ferred to No. 1, and asked who filled it in. He said it was filled in by the maker in like manner to No. 2; and he said it was filled in by the maker. Then to No. 3; and he said it was filled in by Mr. Dawson. To No. 6; and he said it was filled in by the maker. To No. 7; and he said it was filled in by himself. To No. 8; and he said it was filled in by the maker. On being referred in the same way to Nos. 10, 16 and 25, he said they were filled in by the makers. The notes were originally printed blanks given to him by W. B. Dawson, and when filled in they were brought back by him to Charlottetown, and given to W. B. Dawson, as his property. Never saw old Mr. Dawson act as proprietor. In answer to Mr. Thompson's question, "You looked upon W. B Dawson as the proprietor?", the witness replied I have had doubts about that; I had heard rumors to the contrary; and, besides, I saw goods which were received at the Tannery from abroad, marked with Thomas Dawson's name." There is a note of mine for £40. I never went to ask Mr. Hodgson about it. I don't owe it; and, therefore, I do not see why I should pay it. To the question, "Don't you know that old Mr. Dawson is sued upon a note of yours?", the witness replied, "He told me there was some mistake about it." To further questions relative to this note, the witness replied that he had never been asked for it by Mr. Hodgson. He never spoke to Mr. Hodgson, or was spoken to by Mr. Hodgson about it.—On being questioned touching other particulars relative to the concern, the witness answered as follows. Shipments from the United States—some very large—were made to the Tannery. W. B. Dawson received them. Believe he entered them at the Custom House. Old Mr. Dawson gave no orders on the premises about the business. He himself (the witness) was sometimes employed in hauling bark or hides. Some days, perhaps, he was not in the office. Sometimes he was in it three or four times a day. His business was chiefly in the country. Half his time he was in the country. Had seen old Mr. Dawson endorsing notes in the country house twice a week. Could not swear how often he would keep within the mark. Could safely say that he had seen him doing so twenty times in each year. When he came home from the country he saw old Mr. Dawson in the office the next day. To specify a time, the witness said he thought it would be found that old Mr. Dawson had on or about the 18th, or 19th May, 1867, endorsed some notes which he (witness) had brought from the country. He meant to say that old Mr. Dawson endorsed the notes referred to the day after he (witness) came home. Knows it was the custom to do so. If he (witness) came home before 8 o'clock in the evening, he delivered the notes to W. B. Dawson that evening; but if not, he did not deliver them till the next morning. When the witness was asked how the notes were produced to be laid before old Mr. Dawson for his endorsement, he said they were taken out of the safe by W. B. Dawson. Would not say positively that the notes so taken out of the safe by W. B. Dawson were the same notes which he (witness) had last delivered to him. Had seen W. B Dawson lay the notes, face down, upon the desk for his father to endorse. On such occasions he happened to be in the office, sometimes on one account, and sometimes on another. Sometimes he wanted money, and sometimes he wanted to ask a question, and had to wait till he could get an answer. Would not swear to having seen old Mr. Dawson endorse any particular notes. There was one note however, which he and his brother gave to W. B. Dawson, which he saw old Mr. Dawson endorse. Mr. Thompson then said to the witness "You have said that you saw W. B. Dawson slip notes upon the desk at the time when old Mr. Dawson was endorsing notes, and of which he (old Mr. Dawson) could not be aware? Did you think that that slipping of the notes upon the desk was done fraudulently by W. B Dawson?" To this the witness replied, that about two or three years after he had entered into the service of W. B. Dawson, he began to think that he (W. B. Dawson) was deceiving his father. The witness then, on being asked by Mr. Thomson whether he had been on good terms with old Mr Dawson, said he had. Mr. Thomson then asked him "Why, if he was an honest man, he did not tell old Mr. Dawson that his son was deceiving him?"; and to this question he replied, "Because he did not think that anything like the present matter would arise out of it." The witness was then allowed to leave the stand; and the Court was adjourned for half an hour.

(To be continued.)

SHAMEFUL AND DISGRACEFUL CONDUCT IN A NEIGHBORHOOD.

On Wednesday night, the 24th ult., some evil-minded person or persons entered the field of William Bark, Georgetown Road, son of the late Edmund Bark, of Tea Hill, and stabbed three of his cows, supposed to be with a sheep shears, one of which died, and the others are not expected to live. The same night, a valuable horse, the property of Philip Lane, whose lands are adjoining Burk's land, had its tail and mane shaved quite close. The general suspicion rests upon certain persons in the neighborhood, who held an angry feeling towards the above parties. We understand that the case is now in course of examination before J. R. Bourke, J. P., and we sincerely hope that he will be successful in finding out the guilty party or parties, and have them brought to condign punishment. Every honest man in the neighborhood should do all in their power to convict the guilty person or persons.—*Com.*

H. M. S. *Doris* arrived in this Port on the 8th inst. She is fine Frigate of Twenty-five guns, and her crew numbers 490 men. Those of our townsmen who have visited this ship are delighted with the kindness of the officers and the civility and hospitality of the men. Many of the tars and the marines are to be seen in the streets every day some of them in a slighly elevated state of mind: but a better looking, jollier or more generous set of fellows never wasted their hard earned sovereigns ashore. However, the grog shops are not the only places where these sailors spend their money. We were much pleased to see some three or four of them in Harvie's Bookstore, making some rather extensive investments in light literature. One bright looking lad had bought a complete set of Cooper's Novels, and when we left the shop, they had not completed their purchases.

Reception of General Tom Thumb and Party by the Royal Family at Windsor Castle.—On Saturday afternoon, the 24th ult., by command of Her Majesty, Gen. and Mrs. Tom Thumb, with their infant daughter, Minnie Warren Stratton, and accompanied by Commodore Nutt and Minnie Warren, arrived at Windsor Castle for the purpose of giving a performance before the members of the Royal Family. The General and his party had been performing in the course of the week at the Windsor Theatre, and had left for town, but on receiving the Queen's commands the little people immediately returned. On reaching the Castle, they were at once conducted to one of the private State apartments, known as the "Rubens Room" on the north side of the palace, and where, for many years, the theatrical performances took place. In this room their Royal Highnesses Princesses Louise and Beatrice and Prince Leopold, were seated in front of the platform, and surrounded by the ladies and gentlemen of the Court, among whom were the Duches of Roxburghe, Lord Methuen, Lord Charles Fitzroy, Sir T. M. Biddulph and Lady Biddulph, Lady Caroline Barington, the Hon Flora Macdonald, the Hon. H. Stopford, the Hon. Mrs. Wellesley, &c Every part of the performance of the little people gained them the applause of the Royal Family, and his Royal Highness Prince Leopold seemed highly delighted at the Commodore's version of the "Perfect Cure," and his execution of the song and drum solo.

AN EFFECTUAL WORM MEDICINE.

Brown's Vermifuge Comfits,

Or Worm Lozenges. Much sickness undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The "Vermifuge Comfits," although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worms, so hurtful to children.

Children having worms require immediate attention, as neglect of the trouble often causes prolonged sickness.

Symptoms of worms in children are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. The combination of ingredients used in making Brown's "Vermifuge Comfits" is such as to give the best possible effect with safety.

Be Wise To Day!—Tis madness to neglect a cough or cold. Consumption may follow, and though Dr. Wistar's Balsam of Wild Cherry cures the latter disease, yet the former disappear at once under its influence.

At all seasons of the year the rate of mortality from diseases of the lungs is very great. No better remedy can be used than Johnson's Anodyne Liniment.

ENGLISH CHURCH BAZAAR.

The Ladies of the English Church in this City held a Bazaar in the Drill Shed on Thursday and Friday of the past week. The walls and roof were tastefully decorated with flags of many hues and of every nationality, and tables profusely covered with the usual variety of beautiful, elegant, useful and ornamental articles, extended along both sides of the building from one end to the other. The brilliant display was positively bewildering. It would be a hopeless as well as an invidious task to select for particular notice any two or three of the many beautiful specimens of needle work that were exhibited; but a few works of art, of a different kind, struck us as being worthy of especial mention. Some water color paintings by Mr. R. G. Freeland, and some in oil by Mr. Robert Harris, of this City, were, deservedly, very much admired. On the Lieutenant Governor's table were a number of carved brackets of many varieties of pattern, all very tastefully and artistically executed. Some picture frames and hand mirrors were very nicely done, particularly one surrounded by carved vine leaves and ears of corn. The performance of some excellent selections of music by the band of H. M. S. *Doris*, added very materially to the attractions of the Bazaar. Nor must the well supplied refreshment tables, served as they were by kind, attentive, obliging, but extremely hard worked ladies, be forgotten. The Bazaar must, we think, be pronounced a decided success. The amount realized, we understand, is nearly £600.

Bostonite. This is the name given to a new material manufactured by Messrs. Perry & Co. of London, into Tablets, Slates, Memorandum Books, Diaries, &c., and is an excellent cheap substitute for Ivory in the above named articles, as writing with a lead or colored pencil is easily erased with moisture. Messrs P. & Co. are also manufacturers and patentees of an almost endless variety of useful articles in the Stationery and Fancy Goods line. A very nice assortment of their Goods is on sale at Mrs. Bremner's Book and Stationery Store in Prince Street.

Staples' New Pens.—Mr. B. F. Staples has recently invented another description of pen which we take great pleasure in recommending to the public. It is a plain circular pointed pen, with a smoothly-rounded point. It is made entirely of steel, and unlike most pens, it is very durable, and will stand any amount of hard usage, without materially damaging it. Mr. Staples is indefatigable in his exertions to supply the facilities to ensure a thorough system of penmanship among our people, and we trust that his excellent copy books, which are authorized by the Council of Public Instruction, and his good pen will be extensively used throughout the Province.

Mr John Ross, has again appeared in our midst, and has commenced the publication of a paper called the "North Star" the first number was issued on Tuesday, the 7th, it makes a very respectable appearance. We wish our enterprising friend every success.

We are compelled this week, owing to the large amount of space taken up with the examinations of schools, and also the report of the proceedings of the Supreme Court, in the Dawson case, to omit various news items intended for this day's paper.

Holloway's Pills and Ointment.—Preventives of weakness.—Whenever circumstances produce impure blood, or lesson the force of the circulation, stagnation takes place in the lungs, and consumption or other formidable symptoms discover themselves. Let Holloway's remedies be tried on the first feelings of debility, or on the first annoyance from a dry, hacking cough. The Ointment should be well rubbed, twice a day, upon the chest, and between the shoulders, and the Pills should be taken in alterative doses, to purify the blood and cleanse the system, without weakening it, by rousing or aggravating existing nervous irritation These observations carry additional weight in summer, when decline and general weakness from heat and other causes are more apt to prevail.

A horse is truly a noble animal, and is capable of being taught more than any other species of the brute creation. He often exhibits intelligence truly wonderful, as well as enthusiastic feeling. To preserve such a horse in all his glory, use Sheridan's Cavalry Condition Powders.

"Old Folks at Home."—The simple pathos of this melody touches every heart It is whistled, sung, and played on instruments every where; and next to it, as a benefactor, is Grace's Salve, which is so well calculated to relieve suffering. It is to be found in the homes of all who prepare against accidents.

PERRY DAVIS' PAIN KILLER

Has become an article of commerce.—which no medicine ever became before. It is as much an item in every bill of goods sent to country merchants as tea, coffee or sugar. This speaks volumes in its favor.—[Glens Falls Messenger

Rev H. L. Van Meter, Burmah, writes, "The Pain Killer has become an almost indispensable article in my family."

Hundreds of missionaries give similar testimony of its virtues.

Rev J. G. Stearns writes, "I consider it the best remedy for Dyspepsia I ever knew."

Rev. Jabez S. Swan says, "I have used it for years in my family, and consider it an invaluable remedy."

Rev M. H. Bixby writes, "I have had occasion to use the Pain Killer very frequently during my residence in Burmah, and have found it a very useful medicine. I did not think I could visit the jungles without it. In case of Colic, Diarrhœa, and Cholera, the Pain Killer gives speedy relief, and for many other ailments I have found it beneficial. It is popular in Burmah, among the natives as well as Europeans. I always carry it with me for my own benefit, and the good of the people where I go."

We understand that exception was taken in Court this morning, to a report of the Dawson trial that appeared in one of the City Newspapers But that paper was not the "Examiner" We have every confidence in our reporter. We are quite sure that he will not intentionally give the slightest bias to his reports.

We understand that Mr. Staples, of Nova Scotia, intends opening a Writing Class in this city in a few days. Having some knowledge of Mr. Staples' system of teaching, we can, with great confidence, recommend those who wish to acquire an elegant and a legible hand-writing, to place themselves under his instructions.

Through the politeness of the Rev. A. MacDonald, we have been furnished with the prize list of St. Dunstan's College. We very much regret that owing to its length and the crowded state of our columns we cannot insert it in this issue of the *Examiner*. We will, however, not fail to publish it next week.

VACCINATION.

The Superintendent for Vaccination for Charlottetown, Common and Royalty hereby gives notice that he attends at Dr. Johnson's Dispensary, Kent Street, on every Wednesday and Saturday afternoon, from two to five o'clock, in order to Vaccinate (without charge) all persons who may attend for that purpose

The Superintendent is aware that several hundreds of persons, in his district, are not vaccinated and are exposing themselves, their families, and the public, to the awful disasters of the small pox pestilence; and also to the heavy penalty which the law enacts; he therefore earnestly warns them not to neglect so important a duty any longer, as he will be compelled (however unwillingly) to prosecute defaulters after this opportunity
