LEGION MEETING
 Regular monthly meeting of Charlottetown Branch Canadian Legion will be held in the Branch Home tonight at 8 p.m.
 Agenda: General business.

From foundation to finish in weeks
 when you build the fast, economical Butler way
 A Butler building sized and styled to exactly fit your needs can be completed weeks to months sooner than ordinary construction. Mass produced parts that fit together perfectly, speed construction. You save valuable time—and, more important, money. Yes, because of its mass production economies, a Butler building actually costs less than one built by many forms of slow, custom construction. Yet, you get a building that is easier to maintain and easier to heat or air condition. And you get a building that is easier to lay out and partition because the interiors are column-free.
 Call Us for a Construction Estimate
 Find out how quickly and economically you can get that new building you are planning when you build a Butler.
