

Causeway No Obstacle To Fish

Any doubt as to the future of the North River as an angling area was removed on Sunday when a score or more young anglers took their quota from the brooks just above the by-pass. Fly fishing fans who know that trout can and do make more difficult passages up-stream than the humble smelt were enthusiastic about the possibilities of seeing the big water about the causeway develop into a natural stop-over and easily accessible sea trout area.

It is evident that the provision made in the causeway, to permit the free flow of tidal water has made it possible for fish to follow their natural bent and work up river as usual and possibly be available in greater numbers than before, to meet the wishes of those who love to wade a line, but are unable to travel great distances to achieve their desire.

Savage Harbor

Mr. Ralph Pigot of Savage Harbour was a business visitor to Charlottetown on Wednesday.

Mr. Reginald Macleod of Point de Roche was a week-end visitor to Souris where he was the guest of his brother and sister-in-law, Mr. and Mrs. Reuben Macleod.

Miss Macleod will be in attendance on her father Mr. William Macleod well known merchant of Mt. Stewart, who is convalescing at his home following a severe illness.

Mr. Leslie Douglas formerly of the Head of Hillsborough has joined the R. C. A. F. and has left for St. Jean's, Quebec. For the past several months Mr. Douglas filled efficiently and well the position of policeman for the town of Alberton. Prior to his leaving for St. Jean's he spent several days with his wife and family at Mt. Stewart. The best wishes of a host of friends go with Mr. Douglas as he enters upon this his chosen career.

Sincere sympathy is extended to Mr. and Mrs. Charles Bradley and family of St. Theresa on the death of their son Frank, who was killed while working in a paper mill at Rumford, Maine. The late Mr. Bradley is survived by his wife and three children, his wife being the former Margaret Runaghan of Morell to all of whom deepest sympathy is extended in this their hour of sorrow.

land Deaconess Hospital, Brookline, Mass. It is the sincere wish of all that Mrs. MacIntyre's condition will continue to improve until once again she is fully restored to her full measure of health.

The Savage Harbour Road from Gunn's Corner to the factory was scraped during the week and is now in good condition for traveling. Hopes are still high that this will be the last season that the good people of this district will have to suffer the agonies of travelling over this so called highway. The road is to be rebuilt and gravelled this coming summer.

Mr. William Macdonald of Rumford, Maine, journeyed to the Island to visit his brother Mr. John Macdonald of Scotchfort, who is gravely ill.

Savage Harbour School has reopened after the Easter holidays with a full attendance. This is the important stretch of the school term under our present system and all pupils are putting forth every effort to be present every day, fattening up on the finishing facts for the final slaughter, known to most of us under the more refined name of examinations.

Yes the "Lamb Derby" is over. It afforded pleasure, interest and excitement, and at least one unique occurrence. One of the ewes on the Pigot farm which gave birth to twin lambs, spaced their births at several days intervals. The first of the twins was born on a Thursday with his sparring partner not seeing the light of day until the following Monday. Elisha Pigot the proud owner of the Derby winning flock says it is just the team spirit which the ewe, Susan of Avonlea, exhibited. She was a bit scared they might not win the derby.

The opening of the trout season passed off very quietly in this area. Weather conditions were far from favorable but that did little to dampen the ardour of the rod and line fans. The Feehan brothers Ray and Reuben turned in the finest catch of the day with sixteen appetite provoking beauties.
