'Side Man' Is Charged In Break into Bank

SUMMERISLE - Joseph Arsenault, 23, of Summersle was arrested before 9 a.m. yesterday by R.S. Hinton, QC, in town police court yesterday afternoon on a charge of breaking and entering into the Canadian Bank of Commerce here.

He was remanded without plea until Oct. 16 and town Police Chief S.D.A. Wannamaker indicated to the court that there would be additional charges laid against the accused.

Arsenault was arrested at approximately 5:30 yesterday morning as he was descending a ladder at the rear of the bank which led to its roof.

Chief Wannamaker said that entry into the bank had been made but nothing had been taken.

The office of lawyer G. Bruce MacDonald, located in the Inman Drug Co. building, was broken into and nothing taken and in another section of this

Potato Pickers Still Needed; Most Come From Mainland

SUMMERISLE - Potato pickers continue to pour into Prince County, but a shortage still exists, the National Employment Office reported Friday.

Figures released by the NES showed about 62 potato pickers were working on about 200 farms, with 29 additional pickers to arrive last night and 10 more tonight. It was estimated about 50 to 100 additional pickers were still needed by potato farmers in the area.

Over 70 per cent of the workers are from Cape Breton. The NES reported that the number of outside potato pickers is diminishing each year. This year for example will show less than 500 as compared to 600 in 1963 and 718 in 1962.

Blanche Hogg, assistant manager of Summersle's National Employment Office, said the situation yesterday, "There haven't been as many orders this year for pickers as in other years. It would have to be due to an increase in the purchase of harvesters."

"We've had to go to Halifax, Dartmouth and Saint John," continued Miss Hogg, "for additional help, something that

STONE MARKS HANGINGS LONDON (AP) - A three-foot stone slab will be placed on a traffic island at Marble Arch, one of this city's busiest intersections, to commemorate the centennial of the London County Council says the spot is the site of the original gallows of Tyburn Tree, where public executions took place from the 12th century until 1783.

When you retire, you'll need money

Here's how Confederation Life can help you get it:

The money you'll have when you retire can come from only one source - your present income, and Confederation Life offers you several sound plans that make saving for your retirement as painless as possible. In fact, downright convenient. Here are three of them:

Confederation Life's Pension Accumulator
This plan will give you the monthly income you select, at the age you select. This income is guaranteed. No "ifs" or "maybes." You can have an income you can't outlive. Or, if you prefer, an income neither you nor your wife can outlive.

The Registered Retirement Annuity
It gives you the same kind of benefits as the Pension Accumulator. The difference: the plan is specially designed to take advantage of the income tax laws, so all your premium payments are deductible from your taxable income. You save tax dollars during peak earning years, and pay your income tax after retirement, when most people are taxed at a lower rate.

Permanent Insurance Plans
They offer you guaranteed life insurance benefits to protect your family... plus cash values that can provide pension benefits for your retirement. With these plans, you know in advance the amounts you - or your family - will receive.

The sooner you get started, the easier it is.
For instance, if you wait until you're 40, you have to put away just about double the amount each year to equal the retirement benefits of a plan begun at 25. And by starting young, the dividends you can earn are much greater.

Talk to your Confederation Life man. He'll show you how Confederation Life's insurance plans can provide you with any critical time of life. Phone him today.
