Alberton and West Prince County

2 The Guardian, Charlottetown, Mon. March 18, 1963.

Cars Collide In Heavy Drifting In W. Prince

ALBERTON — During heavy drifting early Saturday morning two cars met head-on in a deep cutting at Rosebank. Christopher Wells of Ottawa, driver of one car, was taken to the Western Hospital in Alberton for treatment to facial cuts.

The other driver, Kerry Campbell, Alberton, also received cuts and bruises but did not require treatment

Both cars received considerable damage.

Highways in West Prince were closed or in an extremely dangerous condition all day Saturday. At one time drifting was so heavy, snow plows were taken off for several hours.

The main highways were plowed out Saturday evening. Cuttings are high for many miles on the highway from Bloomfield to Tignish.

Thirty-eight Alberton school children who attended youth night in O'Leary community rink Friday were brought back by train when those in charge decided against returning by school bus in almost zero visibility.

For most of the pupils, some 17 years of age, it was their first train trip.

Thirty or so Tignish children who attended the sports event managed to reach Alberton by bus despite severe drifting.

At Alberton they boarded the train for their homes in Tignish. Heavy drifting continued all day Saturday.

Scientists Sect Official Objects To Medical Claim

WINNIPEG (CP)— A Christian Science spokesman has objected to a statement attributed to an Alberta medical health officer that Christian Sc entists are partly responsible for a diphtheria outbreak in the Fort Macleod area.

Dr. Kurt Adler, medical health officer of Chinook health unit, was quoted as saying Wednesday the Black Stocking sect of the Dutch Reform Church and Christian Scientists are partly responsible because they refuse to be immunized and that he would quarantine any family refusing immunization.

Stephen J. Sametz of Winnipeg, spokesman for the Christian Science committee on publication for Manitoba, said in a statement his information from the Alberta committee was that: "Two children in a Christian Science family living on a farm showed signs of a disorder more than a common one; that under the provincial statutes of Alberta the parents can claim exemption for their children from immunization; and that the medical officer was so informed.

"They were quarantined by Dr. Adler in short order.

Miscouche Man Killed In B.C. Was Mechanic, Bush Pilot

MISCOUCHE — A premature explosion of dynamite at a British Columbia mining site Friday resulted in the death of Maurice Gaudet, 25, son of Mr. and Mrs. Cyril Gaudet, of Miscouche, P.E.I.

The deceased was killed by the explosion which took the life of another man and injured a third.

The men had been preparing to blast loose a seized-up wheel from the shaft of a mining shovel, and the charge went off as it was being packed with mud by the two men who were killed.

The former Miscouche man, while a member of the Summerside Air Cadet Corps attending school in Miscouche, had won an air cadet flying training scholarship, and learned to fly at Moncton.

Later while a member of the Royal Canadian Mounted Police he obtained his commercial pilot's license, and left the RCMP to fly as a bush pilot in Northern Canada.

While serving in this capacity he studied mechanics, and obtained his mechanic's licence in British Columbia, where he was at the time of his death employed with the Texada Iron Mines on Texada Island.

In addition to his parents, Mr. and Mrs. Cyril Gaudet, in Miscouche, the deceased is survived by the following brothers and sisters: Thomas, in Toronto; Delores, nurse in training at Pince County Hosspital; Wilhemia, student at Summerside Vocational School; Lloyd, student at Miscouche Regional High school; Paul, at home; Sylvia, student at Miscouche High School; Charles, Grace, and Marian, students at Miscouche Elementary School; and Gordon, at home.

The funeral will be in Miscouche following arrival by air from British Columbia, and completion of funeral arrangements.

Legislature met for luncheon and spent several hours discussing various matters for inclusion.

Details regarding the brief were not released, but it is expected to suggest various means of maintaining the industry on its present plane as the second greatest revenue producer in the Island economy.

It is also believed the brief will contain reference to desirability of easing liquor control regulations in view of the great number of visitors expected in th province next year.

Members of the committee charged with preparing this year's issue of the tourist map of The Island reported and chairman LePage stated the task of contacting all members for their fees and listings on the map would be completed by the end of the coming week. Mr. LePage stated he expected to send the map to the printers by the end of this month.

CLUB CO-OPERATES

Close co-operation with the Lions Club in providing accommodations for their members at the big convention next year has been offered the local club representatives, Frank Pellerin stated, as he told of his committee's past meetings with Lions to iron out various details. It was stated work of assigning the accommodations at the time will be handled by the Travel Bureau.

Final plans for entertainment of visiting Quebec newspapermen next June were also outlined to the directors and approved. The visitors from Montreal and Quebec City will be guests at Cavendish, Summerside and Charlottetown during the week as well as being taken to various other sections of the province to view its attractions and facilities. They will travel here via Trans Canada Airlines and Maritime Central Airways.

O'Leary Native Opens Business

O'LEARY — A new meat market and bakery opened recently under the management of F. Arnold MacDonald and his wife, the former Florence Jelley daughter of Milford Jelley. Mr. MacDonald, an O'Leary native, returned home about a year ago following 10 years in the RCAF. They have two sons and a daughter.

Mrs. N. Richard, Tignish, Dies

TIGNISH — Mrs. Narcisse Richard passed away Friday at the Western Hospital in her 87th year.

Left to mourn her passing are her husband and four daughters, Philomene, Mrs. Izaire DesRoches, Tignish; Mary, Mrs. Charles Pitre, Tignish Shore; Mary Rose, Mrs. Joseph Bernard, St. Louis; Miss Zilienne, at home.

Her remains are resting at the home of her daughter Mrs. Izaire DesRoches. The funeral will be held this morning from the Church of St. Simon and St. Jude, Tignish at 10 a.m. Interment will be in the church cemetery.

City Council To Study Garbage Disposal Plan

By RALPH CAMERON
Guardian-Patriot Staff Writer

Plans for garbage collection and disposal in this city, as contained in city engineer Norman Stewart's recent report, will be discussed by city councillors at a meeting scheduled for tonight at City Hall.

Councillor Arthur Gormley chairman of the public property committee, asked for the meeting so he could discuss with other councillors recommendations made by Mr. Stewart.

COMPULSORY COLLECTION

The report proposes compulsory, city-paid garbage collection, using fully enclosed Packer trucks, and erection of a 'teepee' type incinerator.

In connection with the type of pickup service to be given, the report proposes what is known as the 'yard' type, which means collectors will pick up containers at a point toward the rear of the residence and five feet from the front wall. This is suggested instead of curb pickup for aesthetic reasons, and in preference to a back door pickup as being too far for collectors to go.

Mr. Stewart's report also went deeply into the various kinds of incinerators he believed practicable for this city, but while mentioning four, discards three as either too expensive or not entirely satisfactory.

It is also proposed to have a once-weekly pickup of refuse in residential areas, and more frequent service for commercial establishments and institutions, such as hospitals.

LOW COST FACTOR

In deciding on the "teepee" type of incinerator Mr. Stewart was guided by the low cost of construction which he estimates at approximately $25,000 compared to $300,000 for a Nicholls Monohearth and comparable costs for others.

Admitting the sanitary land fill method is the cheapest, he also sees it as being unsuitable for several reasons: difficulty of using trucks and tractors in wet seasons of spring and fall due to mud, and the impossibility of working frozen clay fill in the winter. He also notes the objectionable factor of frequently blowing papers and cardboard.

If a decision is reached by councillors tonight it is probable the incinerator will be built on land near Riverside Hospital rather than on the East Royalty farm purchased by the city last year. Use of the farm was objected to by residents of the area and their objection was supported in provincial government circles which offered the Riverside site as an alternative.

Carleton Siding School Observes Education Week

CARLETON SIDING — Education Week was observed in Augustus Cove School. The visitors were entertained in the primary department by a current events contest between grades two, three and four, and a spelling match in grade five. The teacher, Miss Jean MacWilliams, conducted the match.

In the senior department, Mrs. Wendell MacFadyen asked grades seven and eight to point out places on the map of South America, and Mrs. Vernie Webster asked current events questions to grades nine and ten, who were contesting against grades six, seven and eight. The contest was won by Miss Joanne MacFadyen.

Then the visitors and pupils were entertained by slides and remarks on Scotland by Rev. Kenneth W. R. Cameron of Cape Traverse.

Mr. Cameron was thanked by the ladies present and by the pupils who enjoyed the beautiful and instructive slides.

Visitors and pupils were treated to candy by the teachers Miss Jean MacWilliams and Mrs. Doris MacWilliams, who were thanked by the visitors for a pleasant and entertaining afternoon
