

Math Department finally gets new Student Lounge. Seasonal Only.

Due to budget cut-backs, the Post Office has been forced to invest in a new long-range mail delivery system: a rocket launcher.

How Was It?

On the weekend of January 12th and 13th, the Modern Languages Club had its first french immersion weekend at the Centre Goeland in Mont Carmel. Well, we're happy to say that it was lots of fun! Thirteen of us participated and it was the perfect opportunity to meet people (actually, we had no choice because we were in such a secluded area) and we were immersed... French was all that was spoken for the most part. What did we learn? Well, here are some of the highlights:

- Everybody liked spaghetti, chilie and chinese food...
- Jean-Jacques was murdered - not surprizing, given this obnoxious personality.
- "Northern" Combat was invented...
- Carol can't make toast.
- Cross your fingers when Rodney is driving...
- The final car rally stop was at the place we were staying at, but a certain person didn't recognize it when she got there.
- We'll let you know when we're going to do it again!

VOLUNTEER BANK

NAME _____ Phone # _____ Year _____

Please indicate, if you are involved in any of the following activities or clubs, or if you would like to become involved. This information will assist in the creation and implementation of the SU Volunteer Bank, which will be working to involve more students in their Student Union and campus activities.

Athletics

Intramurals: Sport _____
Team (if preferred) _____

Varsity Sports: Team(s) _____
If transportation (i.e., fan vans) was available to varsity games, both home and away, would you use this service.
 home games away games

The purpose of this Volunteer Bank is to create a file of names and numbers of people who want to be involved in their university. This is how it works:

1. You must complete the form
2. Drop it off at the desk (in the slot) or at The Barn.

This is all in the planning stage and hopefully all the bugs and flaws will be worked out. What we need is your support and assistance to make this service a beneficial one. So don't forget to fill out the volunteer file form.

THIS CHARTER PROTECTS CANADIANS.

THIS ONE PROTECTS CANADA.

Although your human rights are assured, did you know that your country's rights aren't? Today, only 2.6% of Canada is protected as true wilderness. Each day, a few hundred more acres of Canada's natural heritage are lost to you and your children forever.

Help win the race for Canada's Endangered Spaces by supporting the co-operative efforts of more than 50 conservation organizations across Canada. Add your signature to The Canadian Wilderness Charter now - it will make a difference.

THE CANADIAN WILDERNESS CHARTER

- 1 Whereas humankind is but one of millions of species sharing planet Earth and whereas the future of the Earth is severely threatened by the activities of this single species.
- 2 Whereas our planet has already lost much of its former wilderness character, thereby endangering many species and ecosystems.
- 3 Whereas Canadians still have the opportunity to complete a network of protected areas representing the biological diversity of our country.
- 4 Whereas Canada's remaining wild places, be they land or water, merit protection for their inherent value.
- 5 Whereas the protection of wilderness also meets an intrinsic human need for spiritual rekindling and artistic inspiration.
- 6 Whereas Canada's once vast wilderness has deeply shaped the national identity and continues to profoundly influence how we view ourselves as Canadians.
- 7 Whereas Canada's aboriginal peoples hold deep and direct ties to wilderness areas throughout Canada and seek to maintain options for traditional wilderness use.
- 8 Whereas protected areas can serve a variety of purposes including:
 - a) preserving a genetic reservoir of wild plants and animals for future use and appreciation
 - b) producing economic benefits from environmentally sensitive tourism.
 - c) offering opportunities for research and environmental education.
- 9 Whereas the opportunity to complete a national network of protected areas must be grasped and acted upon during the next ten years, or be lost.
- 10 We agree and urge:
 - a) That governments, industries, environmental groups and individual Canadians commit themselves to a national effort to establish at least one representative protected area in each of the natural regions of Canada by the year 2000.
 - b) That the total area thereby protected comprise at least 12% of the lands and waters of Canada as recommended in the World Commission on Environment and Development's report, *Our Common Future*.
 - c) That public and private agencies at international, national, provincial, territorial and local levels rigorously monitor progress toward meeting these goals in Canada and ensure that they are fully achieved, and
 - d) That federal, provincial and territorial government conservation agencies on behalf of all Canadians develop action plans by 1990 for achieving these goals by the year 2000.

IT'S MY COUNTRY, MY FUTURE, MY RIGHT.
