LECTURE.—There will be a lecture in St. Patrick's Hall this evening at 8 o'clock, under the auspices of the League of the Cross. Father McMillan is the lecturer, and the subject "The Duties of Young Men."

FROM HALIFAX.—The steamer Fastnet, Captain Hopkins arrived here from Halifax on Wednesday evening at nine o'clock with the usual miscellaneous cargo. She sailed on return at 2 o'clock on Thursday morning with the usual cargo and two passengers.

GOING UP.—Insurance on certain risks in Halifax is to be put up 50 per cent. This is the result of the recent disastrous fire on Water Street, which was aided considerably by the immense quantity of kerosene oil stored on and about the wharves.

THEY'VE GOT THE FEVER.—Two well known local pugilists have agreed to meet in a fifteen round contest in a few weeks. Both men are evenly matched and the sports predict a lively "go." It will be a private affair, a limited number of spectators being admitted at two dollars a ticket.—St. John Sun.

FOR BOSTON.—The steamer Carroll, Captain Hansen, left for Boston about half past twelve this morning with a general cargo and the following passengers: John Owen, Mrs. John Owen, Maggie Owen, A. Owen, J. T. Owen, Mary Ann Owen, W. Owen, M. Currie, M. Kitchham, F. Brown, Mrs. W. Stevenson, Mrs. Burns, Tillie Burns, Miss Burns and Miss M. Sharrow.

COAL MINE RUMOR.—Among the many stories going the rounds with regard to the Nova Scotia coal mines is that the Cape Breton mines are to be purchased by an American syndicate who will send the output to the American market. This will give the Springfield and Joggins people the Upper Canadian market and will be a big thing for the owners of these properties.

A GRAND SHOW.—Prowse Bros' new store to-morrow evening will be the centre of attraction. Everyone in town should try and have a look at their window, and also walk inside and buy one dollar's worth of goods or over and receive a handsome present. All are invited and as welcome as the flowers of May. In fact the boys will feel badly if the public don't take advantage of their generous offer.

SS. BRITANNIA.—Steamer Britannia was safely raised by the Boston Towing Co. and proceeded under her own steam from Barrington to Boston, arriving at the latter port Sunday afternoon last. She will be immediately repaired and refitted with all her original luxury and elegance, and after her winter service in the West Indies will be overhauled and refitted to carry four hundred passengers, and take her place upon the northern route early next spring.

THANKSGIVING DAY was generally observed in this city. There were the usual services in the churches and most of the stores and places of business were closed. The weather in the forenoon was bright and clear, but in the afternoon there was a heavy snowfall, followed by hail and rain. In the forenoon a match game of football between the Junior Abegweits and the Prince of Wales College was played on the Park; but the game scheduled for the afternoon did not take place, the Pictou team failing to appear. In the evening, notwithstanding the wet and disagreeable weather, there was a large attendance at the organ recital in St. James' Church.

SEWERS FOR SUMMERSIDE.—The Farmer says: Mr. Swinburne, the civil engineer, was here on Tuesday, and that evening the town council held an informal meeting to hear what he had to say. He gave it as his opinion that we could have a system of drainage without water works. In that case it would be necessary to construct brick tanks at the head of main drains into which the sewage from some of the houses would empty, and when this filled to a certain height it would automatically empty and flush the main drains. He said a survey of the town would be useless as a means of making an estimate unless a plan was made. A map of the town was given him, and it is understood he will make a rough estimate of what a system of sewerage would probably cost.

THE TURF.—Stamboul again takes the world's stallion record. At Stockton, Cal., on the 9th, he went a mile in 2.08 ft.

Harry Lydard, the Kentville horseman, has always been among the best known drivers, but this year, by his clever work, he has brought himself into greater prominence than ever before, being the only driver in the three provinces to give three horses a record of 2.35 or better during the past season. He gave Erica Morgan a record of 2.34 in the last heat of the 245 class at Halifax; he reduced Revolution's record to 2.35 in the fifth heat of a race at Charlottetown; and the crowning triumph was in the free-for-all race at Charlottetown, where he drove Israel without any previous handling in 2.27, the fastest mile ever trotted in the Maritime Provinces. This is a record he should be proud of, and his services will, no doubt, be in demand next season.—Monitor.

MAILS LATE.—Owing to the stormy weather of yesterday afternoon and evening, the mail from Point du Chene was an hour late arriving last evening; and for the same reason there was no steamer from Pictou—the mail not arriving until about half-past twelve this afternoon. The St. Lawrence will remain in port until to-morrow morning.

HAPPINESS FOR THE POOR.—The annual Thanksgiving Tea took place at the Poor House yesterday. Many kind friends provided an abundance of good things, which the poor people much enjoyed. The sick ones, who could not come to the table, had tea and cake taken to their rooms; none were forgotten. After the feast, Miss Rogers and Miss Daisy Lewis sang some solos. "Home, sweet home" and "Sweet by-and-by" were much enjoyed. The entertainment concluded with the singing of "God be with you till we meet again" and the Doxology.

GRAVEYARD INSURANCE. In the graveyard insurance case, which has been before the court in St. John, N. B., for some time past, the jury on Wednesday evening returned a verdict of "guilty of conspiracy as charged in the indictments" against C. B. Welton and E. C. Randall, but could not agree as to the Rev. Sydney Welton. The jury were out seven hours and a half. It is understood that the delay of the jury in reporting was due to some persons fighting against a verdict being returned against Rev. Sydney Welton. The vote of the jury stood 8 to 4 in favor of the conviction of the rev. gentleman.

STRANGLER TO DEATH.—A peculiar accident, which unfortunately had a tragic ending, occurred on Saturday at Johnston, Queens Co. A young woman named Emmeline C. Miles, a cripple, was milking a cow. In some means she slipped and fell forward under the cow and the ends of a scarf she wore tied over her head and about her neck got tangled in the animal's fore feet. The cow at once began kicking up and each step it took pulled the scarf tighter about the unfortunate woman's neck. She tried hard to get free, but was strangled to death.—St. John Globe.

FOOTBALL.—A match game of football between the Junior Abegweits and the 2nd team of the Prince of Wales College was the means of bringing a large number of people out to the Park yesterday morning to witness the struggle for supremacy. It was nice and cool—for the players; but the spectators had to keep on the move to prevent their teeth chattering. The ball, kicked off by the most part enthusiastic and slangy admirers of the Junior Abegweits, were there in all their glory and continually shouted advice and encouragement to their champions. The ball was kicked off shortly after ten o'clock and a stubborn fight ensued. The ball was kept ceaselessly in play, and although the P. W. C. forwards were much heavier than their opponents, the first half ended with the game very slightly in favor of the Juniors. When the boys timed up for the second half, determination was written upon their features. The ball, kicked off by the Abegweits, was well caught and returned. Then a series of scrimmages ensued that kept the forwards of both sides warm and excited, and forced the ball down to the Abegweits' goal. The backs and halves had very little to do except shove. The excitement and yells of the "boys" at this period of the game were intense. Slowly but surely the P. W. C. forced the ball down to the line and claimed all sort of awards for their play. The referee, however, gave his judgment as a "rouge" in the P. W. C. team's favor, and thus the game ended. Although the boys on the Junior Abegweits team were much lighter than the P. W. C., they gave the latter a hard fight and made the game an interesting one to the lookers on.

We have taken this step after an experience of years in business.
