

Loveliness. Once I knew a little girl, Very plain; You might try her hair to curl, All in vain; On her cheek no tint of rose Paled and blushed, or sought repose; She was plain. But the thoughts that through her brain Came and went, As a recompense for pain, Angels sent; So full many a beauteous thing In her young soul blossoming, Gave content. Every thought was full of grace, Pure and true; And in time the homely face Lovelier grew. With a heavenly radiance bright, From the soul's reflected light Shining through. So I tell you, little child, Plain or pure, If your thoughts are undefiled, You are sure Of the loveliness of worth; And this beauty not of earth Will endure. —St. Nicholas.

Fact and Rumor.

The powerful electric light at the Calumet and Hecla mines, can be seen 42 miles away by vessels on Lake Superior.

Mr. Keel, of Detroit, in writing to Castle Garden for a wife, is careful to say, "A Red hair person need not apply."

Paris bonnets are now provided with a mansard, in which is stored the knot or coil into which the hair is twisted on the top of the head.

Father Ryan says free schools were first established in Ireland, and then in Italy and France, although New England claimed that honor.

There has recently been discovered in France, a curious old manuscript of versified biography of St. Thomas of Canterbury.

The approaching close of the Mahometan thirteenth century, which occurs in November, has furnished the Moslems with a pretext for predicting the end of the world at the same time.

"Why do oarsmen 'claim foul' so often, Mr. Spicer?" said Miss Sugarlips, who was reading an account of a boat race. "I suppose they get chicken-hearted and feather their oars," said Seth, as he scratched his own skull thoughtfully.

At a recent conversation at Port Elizabeth, South Africa, a splendid dress was exhibited, which had been worn by a Countess of Airlie at a ball given by Prince Charles Stuart in Holyrood Palace, Edinburgh, in 1745, in honor of the victory gained at Preston Pans.

Professor Huxley, on hearing recently that there were many new houses in the best parts of London which had no connection with the main sewer, remarked that he hoped the London Sanitary Protective Association might soon obtain power from Parliament to hang a few builders.

Pat had been engaged to kill a turtle for a neighbor, and proceeded immediately to cut off its head. Pats attention was called to the fact that the turtle still crawled about, though it had been decapitated, and he exclaimed:—"Shure the baste is entirely dead, only he is not yet conscious of it."

The world would be much better off, and happier, if people took more time to think. There would be fewer lawsuits and fewer quarrels if men and women cultivated the habit of reflecting and of taking time to reflect. Think before you act, and you will seldom have cause for remorse after acting.

The editor of the Central Baptist, having seen it stated that the Rev. Mr. Spurgeon had said he would "rather be a cannibal than a close communion Baptist," wrote to him respecting the truth of the report. In reply, Mr. Spurgeon said, "I never thought so, and certainly never said so, I have not the slightest wish to be one or the other."

Prof. Lewis, an English physician, stated at the International Medical Congress in Amsterdam, that the children of English soldiers in India who were brought up in the hills from 5,000 to 7,000 feet above the sea level were always more or less unhealthy and weak in constitution, though, if they were sent to Europe in time, they might generally lay the foundations for robust health.

An Iowa paper prints this somewhat comical statement:—"Mrs. M. Baker, of Lone Tree, has just finished a silk quilt which she has been seven years in making. It has the solar system worked in completely and accurately. The lady went to Chicago to view the comet and sun spots through the telescope that she might be very accurate. Then she devised a lecture in astronomy from it."

SCROFULA

and all scrofulous diseases, Sores, Erysipelas, Eczema, Itchings, Ringworms, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores. "Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me. Yours respectfully, MRS. ANN O'BRIAN, 125 Sullivan St., New York, June 24, 1882.

All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge. The well-known writer on the Boston Herald, B. W. BALL, of Rochester, N.H., writes, June 7, 1882: "Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a complete cure. I consider it a magnificent remedy for all blood diseases."

Ayer's Sarsaparilla stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility, and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality. It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease.

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; price \$1, six bottles for \$5.
