The English manager of the Standard Oil Company, when questioned regarding the advance in the price of petroleum in the United States, said that the price of oil in England had been advanced to correspond with the price in America. A few days ago the price was 4d (8 cents) per gallon, and it was now 7½d (15 cents) per gallon. The manager also said that the advance in Scotch oil, was not in the same proportion as in American oil. He considered that the situation is due to underproduction rather than speculation. The Nobel Brothers, of St. Petersburg, the great Russian oil firm said that there is the same advance in the price of Russian oil as recorded in the United States. They also say that the Standard Oil Company has not yet purchased any oil in Russia.

THE KENT CASE.

A Visit to the Works of the British North American Note Company.

Ottawa, April 8—A visit paid yesterday to the work of the British North American Bank Note Printing Company in whose employment is Mr. G. H. Kent, the reyort of whose recovery from Bright's disease with all its accompanying horrors of swollen limbs, convulsions, coma, and fearful pains, has been the cause of so much dission in the city, showing that he is still in the enjoyment of the health which he has gained by the judicial use of Dodd's Kidney Pills. For a man who may be said to have had one foot in the grave, and whose health is despaired of, he presented a remarkable picture of health and vigor, and pursued his work at the heavy presses without any indication of weariness. He is loud in his praises of the remedy which cured him.

Experience Has Proved It

A triumph in medicine was achieved when experience proved that Scott's Emulsion would not only stop the progress of Pulmonary Consumption, but by its continued use, health and vigor could be fully restored. ...

Gentlemen,—Abut three or four weeks ago I had an attack of Itching Piles. I tried two or three different remedies recommended by druggists as "the best and only cure," etc., etc., but got no relief. About this time I was beginning to despair of finding any relief. With some slight misgivings I bought a box of your pile cure, which I am pleased to say gave me almost instant relief and permanent cure. I consider your Ointment a Godsend.

20 YEARS OF SUFFERING.

20 Failures to Cure

For 20 years I suffered the torments of the damned with blind and itching piles. Had I known of any cure I would not have hesitated to have given hundreds of dollars to obtain it. I followed the instructions of an eminent physician in using syringe treatments. I used Fowler's Pile Cure and 20 others of different kinds. From some a little relief was gained, but nothing approached a cure. I was about resigned to the fate of having to pass through an almost uninterrupted course of suffering so long as I lived, when Chase's Ointment was brought to my notice. The statements in regard to it were so strong and bore with them a sense of conviction sufficient to overcome my skepticism in regard to its being no better than the rest. I used it, with the result of receiving immediate relief and permanent cure. For weeks and weeks I was fearfully afraid of a return to misery, but it did not occur. I started using Chase's Ointment, hoping for relief and realized a cure that is permanent. I do not believe there ever was a worse case of blind and itching piles than mine, which leads me to think there is not a case to be recorded that Chase's Ointment will not cure. Yours truly,

Like the Queen, the Princess of Wales suffers from rheumatism in the knee. The affection is the result of the long, serious illness the Princess had many years ago at Sandringham, which, for a time, was subdued, but has recently asserted itself. The Princess cannot preside at any ceremony which requires her to stand for any length of time. Even her favorite exercise of skating was found this year to be impossible. Though the exuberant imaginations of some contemporary chroniclers described the figures she cut on the ice and many other details, as a matter of fact she walked about on the ice or on the bank with the Duchess of York, who was unable to join the other young people.

Within the memory of middle-aged people Consumption and other lung troubles were much more prevalent and fatal than they are to-day. The existing improvement in the public health in this respect is, in considerable measure, due to a more widespread appreciation of sanitary laws; but Puttner's Emulsion of Cod Liver Oil, with the Hypophosphites of Lime and Soda, and Pancreatine, may justly claim to have largely aided in the good work. Many persons who some years ago were in a most critical state of health, are to-day sound and well, as a consequence of a faithful use of this valuable remedy.
