Seed Wheat, Timothy, Clover, &c.

WE HAVE ON HAND and to arrive a large quantity of all kinds of FARM SEEDS.

WHEAT—White Russian, White Fife, Red Fife, and Manitoba Hard Red Fife.

TIMOTHY—Canadian, Island and Western.

Vetches, Peas, Corn, Buckwheat, Barley and White Egyptian Oats.

ALSO, Man's Seeders for Cossett's Rake, One Horse Seeder, Combined Seeder and Harrow, Steel Plows, Harrows, etc.

We are direct importers of Seeds and pay cash. We are in a position to sell as cheap as any house in the trade. We have been in the business a long time and know just what kind of Seeds the Farmers want. We were brought up on a Farm and still are Farmers. We are not like some who are advertising Seeds. They could not tell one kind of Seed from another, or know good from bad, either in the Field or Store. Farmers, when you want Seeds come direct to our Seed Store for a good article and good value.

The weekly meeting of the above association was held in the Rock Barrs schoolroom on Friday evening, the 7th inst. There were over one hundred persons present and the meeting was a decided success. There were several speakers from adjacent districts, which largely contributed to the success of the debate. After some preliminary remarks pertaining to farming and dairying, the subject of debate for the evening, "Which is the more dangerous person to society, the liar or the thief?" was opened by Mr. Neil McPhee (Glenora) in an admirable speech, and after showing the great injury done society by those two characters, concluded with many convincing arguments that the liar is the worse man. The other speakers were Jno. A. McPhee, J. A. Macdonald, J. Leslie, Wm. Macdonald, A. B. Macdonald and Wm. Leslie.

Mr. William Macdonald (Inlet) who kindly attended and took part in the debate, is a wonderfully able speaker, and his different oratorical efforts contributed in no small degree to the enthusiasm and interest manifested by the large audience present. At the conclusion of the debate a vote was taken, resulting in 48 for the liar and 34 for the thief.

The subject for next Friday evening, "Should the franchise be extended to women?" was then chosen. After singing "God Save the Queen" the audience quietly dispersed.

Johnston's River Notes.

The balmy airs of spring are beginning to exercise their cheering influence on field and forest.

We understand that the annual spring robin was seen some time ago by Mr. T. J. McKenna, while returning from Wisener's Mills.

Mr. Robert Woods has opened a general store in the premises lately occupied by Mr. Ronald Stewart. This will be a great benefit to the housekeepers of the neighborhood.

Mr. Stewart has decided that agricultural pursuits are more adapted to his tastes, and has purchased the estate of T. Beagan, Esq., of Beaganville. While we wish Mr. Stewart every success in his new venture, we cannot refrain from expressing our regret at his departure from our immediate vicinity.

We quite expected a "Nancy Hanks" contest a few days ago, when the long looked for touting match between the horses of Mr. George Smith and Mr. Donald Campbell was to have taken place. But when day and date arrived we found that expectation had been all in vain. And we were still to be left in doubt as to the record-breaker of Johnston's River. However, the papers have informed us that we are to see the end of the matter August next.

Our young folks being of decided musical tastes, have sadly missed the singing school this winter. However, the want of vocal melody has been ably supplied by our accomplished violinist, Mr. S. McWade, who possesses a musical ability of no mean order. Mr. McWade met with what came very near terminating in a fatal accident a short time ago. As he and Mr. Ambrose Tarnah, the ice suddenly gave way and Mr. McWade was precipitated into the water where he would undoubtedly have perished but for the noble efforts of Mr. Treanor who succeeded in saving his life at the risk of his own.

Our school is progressing favorably under the able tuition of Miss C. McMahon. Of the building itself, however, we are sorry to say that it is a fitting emblem of grit power, in as much as it is in a decidedly "shaky" condition. However, we have been informed that this state of affairs is to be remedied this year, and we are to have a building worthy of the intelligent and influential people of Johnston's River.

We are pleased to chronicle the recovery of Mr. Dominic Smith, who has been suffering from a very severe attack of the mumps.

Horace Greeley's sage advice is being literally adopted by the young people of this section, many of whom are leaving us and wending their way towards the domain of Uncle Sam. Among the next to depart will be Miss Kate Smith and Miss Minnie Power, both of whom will be very missed by all. However, those who would probably feel their absence the most, will be that time have also departed for the great and golden west.

The political situation is, of course, the leading theme. The inquiry of the Peters combination being patent, even to the dullest, we are determined to rise in our might when election day comes and consign the Gerrymander, Mortgage Vote and Disfranchisement of free born British subjects to the limbo of dead and gone recalcitres. The absence of Martin South, Esq., on the eve of the political journey is greatly to be regretted by the Conservatives of this locality. Mr. Smith's terse remarks have often been the means of exposing Grit fraud and corruption, and it is the cause of general regret that he should have left us on the eve of the crisis.

GERRYMANDER

Some of President Cleveland's appointments are notable apart from their being surprises to the politicians. Amongst the latest is that of Charles S. Hamlin to the important post of Assistant Secretary of the Treasury. Mr. Hamlin is only 30 years of age and has never held a political position. But his writings and speeches upon tariff matters have evidently impressed Mr. Cleveland. The New York Sun thinks this calling of young men to his aid in such numbers is an indication of determination upon the part of the President to push through proposed tariff changes.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1yr

Be True Thyself.

Thou must be true thyself,
 If thou the truth would teach;
 Thy soul must overflow, if thou
 Another's soul would reach.
 It needs the overflowing heart
 To give the lips full speech.

Think truly, and thy thoughts
 Shall the world's famine feed;
 Speak truly, and each word of thine
 Shall be a fruitful seed;
 Live truly, and thy life shall be
 A great and noble creed.

Obituary.

Quite a gloom has been cast over the village of New Glasgow by the unexpected death of Mrs. John Borden, which occurred on Saturday the 11th day of April. The deceased was in her fifty-sixth year, and leaves a husband and nine children to mourn the irreparable loss of a kind and faithful wife and mother. Her death was under circumstances peculiarly sad. Two sons were absent in the United States, and she had been telegraphed on the first intimation that death was approaching. She had at once started for home, travelling night and day, but Death overtook her in the race, and had claimed his conquest some few hours before they arrived. The whole life of the deceased was completely summed up in those of her children, and by the gentle influence of a mother's love and consideration she had made her home a little paradise in which love reigned supreme. She died without a struggle. Peacefully and calmly the tide of life ebbed out into the ocean of immortality, and with a glorious smile upon her face she passed away with the words "I die trusting in the Lord." (Boston and California papers please copy.)

Milton Notes.

Many of the farmers about here are erecting new outbuildings on their premises; and we notice that several new dwellings have been erected since last year, which adds greatly to the appearance of the surroundings.

Mr. W. White, late of Bangor, Maine, has purchased that large and valuable tract of land known as the K-yboe estate. Mr. White says that in all his travels he has failed to find any place that, in his mind, equals the Island as a farming country.

The evangelistic services which were carried on here this winter by Rev. E. C. Turner, assisted by Rev. Mr. Coulter, and wife have proved a grand success. Mr. Coulter's departure our neighbors, the members of the Presbyterian Church at Brookfield, presented him with a purse containing \$20, thereby showing their appreciation of his services.

We are pleased to note that our genial friend, Mr. N. P. Paters, who has for some time been laid aside on a bed of sickness, which at one time threatened to prove fatal, is rapidly improving under the care of our local physician, Dr. Blatch, who has of late been skillfully assisted by Dr. Jenkins, Sr.

Since last year we have noticed a considerable wavering in the Grit ranks, and we presume that the people about here have but small love for the litigious *Wise man*.

It is not often that a layman takes upon himself the dignity of publicly challenging his pastor while the latter is expounding in his pulpit. This very unfortunately, however, was the case in a church not one hundred miles from here, where a clergyman was severely brought to task by one of his congregation, who contended that Mr. — was too personal in his remarks, and demanded an apology, but this the learned man of the sacred desk refused to grant, and for a time a lively and heated discussion took place between the long suffering layman and the heroic divine, while a pugilistic collision was being waged by the startled congregation. The victory was, however, gained by the stern and persistent apostle, and the congregation dispersed by singing "To err is human to forgive divine," and an old gray-haired veteran was heard to remark, "Let brotherly love continue."

FALLICE.

James Blair's Case.

NAPANEE, April 10.—A highly interesting case has happened in this town, which is creating a good deal of comment. Mr. James Blair, a well known merchant tailor here, has for fourteen years been a sufferer from that terrible disease known as Bright's disease of the kidneys. He suffered so terribly that one hour's work at the cutting table would completely exhaust him, and he had to almost give up work altogether. He tried almost every known remedy for his complaint, but without any good results. Medical men and patent medicines failed him, and he was gradually getting worse every day. Finally he read a deep-tint in one of the local papers, stating that a man named Murray, living in Gravenhurst, had been cured of kidney trouble by using Dodd's Kidney Pills. As a last resort Mr. Blair began taking these pills, and three boxes made a new man of him, and seven boxes completely cured him. Mr. Blair is back at work again, and says that he feels twenty years younger, and that these pills completely cured him. His recovery has created quite a sensation.

A strike that threatened to have serious consequences has been started at Hull, England. For some time past some of the shipping companies have been employing non-union laborers to work in loading and discharging their vessels. This caused great discontent among the members of the Dock Laborers' Union, and a few days ago the unionists went on strike. Quite a large number of non-union men went to Hull to take the places of the strikers, and work about the docks was proceeding satisfactorily until to-day, when the strikers assumed an offensive attitude, and by threats and other means of intimidation succeeded in completely blocking work on every vessel in the port with one exception.
