Camp DeRoma, July 9, 1936.

Brother Scouts.— Things are going well at Camp DeRoma. The weather is fairly good and everybody happy.

A large part of the time at camp is taken up in the passing of tests. Mr. T. A. Driscoll and his board of examiners being kept busy. Among others passing today were the following:— Don Bruce, 8th Charlottetown, Verner Campbell, 1st Borden, Jack Dalziel, 1st Borden, Norman Jay, 1st Borden, Blair Burch, 1st Borden, Lloyd Outway, 1st Borden, and Raymond Perry, 2nd Summerside, 2nd Class tracking.

A full list of tests passed and badges awarded will be published at the end of camp.

At the camp fires, competition is keen between Driscoll's Choir and Pineau's Songsters. A feature of the campfire each evening is the singing of "Taps" under the leadership of Scouts Pat Lightizer and Percy Simmonds.

Living up to the Scout motto "Be prepared," a Scout whose parents had brought him a large supply of cake and other articles of food approached the camp and asked if he might have some Milk of Magnesia; upon the C.C. asking if he were sick, he replied "No sir, but I expect to be."

At the camp fire last evening, Asst. Camp Chief Driscoll gave a very interesting talk on the Ancient Churches of England, and also traced the evolution of the Scout Staff from the measuring rod of ancient days.

This evening a baseball game is in progress between a team representing the Camp Staff and one from the Scouts.

The mascot of the camp is Leonard, the two year old son of Mr. and Mrs. F. A. Driscoll.

This evening we have as our welcome guests for tea and the camp fire Rev. Father McKenna and Mr. J. J. Morris, the Provincial Commissioner, Scout Robert Morris and his friend Noel Regan are also guests of the camp.

The baseball game ended in a victory for the Camp Staff, score 12 to 10.

Campaign Is Speeding Up

Votes Take Tremendous Drop After Saturday Night. Each Group Solidly Behind Their Candidate.

Candidates in the Guardian campaign report that new subscriptions and extensions on old subscriptions are easy to get this week. Considering the size and value of the prizes offered, it is no wonder that friends of different candidates are giving them full support. The residents of Charlottetown are beginning to realize that in just a few short weeks, two fine new automobiles are to be presented workers who have done the best work and the contestants are being extended a friendly, helping hand on all sides.

With only a few subscriptions separating the vote standings of twenty or more of the contestants, and with the end of big votes on subscriptions almost here, each contestant is redoubling his or her efforts in order to pile up a vote total that will win one of the two automobiles.

Even Race So Far

The race has been going at an unbelievable even pace but this can't last. Watch and see who will be in the lead next Monday when the standings are published again.

Support Stressed

The prize each contestant will receive depends largely upon the support given this week. If you have promised a subscription to a candidate, try to fulfill that promise this week while your subscription counts the most.

Help a worker win by giving your subscription to the Guardian for as long a term as possible. If you have made one subscription payment during the campaign and feel that you would like to extend the subscription in order to help a contestant get a big vote. It will be especially appreciated if you make your extension before Saturday night.

May Mean Victory

Votes on subscriptions drop fifty per cent in value after Saturday night. Maybe your subscription will be the one to make your favorite contestant the winner!

Funeral of Col. Allen Yesterday

Col. J. R. Allan, former commander of Prince Edward Island 82nd Militia Regiment, who was killed by a fall at West Covehead, P.E.I., was buried at Sherwood yesterday. Services, held at the old Allan homestead, were attended by former officers of P. E. I. 82nd, active militia and men and a large number of friends from many parts of the Island.

The funeral was conducted by Rev. Dr. R. Moorhead Legate, who was assisted by Rev. G. C. Webster and Rev. A. MacKenzie. Rev. T. A. Wilson gave the sermon.

Dr. Legate officiated at the grave at Sherwood cemetery and a P.E.I. band of the Highlanders played a rife salute when the coffin was lowered into the ground. Pipes from the Highland Battalion played a lament.

Honorary pallbearers were Col. U. G. Dawson, Col. H. D. Johnson, Lt. Col. A. Peake, Lt. Col. G. E. Pull, Lt. Col. F. I. Andrew, Lt. Col. E. Strong, Lt. Col. Dr. J. Blake, Major T. E. McNutt and Major A. S. Robertson. Active pallbearers were L. Marshall, C. Auld, J. MacMillan, C. Robertson, R. Shaw, E. White.

one flotilla leader, eight destroyers, one aircraft carrier and four submarines. The program previously called for five cruisers, nine smaller vessels, an aircraft carrier and four submarines; besides the two capital ships to be laid down early in 1937.

The earlier supplemental estimate for the navy was \$51,500,000.

CRIMINAL NEGLIGENCE IS VERDICT

Abbott Case Completed In Supreme Court Yesterday.

Russell Abbott of Charlottetown was convicted of criminal negligence in connection with the death of Mrs. Mary Johnston by a Supreme Court jury yesterday.

Abbott had been charged with manslaughter after Mrs. Johnston died from injuries suffered when the Charlottetown man's automobile collided with a railroad locomotive on a Charlottetown crossing.

The verdict charging Abbott with criminal negligence after trial for manslaughter was returned under amended Section 551 of the Criminal Code. The new section permits the jury to find the accused "not guilty of manslaughter but guilty of criminal negligence, under Section 284" when the indictment arises from operation of a motor vehicle, which "causes serious bodily injury to a person through negligence or omission of duty. The jury is liberated more than two hours before bringing in the verdict. Members of the jury were Messrs. Laughlin McKinnon, foreman, Ivan Brown, Roy Mutch, Silas Murry, Hampson Bowman, Judson Back, Gordon McKinnon, Hessel D. McNeil, Aubrey McPhail, Edmund McMillan, Hamilton Watts and Alfred Cameron.

Mr. R. R. Bell addressed the jury for the defense and Attorney Geyera; T. A. Campbell for the Crown. The jury was discharged by Mr. Justice Arsenault.

The Court will resume at 10:30 this morning when the last criminal case on the docket, that of the Kings vs. William E. Phillips, manslaughter, will be called.

Son Born To Mrs. Dionne

(C. P. By Guardian's Special Wire) CALLANDER, Ont., July 9. — In the little downstairs bedroom of a northern Ontario farmhouse a boy was born today to Elzire Lagros, which two years and 51 days ago "a modern fairytale" occurred—birth of the world-renowned quintuplets.

The eight-pound boy—as yet unnamed—came into the world a husky little soul. Both he and the mother are exceptionally well.

Dr. J. E. J. Joyal delivered this first child born to the Dionnes since the quintuplets saw light.

Dr. Joyal was summoned from North Bay last night, on first indications that birth was imminent. Nurse Delia Charette hurried the two and a half miles from Callander, where the quintuplets slept unknown in their special hospital.

At 3:25 a. m., E.S.T. the latest Dionne was born. Elzire and Oliva were delighted. It is only the third boy in the family. There are eight girls. Mrs. Dionne said she did not know before delivery whether she was to be the human instrument of a multiple birth again, but was satisfied to "abide by God's will."

The room was the same, but circumstances surrounding today's birth were vastly different from those attending advent of the quintuplets. Early on May 28, 1934, Dr. Allan Roy Dafeo was summoned from North Bay to find two babies already born. He delivered three. Their swaddling clothes were removed, their crib sheeting and old napkins, their crib laundry basket. But they lived.

The latest young Dionne benefited by that miraculous survival and the measure of prosperity which has come to the parents through it. Antiseptics and fine linen were ready for any medical attention even before he was born.

No date has been set for the formal baptism, but July 19 is named as a likely date. The quintuplets are being baptized at the hands of Dr. Dafeo because he didn't think they were critically weak at birth. The Doctor raced his old car to Corbell for a priest to administer last rites.

Today she came through her latest ordeal strong. Within 10 days she is expected to resume daily visits to the quintuplets' quarters—the "triplets, and two more"—of that dark morning two years ago—in the special hospital home to which they were moved when four months old.

Airmen Slightly Injured Yesterday

YESTERDAY—Pilot Walter Fowler and student pilot Bruce Foster were slightly injured yesterday afternoon when they made a forced landing with a moth biplane at Warren's Mills about five miles from Upton Airport. The student pilot, accompanied by instructor Fowler, was practicing landing in unfamiliar fields when the accident occurred. A down draft which they met when flying with throated down motor into a field in a grass valley caused the crash. Both men were bruised and cut slightly about the face. The undercarriage and one wing of the plane were damaged and the propeller broken.

Crop Prospects Good In Maritimes

(C. P. By Guardian's Special Wire) OTTAWA, July 8.—Crop prospects at the end of June on the average across Canada were much below those of a year before and even a month before, the Dominion Bureau of Statistics reported today in a bulletin covering the condition of all field crops in Canada. During July declines in prairie grain crops more than offset improved prospects in the East and in British Columbia. Potatoes, sown on a slightly increased acreage, had a condition of 95 at June 30, 1936, compared with 96 a year ago, the report said.

"Lack at rain at crucial periods of growth led to a general decline in crop prospects in the three Prairie provinces. At the end of June, practically all condition figures were lower than at May 31, 1936 or June 30, 1935.

"In the Maritime Provinces, plentiful rains and higher temperatures caused an almost general improvement in crop conditions. The betterment was most notable in Prince Edward Island and New Brunswick. Spring grains responded rapidly to the most favorable weather.

"The hay crop and the growth of pastures are the best in many years. Warmth caused some damage on the Island and an earlier arrival of winter weather would have been welcome to many localities. Crop prospects are distinctly favorable.

Favorable weather conditions have continued in the Maritime Provinces, Quebec and British Columbia.

Quarterly Meeting of B. I. S. Held

MEETING OF B. I. S. HELD—The regular quarterly meeting of the B. I. S. was held last evening with the President, James McKenna, in the chair. The treasurer's report indicated the Society to be in good financial standing. The secretary reported an increase in membership and told the meeting that there were a large number of applications for membership in the Society. The social evening committee reported that receipts were in excess of what they had been during the previous quarter. A committee was appointed to make arrangements for keeping the plot where Hon. Edward Whalen is buried in good order during the summer.

Anthracite Prices At Lowest Level In Montreal Area

(C. P. By Guardian's Special Wire) MONTREAL, July 9. — Competition has brought anthracite coal prices to the lowest level ever reached in the Montreal area, Harry Auld of Montreal told the Tory Royal Commission today.

But, the head of the British Coal Corporation said, he did not think further competition would bring additional price reductions. Rather he was of the opinion it would "eliminate many of these competitors."

Mr. Auld said he thought the new price list of the British Coal Corporation, issued about six weeks ago, represented the lowest level anthracite coal was selling for in Montreal. The inquiry under Dr. H. M. Tory of Ottawa opened here yesterday to determine whether conditions prejudicial to the public prevail in the importation and distribution of anthracite coal in Canada.

Hungary to Supply Italy With Wheat

(A. F. By Guardian's Special Wire) ROME, July 8.—An Italo-Hungarian agreement under which Italy will purchase sufficient wheat to meet her import requirements today followed action in placing wheat again on the list of products requiring special importation permits.

The move, observers said, would have the effect of almost entirely closing Italy to other wheat exports. Shipments now en route to Italy were reported not affected, however.

DEATH OF

(Continued from Page 1)

He was also a member of the Masonic and Odd Fellows' lodges here, a past president of the New Glasgow Rotary Club, and a member of Trinity United Church.

A bulwark of the Conservative party in eastern Nova Scotia, he gave valued counsel and support throughout his career. But his chief interest and unwavering loyalty were directed toward the coal and steel industries of Pictou County and Nova Scotia.

In his editorial policy he was always at the side of the miner and steelworker, worrying with them as problems arose and endeavoring to improve their working conditions.

Born in the nearby town of Westville in July, 1871, he resided there until after the Great War, when he moved to New Glasgow. Before entering the newspaper business he was a sales agent with the Intercolonial Coal Company.

His first venture in publications was with the Free Lance. Later he bought the Evening News and merged the two papers in one plant at New Glasgow.

He is survived by his wife and three sons, Harry Sutherland, L.L.B., a graduate of Dalhousie Law School and now a member of the editorial staff of the Canadian Press in Montreal, and William and Donald, at home. A daughter died some years ago.

BIRTHS

BISO—At 135 Dorchester St., July 8, 1936, to Mr. and Mrs. Peter Biso (nee Esther Burke) a son.

DEATHS

REID—At the P. E. I. Hospital on Thursday, July 9th, Mrs. (Dr.) A. B. Reid in her 46th year. Funeral from the residence of her brother, Mr. Lloyd Wellner, 281 Kent St. on Saturday, July 11th, service starting at 2 o'clock, funeral leaving at 2:30. Interment People's Cemetery.

Catholic Hospital Assn. Conference Opens In Truro

TRURO, N. S., July 9.—President Sister Kerr of Campbellton, N. B., presided at the opening session of the 12th Annual Maritime Conference of Catholic Hospital Association here today. Dr. G. H. Agnew, Secretary of the Canadian Hospital Council, Toronto, addressed the meeting on weak points of hospital administration.
