STRIKE TO TIE UP SECTION OF UNITED STATES RAILROADS

Reds Land Reinforcements On Hainan Island

Cadet Training Touches Off Fight In Winnipeg

WINNIPEG, April 19 (CP)—Two groups drew battle lines today over the question of cadet training in Winnipeg schools.

The Manitoba and Lake Superior Branch of the Canadian Infantry Association touched off the fight with a charge recently that pro-Communists, by their vocal opposition, had stilled cadet training in Winnipeg and other Manitoba schools.

Last night the controversy flared at a school board meeting at which Mrs. Margaret Chunn, Roland Penner and W. G. Doneleyko spoke against any further extension of cadet training, now on a voluntary basis in Winnipeg schools.

Reserve Decision In Election Appeal

HALIFAX, April 19 (CP)—The full bench of the Supreme Court reserved decision today on an appeal to determine who—if any one—won the Hants West seat in the Nova Scotia election last June.

George Cole, Liberal candidate, appealed the decision of Mr. Justice W. L. Hall who awarded the seat to Progressive Conservative George Wilson, now sitting in the Legislature.

To Change Date Next Year For Lobster Season

OTTAWA, April 19 (Special)—Changes in the opening date of the lobster-fishing season in the Maritimes will be put into effect for 1951. The Guardian learned here today. To avoid inconveniences occasioned by the season opening on a Sunday or Monday when May 1 falls on those days, an attempt will be made to fix the opening date on the same day of the week each year.

No change will be made this year, and the lobster season will open May 1 as usual.

N. B. To Proceed With Sales Tax

FREDERICTON, April 19 (CP)—The four per cent retail sales tax planned for New Brunswick may sometime be collected by an indirect method. Premier McNair hinted today in ending the budget debate in the legislature.

ROCK SLIDE CLEARED

VANCOUVER, April 19 (CP)—Service has been resumed on the Canadian Pacific Railway main line following clearing of a big rock slide at Beavermouth, 300 miles east of here. A freight train struck the slide and the locomotive was derailed. No one was injured. Trans-continental trains are due to reach Vancouver tonight, 14 hours behind schedule. Three westbound trains waited at Field, and three eastbound were held at Revelstoke while the slide was cleared.

Charge Truck Drivers In Hit And Run Killing

TORONTO, April 19 (CP)—Two young truck drivers were accused today of striking down two little girls March 31 and leaving them to die on a roadside.

Nationalists Show Signs Of Anxiety

(By Spencer Moosa)
TAPEI, Formosa, April 19 (AP)—Reports from the flaming battle on Hainan Island tonight said the Chinese Reds have landed fresh troops in small numbers and the Nationalists have brought in more planes.

The arrival of reinforcements indicates the big Red drive to take Hainan is on.

Czechs Exel U. S. Press Attache

PRAGUE, April 19 (CP)—Czechoslovakia today ordered the American Information Services here to shut down and expelled the American press attache, declaring he supplied false reports for broadcast by the "Voice of America."

Death Yesterday Of Mr. Harry T. Holman

The death occurred at his home on Beaver Street, Summerside, last evening of Mr. Harry Tinson Holman, formerly president of R. T. Holman Ltd., and one of the most prominent business men in the province. He was in his 75th year.

The late H. T. Holman

Mr. Holman had been retired from active participation in business for the past five years and while his health had not been robust he seemed well yesterday morning and busied himself about his lawns and yard, it being a fine spring day.

About noon he suffered a heart attack which did not, at the time, seem serious but he gradually grew weaker and passed away in his sleep about 8.30 p.m.

The late Mr. Holman first entered the family business in 1892 as a lad in his teens. Under the exacting eye of his father, the late R. T. Holman, he began at the bottom of the ladder, sweeping the floors and cleaning the numerous lamps in the then large store. It was not long, however, before he began to wait on customers and gradually work his way through the various departments.

In 1906, on his father's death, he took over the presidency of the company in which capacity he served till his retirement. Mr. Holman was always keenly interested in Summerside and Prince County in general and

every effort that developed for the welfare of the community found him a staunch supporter and ardent worker.

As president of the firm he saw the business develop under his own and his brother's (the late J. LeRoy Holman) direction until it became one of the major

Active Year For The Girl Guides Reviewed At Annual Meeting

Increased membership and new companies being formed was the report of the Commissioners to the three counties at the sixteenth Annual Meeting of the Provincial Girl Guide Assoc., held yesterday at the Charlottetown Hotel.

Miss Iphigene Arsenault, Queen's Division Commissioner, reported increased membership, new companies and packs have been organized, and work accomplished was of a very high calibre.

Miss J. Gordon MacDonald, Provincial Commissioner presided at the meeting and welcomed those present. She also expressed deep regret at the absence from the

meeting of Mrs. Harry Oudmore, Deputy Provincial Commissioner. Minutes of the previous annual meeting were read by Mrs. G. B. Whiteside, Assistant Secretary, after which the financial statement was given by Mrs. Louis Sadler, Secretary-Treasurer. The receipts for the year were \$2,843.08 and the expenditures covered money paid out for Field Secretary's salary, office expenses, camp expenses, supplies from Headquarters, etc. totalling \$1,858.73, leaving a balance of \$984.35.

Reports Presented
Miss Suzanne MacKinnon, Provincial Camp Commissioner, reported camping to be quite satisfactory, but stressed the need for more licensed campers.

Mrs. H. L. Palmer of the Finance (Continued on Page 5 Col. 1)

110,000 Firemen And Enginemen To Quit April 26

Dispute Involves Extra Man On Multiple-Unit Diesel Locomotives.

CHICAGO, April 19 (AP)—The Brotherhood of Locomotive Firemen and Enginemen announced today that its members will strike at 8 A.M. local time April 26, tying up a vital segment of the United States rail system.

The strike is against eight railroads, four of them in the New York Central Railroad system. The strike is called to support the union's demand for an extra man on multiple-unit diesel locomotives.

The strike is legal because all the dispute-settling provisions of the National Railway Labor Act have been exhausted without success.

The union claims 110,000 members. David B. Robertson of Cleveland, president of the union, left the door open to a possible pre-strike settlement, however, saying:

"If they (the railroads) feel some progress is being made toward settlement, the strike may be postponed."

He said that the union would set up picket lines and that the strike might spread later to other lines.

"We do not believe members of other unions will cross our picket lines."

The strike was called against the following roads:
The Pennsylvania system west of Harrisburg; New York Central west of Buffalo; Michigan Central west of Detroit River; the C. C. C. and St. Louis (big four); the Ohio Central Lines; Santa Fe (proper); Santa Fe (coast lines); the Southern Railway System.

The strike will not affect the New York Central line which runs through Western Ontario between Buffalo and Detroit. This is controlled by the Michigan Central, and the strike is only effective on that line west of the Detroit River.

A spokesman for the union said the strike is against all trains on these lines and not just on their diesel-powered trains.

The strike announcement was handed to reporters by David B. Robertson, Cleveland, president of the union, and William Gilfill, chairman of the union's diesel committee.

The unions want a third man added to double- or triple-section engines. The present crew is two—fireman and an engineer.

The firemen's union also wants a fireman assigned to a number of small diesels now operated principally in yard service by a lone engineer.

Revoke Doctor's Licence In Mercy-Killing Case

CONCORD, N. H., April 19 (AP)—The New Hampshire Board of Registration in Medicine today revoked the licence to practise of Dr. Hermann N. Sander and found that "his moral character... is such as to require revocation of his licence under the law."

In a decision of the five-man board announced by its secretary, Dr. John S. Wheeler, the board said "no application for reinstatement by Dr. Sander will be entertained prior to June 19, 1950."

Parkdale Residents Ask Plebiscite On Incorporation Question

A petition that a plebiscite of Parkdale residents be held to determine whether or not they are in favor of that area incorporating was signed by nearly all property holders present at a meeting in Parkdale Hall last night. The meeting called by the Parkdale Men's Association was presided over by Mr. Maurice MacAleer.

The petition will be forwarded to the sheriff who must hold the plebiscite within 30 days. A favourable vote of the residents will show the willingness of the Parkdale residents to incorporate and will necessitate the appointment of three commissioners by the Lieutenant-Governor to represent this area.

These commissioners will retire on the first Tuesday of February on the year after the area has decided to incorporate and on the same day an election of the residents will decide who shall represent them as commissioners. These commissioners shall speak as the official representatives of the people according to the residents' wishes.

About 75 people were present at the meeting and practically all signified their intentions of desiring to incorporate. Their main reason for incorporating was from the water and sanitation problem. Almost half the families present indicated they were without city water.

The act under which they will incorporate enables the inhabitants of certain villages to supply themselves with certain services. It was completely read by Mr. MacAleer who capably answered question after question which arose during the two and one half hour meeting.

A film on pure and impure water in the United States was shown at the beginning of the meeting. Another meeting will be held early in May.

LONDON (CP)—Air Commodore A. P. Kevington, Air Officer Commanding No. 46 Group, Transport Command, has been appointed Senior Air Liaison Officer with the United Kingdom Liaison Staff in Canada.

THE first tests this new antibiotic seem to cover a wider range of diseases than penicillin. Terramycin kills some types of germs which are resistant to penicillin. It kills equally well among the two great classes of germs, the gram-negative and the gram-positive. It kills some viruses also.

This new remedy was good for primary atypical pneumonia, a disease which has not been highly fatal, but for which there was no medicine. This pneumonia made people too weak to work for weeks or months.

Terramycin has quickly cured relapsing fever (ducellulosis). Numerous cases of lobar pneumonia were cured, and still other kinds of pneumonia caused by a mixture of different germs.

Strep sore throats and tonsillitis were relieved. Peritonitis, erysipelas, kidney infection, breast abscesses, brain abscesses, gonorrhoea and whooping cough were healed.

One case of sub-acute bacterial endocarditis, a formerly fatal heart trouble, was cured. Another was not.

Bronchitis, broncho-pneumonia, liver abscesses, scrub typhus fever, American murine typhus fever and shingles also were cured.

FLEES COMMUNISTS
BERLIN, April 19 (AP)—The son of a deputy prime minister of Soviet-occupied East Germany today became a political refugee in West Berlin. Ralph Kastner, whose father is leader of the Eastern Liberal Democratic Party, announced he had fled with his wife and children to escape "unbearable Communist pressure."

charge was read and calmly chewed a stick of gum.
She told the court she was born in Upper Tantallon, a small village about 20 miles west of Halifax, and had left school while in fifth grade. Police said she had been in custody here since Monday awaiting transportation to the Coverdale Home for Girls at Moncton, N. B., after being sentenced to two years on a vagrancy charge.

The charge gave the baby's name as "Evelyn Marie Harnish" and said the murder occurred between March 10 and April 10.

Today's event climaxed an intensive three-day police probe. Detectives said the charge was laid after information had been received which identified clothing the baby wore and led them to believe Miss Harnish was the slain baby's mother.

A WISE MAN ALWAYS BUILDS HIS BRIDGES AHEAD OF HIM!

MINIMUM and maximum. Victoria 25 35; Regina 30 46; Winnipeg 28 37; Toronto 45 60; Ottawa 35 64; Montreal 41 54; Quebec 30 52; Saint John 36 55; Moncton 35 49; Halifax 40 60; Charlottetown 31 44; Sydney 31 44; Yarmouth 38 57; St. John's 28 33.

HALIFAX, April 19 (CP)—Official forecasts issued by the Dominion Public Weather Office at Halifax.

Synopsis: Wednesday was a fine mild day in most regions of the Maritimes, although cold winds off the water kept temperatures lower in many coastal sections. Blawie Airport and Halifax both reached 60 degrees but at Sydney and Charlottetown the highest temperature was 44.

Thursday will be fine and mild early in the day, but a band of showers moving eastward from Ontario will spread into the district in the afternoon.

Regional forecasts valid until midnight Thursday:
Prince Edward Island: Clear becoming cloudy about noon Thursday. Showers in the evening. Milder Thursday. Light winds. Low early Thursday morning and high in the afternoon at Charlottetown 25 and 54.

High tide today at 12.55 A. M. and 12.12 P. M.
Sun rises at 5.21 A. M. and sets at 7.03 P. M.
Summerside tide eighteen minutes later than Charlottetown.
