

SENIOR CLASS REPORT

The first event of the year for Seniors was held last Wednesday evening in the form of a Chili and Beer party. There was a great turnout and everyone seemed to have a great time. A short meeting was held that same evening and various reps were chosen to represent Seniors in the different faculties. Just a reminder that our first pub of the year is Thursday, October 9th and prizes for the lottery will be drawn sometime throughout the evening. Everyone is encouraged to attend this event from Freshmen to Seniors. It goes without saying that most Seniors will attend this pub because it is for their benefit. Thanks to all who sold and bought lottery tickets and to all who attended the Chili Party and showed great enthusiasm and optimism for the

year ahead. Keep up the terrific work, it will certainly be worth it in the end. Also special thanks to Stu who

spent his time getting the lottery tickets made.

Sincerely,
Alf, Barb, Leanne and Tony

MONDAY TO FRIDAY

...a very dangerous man!...

The UPEI Bio club has been very busy since our academic year began. The success of our car wash went above and beyond our expectations, and we followed that triumph with a celebratory party at Rob Kelley's, UPEI's fearless leader. Much draft was consumed, and thanks go

MAPUS

The first MAPUS meeting of this academic year was held on Tuesday, Sept. 30th in the MAPUS lounge. Two items which should interest you part-time and older than average full-time students are firstly, there is a new tea-kettle in the MAPUS lounge, as well as the ingredients for making coffee and tea, so use your lounge ... study, unwind, socialize, snooze, whatever, but do use it.

Secondly, watch for posters advertising the COPUS Atlantic Conference (Canadian

Organization for Part Time University Students) which is going to be held at U.P.E.I. Nov. 7, 8 and 9. I highly recommend you to attend at least part of the sessions. Their theme is "Where we are going. How we will get there." Conferences are not only educational and thought-provoking but give a student the sense of belonging, the feeling that he/she is not alone on this long road toward a degree. Aside from that, they're FUN, so watch for the posters and plan on attending.

Jackie Schofield

Bio Times

to Paul and Car for the potato salad, and Pius for the cole-slaw. Thanks to Mel for all those (long!) jokes.

The Bios also band together for other good causes besides ourselves. We made donations to Rick Hanson's Man In

Motion Tour and to the recent Walk-a-dog-athon for the blind. Also, a spontaneous donation to Rick Hanson was made by Daryl Guignon's Wildlife class when we passed Rick's 5th entrance on our way to our weekly Friday field trip. Rick was resting at the time, much to Wendy's disappointment.

Keep reading the Gem for exciting news about our upcoming BIO PUB on Nov. 13. It should prove to be the event of the year. The Bios are a growing organization, as more and more people realize the superiority of a well rounded education (right, Dr. Hanic?). At last count our numbers had swelled to 75. To all Bios who have not joined, you are more than welcome. Our weekly meeting is Wednesday, 12:30 p.m. in the Bio Lounge above the Amphitheatre. Come and get the real view from the top (of Duffy Building)!

JACK SCORPIO

By BRIAN LINKLETTER

WHO WOULD KILL TO GET A FEW OLD MANUSCRIPTS ABOUT A DEAD PIRATE?

HOW DID THE BOOKS SAY ANYTHING ABOUT THE PIRATE'S TREASURE?

YES, WHY...?

I MET A MAN NAMED "SNEER" ONCE...

FOR SOME REASON HE MUST BE BEHIND THIS! AND IF HE IS... WE'RE IN BIG TROUBLE!

ELSEWHERE...

WE GOT THE BOOKS, DOCTOR! BUT WE COULDN'T KILL THE GIRL!

YES, I KNOW...! MY SOURCES INFORMED ME A YOUNG MAN STOPPED YOU. HIS NAME IS...

JACK SCORPIO!!!

I MET HIM 3 YEARS AGO AND ENDED UP IN PRISON! ALL BECAUSE OF HIM!

I KNOW HE WILL COME AFTER ME! I KNOW WHAT HE'S LIKE!
