FLOWN TO MONTREAL BY RCAF

Condition Of Morell Baby Said 'Reasonably Good'

MONTREAL (CP) — A 12-hour-old baby boy flown here Friday from Charlottetown for an emergency operation on his esophagus was reported in "reasonably good condition" after the operation Friday night.

Doctors at Montreal Children's Hospital said the baby, son of Mr. and Mrs. Alphonsus Kelly of Morell, P.E.I., 20 miles from Charlottetown, required a delicate operation to connect the upper and lower parts of his esophagus, which failed to develop normally before birth.

The upper part of the tube, connecting the throat and stomach ended in a blind pouch while the lower part had grown into the windpipe.

The baby was flown in an incubator to Montreal by an RCAF Dakota from the Summerside station. It landed at Charlottetown shortly after noon and took off about 12.20. The child was taken to the airport by Cutcliffe's ambulance.

Flight Lieutenant D. F. McGrath of White Rock, B.C., was piloting the aircraft with Flying

Officer C. Y. Smith of Winnipeg as co-pilot. LAC L. G. Kenny was the other crew member.

An ambulance was standing by at Dorval Airport to take the baby to the Montreal Children's Hospital.

It is believed that the child is the youngest passenger on a mercy flight from the province.

Dr. J. H. O'Hanley of Charlottetown is the boy's doctor. Nurse Jane Praught, who accompanied the baby to Montreal, arrived back in Charlottetown last night.

GUIDERS RECEIVE WARRANTS

Mrs. John Ellis, district Guide commissioner for Summerside, presented warrants to 11 Guiders from Summerside and Selmon Park at the annual meeting held last week at Government House. Here Mrs. Ellis presents warrants to Guiders Mrs. Maurice Wood and Mrs. J. Young of Selmon Park.

CITY COMPANY GETS CONTRACT

This is an architect's conception of what the new federal building to be built at Souris will look like when completed. The contract for the building was let yesterday to Country Construction of Charlottetown. The firm put in a low bid of \$119,933. Target date of completion is February of 1960. The two-storey structure will be built of steel and cement with a full basement.

Bridge Company Is Lowest Bidder

A tender of \$438,330, submitted by Canadian Bridge, a subsidiary of Dominion Coal and Steel Company, was the lowest bid for the erection of the superstructure of the new Hillsboro Bridge, when tenders were opened yesterday.

The department of highways estimate for the job was \$37,600.

Four other companies submitted tenders which were opened by Hon. J. George MacKay, minister of Highways. Other tenders were Dominion Structural Steel, Dartmouth, \$462,650; Robb Engineering, Amherst, \$483,550; Maritime Steel and Foundry Co., New Glasgow, \$502,360; Runnymede Steel Construction Co., Toronto, \$445,240.

Present at the opening of the tenders were Hon. Douglas MacKinnon, minister of fisheries, and Harold P. Smith, M.L.A., from Pownal, and R.N. Robertson, representative of the Canadian Bridge from Halifax.

WEEK AT SDU

Mr. Robertson said his firm would be ready to start construction as soon as the work on the substructure is far enough advanced, possibly in the fall of this year.

Although much construction remains to be done the opening of the tenders for the superstructure marks the final administrative step.

The bridge is being built as part of the Trans Canada Highway.

Spring Blood Donor Clinic Sees 82 Per Cent Turnout

The second Red Cross Blood Clinic was held at the University on Monday last and it began in a successful manner as many students were on hand to greet the arriving caravan of Red Cross Blood Service vehicles and to assist in the unloading of equipment and establishing the clinic. Under the capable direction of the executive of the Students' Union, the flow of students to the clinic was steady all morning and the objective of 225 was nearly realized in this morning session. The clinic was operating for two hours after dinner to catch the overflow of the morning and the total number of donors was in the vicinity of 265.

This is the number of pints taken and does not include those students who were eligible to give and could not for some reason or another. Also, several outsiders attended the clinic and these are included in the total, however, even without these St. Dunstan's had a very impressive turnout of 82 per cent—about 10 per cent higher than the university which won the National Federation of Canadian University Students' award last year.

The class challenges were well answered and the Senior class once again came through with a 100 per cent. The Juniors missed out on a full turnout by four people, whereas the Freshman and Sophomores also maintained a very high standing. Last, but not least, the High School students turned out in large numbers to do their part and, if the age requirements were a little lower, they too could have very easily attained the coveted 100 per cent. The results of the two clinics held this year are an indication of the spirit at S.D.U. which exists not only on the football field and in the gym, but in all endeavours in which the students take part.

A.A.A. ELECTIONS

The annual elections of the Amateur Athletic Association were held on Tuesday and Wednesday, the second being necessitated by the fact that there were four candidates for the office of president and the first election did not give any one candidate the required 50 per cent majority. However, the race was decided in the second running and we find three well known athletes holding down the positions.

"Doley" Murphy and Emmett Foley, both members of this year's football squad, have been elected to the offices of president and vice-president respectively. Dennis Clough, hard hitting defenceman with the hockey team, won his bid for the position of secretary-treasurer. These three are experienced in the various fields of endeavor which come within the scope of the A.A.A. and we may look to the future with confidence that the affairs in the realm of sports will be well managed. A vote of confidence to the outgoing executive for a job well done.

ON CAMPUS

The Select Committee which we mentioned last edition has completed its hearings and we are now awaiting the official report. The conception of such a club on a larger scale would fit into campus life with very little friction, and if the present affiliation with the P.W.C. club were severed, St. Dunstan's Club could very well serve the student body twice a week with no undue strain on anyone. Perhaps the future will see this a reality.

The softball season has been begun with a bang and we find the competition as keen as ever. Games are scheduled every day and the regular league schedule—a one round series because of the lack of time—will soon be completed. If there is time during the examinations, the finals will be run off. The way things stand at the present, the two Junior teams and the seniors are the squads to beat, although any one of the classes may very well take the lead.

The finals are just around the corner and their closeness can easily be seen in the extra quiet which reigns the corridors at night and the lack of visitors in the rooms, some at least. This time next week the first of the papers will be over. The last one (Continued on Page 5)

Board Asks Scales Test

The Potato Marketing Board has recently sent out a circular to the potato dealers of the province, asking their co-operation in an effort to give the potato growers an opportunity to have their scales tested. In order to insure correct weights for both the producer and consumer.

The idea is to have the scales assembled at central points, convenient to the growers, at suitable time, preferably next summer. Before arrangements can be made to have the scales checked it is essential there be some reasonable idea of the number involved. If growers who have a scale would inform the dealer in their area, the lists can be completed and forwarded to the marketing board.

The board expresses the hope that all dealers and growers will cooperate in this important project.

North Rustico Youth Is Fined For Stealing

A North Rustico youth, convicted in Queen County Court on a charge of theft of two six-ounce tins of canned lobster from the property of the Rustico Co-op Store, was fined \$25 and costs 30 days by Magistrate Gilbert A. Gaudet yesterday.

Thirteen other cases were on the docket, all for violations under the Highway Traffic Act.

A Charlottetown resident charged with speeding on the open highway, was given a fine of \$10 and costs or 10 days.

Similar fines were meted out to four others, residents of Vernon River, Fredericton, Cornwall and Emerald, for operating motor vehicles without having same registered for the current year. On the same charge, but only one day after the deadline, another Fredericton man was handed a fine of \$5 and costs or five days.

For operating motor vehicles without having driver's permits residents of Vernon River, Cherry Valley, South Milton, Cornwall, Tignish, and Emerald, were each tagged with \$5 fines with costs or five days.

A fine of \$10 and costs or 10 days was meted out to an O'Leary resident for permitting an unlicensed person to drive a motor vehicle.

Church Parades, Services To Mark Atlantic Sunday

Church parades and special services will be held throughout Canada to mark the observance of Battle of the Atlantic Sunday on May 3.

The day commemorates the bitter struggles to win the supremacy of the seas during the Second World War and pays tribute to those who lost their lives.

May 3 also marks the opening of Navy Week, usually held in the fall but moved ahead this year to coincide with Battle of the Atlantic Sunday.

The week is being sponsored by the Navy League of Canada.

St. Mark's AYPA Holds Meeting

SUMMERSIDE — The regular meeting of St. Mark's A.Y.P.A. was held in the parish hall. Vice-president, Clair Sudbury conducted the meeting. The Bible reading was by Laura Bell. Clayton Mill led the group in social prayers.

P.E.I. Jersey Wins In Texas

Albert J. Boswell, Marshfield Jersey Farm, of Charlottetown, P.E.I. reports that a Jersey bull bred by him has been winning honours in Texas.

Last year Mr. Boswell showed a bull calf Marshfield Poppy's B. Mark—it was Junior Champion at Charlottetown and third at the Royal he was sold to Evans Reece, Waco, Texas. This Spring Mr. Reece has been showing Mark at various fairs in Texas and he was first at Fort Worth and at San Antonio.

Mr. Boswell says that Mark is a son of the Prince Edward Island bred bull Welkum Briar's Beacon and his dam is River North Poppy a well known production and brood cow on which most of Mr. Boswell's herd has

Wellington Club Receives \$1,400

WELLINGTON—Some 75 members were in attendance at a meeting of the Wellington Youth Club held recently.

The financial report presented by the chaplain Rev. Philippe Cloutier showed a sum of \$1,400 realized from the skating rink this past winter. Father Cloutier offered his thanks to those, especially to committees of the Credit Union, who made the rink such a success.

A discussion group was held on the topic "Vocations". Leaders of the various groups were Armand Arsenault, Roger Arsenault, Camille Arsenault, Rita Arsenault and Bobby Hitchcock.

Roller Skating Young People Is Scheduled At S'ide Rink

SUMMERSIDE — Roller skating resumes at Summerside Civic Stadium next week with a program each Tuesday, Thursday, and Saturday evenings, and an afternoon session on Saturday.

Following the same procedure as last year there will be no admission charge to the stadium, but those participating in the roller skating will be able to rent skates from among the 200 pair which are available at the rink. Stadium manager Charlie Hogan said yesterday that many of the present fans became participants in the fun after having come to the rink with the intention of being spectators, but found the sport to be too enjoyable merely to watch, and joined the skaters gliding around the 188 by 25-foot cement skating surface.

PEDIATRICS CONGRESS

MONTREAL (CP)—Some 1,500 doctors from throughout the world, many of them women, are to gather here July 19 for the first international congress of pediatrics to be held in Canada. More than 600 papers are to be delivered at the five-day affair.
