special meeting in the Rector's room at the close of the public service this evening.

The Presbytery.—The Presbytery of Prince Edward Island will meet in the hall of St. James Church, Charlottetown on Tuesday, the 4th day of August, at the hour of 11 a. m.—Thos. F. Fullerton, clerk of Presbytery.

Contract.—On Monday last Rev. J. J. Macdonald, pastor of Kinkora and Seven Mile Bay, entered intered into a contract with Messrs. Schurman, Lefurgey & Co., of this town, to finish the interior of Seven Mile Bay Church. The work is to be done in good style, and when completed the church will be a credit to the parish.—Summerside Journal.

Fruit Canning.—Messrs. Jones & McRae expect to open up their fruit packing establishment in a few days. They are now booking orders for jams and jellies in any quantity. Housekeepers can bring dishes of any size and have them filled with jams and jellies at lowest prices. For full particulars apply to Jones & McRae, next door to Central Creamery.

A Bad Mistake.—The Montreal Minerve remarks that there was no need to wait so long to finish the Chicago World's Fair medals, which were recently distributed, and have them contain on the reverse such a bad mistake as to make it appear that Christopher Columbus discovered America in 1892. The allegation is that the Roman ciphers read mdcccxii instead of mcccxcii.

Swimming Exhibitions. — Numbers of people who take advantage of the warm evenings to enjoy a row on the harbor are treated very often to the sight of a number of young men sporting about in the water, chiefly in the neighborhood of Connolly's Wharf. These young men are, for the most part, such good swimmers that a bathing suit would not be much of a handicap for them, and it is to be hoped they will take the hint and appear suitably costumed hereafter.

New Kind of Potato Bug.—A new kind of potato bug has been discovered in several counties of Pennsylvania, which is said to be a great deal more troublesome than the old pest. It is an insect about three times as large as the ordinary fly, and of full black color. It eats the vegetables from the top clean to the ground. Paris green and other poison have been tried upon them without effect. The farmers are much concerned and experts are puzzled.

Committed Suicide.—On Monday morning last the lifeless body of John Callaghan, aged 76 years, was found in Anderson's mill-pond, at Newtown, Belfast. Callaghan's hat and stick were found near the pond. The body was discovered by a man named Gillis, who pulled it ashore. The facts were reported to coroner Moore, and an inquest was held. After hearing the evidence of several witnesses the following verdict was returned: "That the deceased came to his death by throwing himself in the mill-pond whilst laboring under a fit of insanity."

The Review of Reviews.—The Review of Reviews for August, while largely given over to the issues of the Presidential campaign, finds space for the treatment of other important topics. Besides the character sketch of Mr. Bryan, the Democratic candidate for the Presidency, the Review has illustrated articles on Harriet Beecher Stowe and Dr. Barnardo, the father of "Nobody's Children." There is the usual elaborate resume of the current magazines; and the departments of "The Progress of the World," "Record of Current Events," and "Current History in Caricature" answer the typical American demand for what is up to date and "live."

The Wheel.—The road race on Monday evening next for this year's riders only, under the management of the C. W. A., will start from near Boyle's tannery, and the course will be along the Lower Malpeque Road to Highfield, returning by the Upper Malpeque Road, the finish to be near Spring Park. The first prize will be a pair of light road tires, worth about ten dollars, kindly given by Mr. Mark Wright. Three other good prizes will also be awarded. The entrance fee will be fifty cents and all entries must be in the hands of the secretary, Mr. E. H. Beer, at his office on Saturday evening next at six o'clock. All the racers will be started together, and the contest promises to be close and exciting.

MARRIAGE BELLS.

At Zion church this morning, at seven o'clock, the marriage of Miss Jean Nash, daughter of S. C. Nash, Esq., of the Inland Revenue Department, to Mr. David Inglis, of Flatland, N. B., was celebrated. The pastor, Rev. David Sutherland, performed the ceremony. Miss S. Nash, sister of the bride, was the bridesmaid, and Mr. Wm. Laird was groomsman. The church was tastefully decorated by the young ladies of the congregation, with whom the bride is a general favorite. Immediately after the ceremony the couple left by the morning train for the wedding trip. The many presents received by the bride made a flattering tribute to the esteem in which she is held. We join in the congratulations

Poisoned.—The Summerside correspondent of the Guardian reports that one evening last week Mr. Michael Delaney, merchant, Tryon, who is well known in Charlottetown, while handling a case of Paris green found that two of the cans had become opened and the contents were sprinkled over the remaining cans. While dusting those Mr. Delaney inhaled the particles of poison, and in a few hours was suffering severe pain. Dr. Robertson of Crapaud, was summoned, and finding it to be a severe case of poisoning, from the effect of which his patient was badly swollen, he at once set himself to the successful administration of antidotes. During the next two days, despite the careful treatment, Mr. Delaney continues to suffer from the results of the poison. He has now completely recovered, but there is no doubt that the inhalation of a few more particles would have had a fatal termination.

Police Court.— To-morrow will be Scott Act day. There are three cases on the docket.

CONSECRATION OF ST. PAUL'S CHURCH

An Imposing and Dignified Ceremony Performed by the Bishop of Nova Scotia

The consecration of the new St. Paul's Church took place this morning, the function being performed by the Lord Bishop of the Diocese. The following clergymen were present: Rev. H. J. Andrews of Crapaud; J. M. Forbes, of Alberton; T. B. Reagh, Milton; A. Osborne, Summerside; H. Harper, Port Hill; T. H. Hunt, Charlottetown.

The congregation filled the church, when at 11 o'clock the clergy, church wardens and vestrymen marched from the vestry door down the aisle to the front entrance of the building.

At the outside door they were met by the Bishop and Rev. Alfred Osborne who officiated as Chaplain. Then the petition praying for the consecration of the church was read by H. J. Cundall, Esq., senior churchwarden, and the Bishop was formally asked to consecrate the building.

The ceremony then began by the procession returning along the centre aisle, the Bishop and the clergymen repeating alternately the verses of the 24th Psalm as they walked. Arrived at the chancel the clergy took their places in the stalls, while the Bishop proceeded to the communion table. Here he received the deed of the Church, and then proceeded to the different parts of the church, where he offered up the usual prayers of consecration, following which the Chaplain read the Sentence of Consecration.

After this the rector, Rev. T. Bryan, read morning prayer, the first lesson being taken by Rev. Mr. Harper and the second lessen by Rev. J. Forbes. The special Psalms were the 84th, the 122nd and the 132nd.

Then followed Hymn No. 379, after which His Lordship proceeded to celebrate the Holy Communion. After the creed Hymn No. 104 was sung at the conclusion of which the Bishop ascended the pulpit and preached a most earnest and inspiring sermon from Philippians 1, 9-11, for which we regret to say both time and space prevent us giving a summary.

The anthem sung after the sermon was "Except the Lord build the house," and was beautifully rendered by the choir. Indeed, the musical part of the service was exceptionally good. The congregation of St. Paul's deserves the highest praise for their efforts in thus dedicating for the service of God such a beautiful building as the new St. Paul's, which now stands unencumbered by debt and one of the handsomest houses of worship to be found in the provinces.

KING'S COUNTY EXHIBITION

Agricultural Meeting and Horse Races—Changes in Prize List

Last week two important meetings were held in connection with the exhibition at Georgetown on Sept. 30th.

The meeting of the committee appointed conjointly by the Provincial Government and the King's County Exhibition Association on Wednesday, the 22nd inst., was attended by Thomas Kickham, Esq., Souris West; Henry Brehaut, Esq., Murray Harbor South; G. B. Aitken, Esq., M. L. A., Lower Montague; D. A. McKinnon, Esq., M. L. A., and Arch J. Macdonald, Esq., M. L. A., Georgetown; Leslie Poole, Esq., Aitken's Ferry, and F. G. Bovyer, Esq., Georgetown Royalty. Henry Brehaut, Esq., was appointed chairman and Geo. F Owen, Cardigan, secretary. The prize list for 1896 was then considered and the following changes and additions were made to that of last year, viz., in class I, horses, 1st, 2nd and 3rd prizes were given for the best cart mare or gelding any age, and the sections giving prizes for fillies were changed, so that geldings should also be entitled to compete. For class 2, cattle, nine sections, comprising 27 prizes, were added for pure bred Quebec Jerseys, and prizes were given for pure bred Holstein bulls and heifers calved in 1894, 1895 and 1896. The words "to be milked before judging" are struck out of section for best milch cow, any breed. The increased prizes for cattle amount to $133. In class 3, sheep, one dollar extra on each prize was given in sections 1, 2, 3, 7, 8 and 9, and a regulation was added that flock exhibits may include lambs, yearlings and ewes having reared lambs this season. For class 4, pigs, a large increase of prizes was given, 1st, 2nd and 3rd prizes being offered for best boar any age, Yorkshire or Chester White, best Yorkshire, Berkshire, Tamworth and Duroc Jersey boar, respectively, under 7 months, with registered pedigree; also for registered sows of same breeds and age, and for fat pig, any age, and less two fat pigs, under 7 months. Second and third prizes were given for pure-bred Yorkshire Berkshire, Tamworth and Duroc Jersey boars, with registered pedigrees, any age. These additions make the prize list for pigs $61 larger than it was in 1895, and should bring out a grand show in this class. For class 5, poultry a great many additional prizes are offered, including prizes for Bronze Turkeys, Pekin Duck and Bamburgs, Wyandottes, Black Spanish, Langshans, Andalusians and other varieties of fowls. In class 6 the prizes for factory cheese have been increased to $10 for first, $6 for second, and $4 for third. A number of changes were made in class 7, grain, and additional sections added for new varieties of oat, six-rowed barley and wheat, one bushel of each to be shown. For class 2, fruit, a considerable increase was made in the varieties for which prizes are offered, and some changes were made in other classes, which will more fully appear in the prize list, which is now in the printer's hands. Amendments to the regulations were suggested, and the committee separated after putting in four hours steady work.

A meeting of the managing committee of the King's County Exhibition Association was held on Saturday, at which Hon. D. Gordon, Capt. Mal. McDonald, D. A. Mackinnon, Arch. J. Macdonald, F. G. Bovyer, Wm. Gordon, Nathaniel McLaren, George B. Aitken, H. J. McPhee, G. A. Aitken and George F. Owen attended. The minutes of the Prize List Committee meeting having been read and approved, were adopted by the Association, and the changes made were ordered to be published in the prize list.

A letter from J. J. Hughes, Esq., Souris, offering first, second and third prizes for best foals sired by his stallion, Billy McKie, was read, and the offer was accepted. After some bills had been disposed of the committee considered the regulations to be adopted for the successful carrying out of the Exhibition.

G. B. Aitken, Esq., M. L. A., suggested that inducements should be held out to persons in outlying sections of the county to attend the exhibition at Georgetown and exhibit their stock. The following motion was proposed by Mal. McDonald, Esq., seconded by Nathl. McLaren, Esq., viz., That the King's County Exhibition Association will pay 50 per cent. rebate of railway and steamboat freight for all exhibits of live stock (excepting horses) owned outside of a radius of twenty miles from Georgetown, provided entries are made with the secretary at least three days before Sept 30th, and that animals so entered are shown on exhibition grounds on that day.

It was moved in amendment by D. A. McKinnon, seconded by Wm. Gordon, that the matter of transportation of stock exhibits be referred to a committee of three to enquire into and make arrangements with the railways and steamboats, said committee to report at next meeting of managing committee.

After considerable discussion, the amendment was carried, and the following committee appointed, viz., D. A. McKinnon, A. J. Macdonald and Mal McDonald.

On motion of D. A. McKinnon, seconded by Wm. Gordon, it was resolved that arrangements be made for holding an agricultural meeting similar to the one held on exhibition day last year, and that trotting races be held between the addresses of each speaker.

It was also resolved that a purse of $75 be offered for three-minute class trotting or pacing, with following conditions, viz:—Entries to be made Sept. 22. Five to enter and three to start. Purse divided into four moneys, 50, 25, 15 and 10 per cent. Entry fee, 5 per cent. of purse with nomination and 5 per cent. additional from winners; open to horses owned in P. E. Island. The directors to take charge of the several classes at the Exhibition were then appointed and some other matters having been attended to the meeting dispersed. Judging by the interest taken in the King's County Exhibition this year by the committees appointed; by the increased grant given by the Provincial Government; by the largely increased prize list and by the excellent idea of having an agricultural meeting at which able men will deliver practical addresses on farming, stock raising and horticultural subjects, there is little doubt that the Exhibition at Georgetown will be a great success. The project of having a trotting race between each of the addresses on agricultural subjects is also a new idea that should be satisfactory to the public, and with fine weather, there will be one of the best Exhibitions at Georgetown that has yet been held there. The management will do their part and it is to be hoped that every farmer in the County will prepare some exhibits.
