

Committees Appointed As Convention Begins

MONTAGUE BUREAU OF THE GUARDIAN
Leslie Stuart, president of the Montague local of the P.E.I.T.F., welcomed some 10 teachers at the opening session yesterday morning of the annual two-day fall convention.

In his opening address, he welcomed the teachers and expressed the hope that the convention would be a success. He paid tribute to Dr. Shaw who had retired and expressed the hope that his retirement would be a happy one. Mr. Stuart felt the local workshops were helpful but attendance at such was not as large as it should have been.

The following committees were appointed to carry out the various duties of the convention: Press - Miss Betty Gillis and Eugene Murphy; nominations - Mrs. Elsie Watterworth and Mrs. Helen Robbins; resolutions - Donald MacKenzie and Glen Lecco; question box - Miss Mildred Acorn and Miss Lorraine Jamieson.

An enlightening and informative talk on French pronunciation, with special emphasis on phonetics, was given by Jerry Pineau of the staff of Montague High School in which he expressed the hope that teachers would motivate stu-

dents to attempt the oral pronunciation of French.

Malcolm MacKenzie, director of education, outlined the many phases of the teacher's work and reminded them that the teacher is the most important cog in the process of education. He also said that the curriculum is only a guide and that the teacher must make it live, enriching and expanding it to suit the times. Mr. MacKenzie went on to say, "You must be students of existing laws and regulations as well as teachers in the classrooms."

He urged teachers to budget and bargain with local school boards and organizations such as women's institutes, to aid financially in the procuring of supplementary reading material and other teaching aids.

Mrs. Marie Devlin of the Junior Red Cross, expressed the hope that teachers would organize Junior Red Cross branches. She introduced Dave Lawlor, Birchwood High School, one of the five P.E.I. delegates who attended the Red Cross training centre at King's College at Windsor, N.S., who told of his activities there.

Estelle Bowness, general secretary of the P.E.I.T.F., outlined the years work of the federation. She stated that a satisfactory trend today is that more and more people are looking to teachers for their stalwart opinions and reminded them that they should read more widely on all articles on education, so that they would be strongly conscious of educational matters both locally and internationally.

She warned that teachers should be aware of unconsciously belittling the profession, and urged them to be happy in their work and to speak well of it, and in this way, encourage the best pupils to enter the profession. She expressed regret that the type of salary today does not bring into the profession the number and calibre of young people required.

In the supervisors' address, Louis Herring outlined problems which the teachers might encounter, and offered suggestions in dealing with such. The highlight of today's session will be a panel discussion on general educational topics.

Four provinces have held follow up conferences and our province will have its first Provincial Education Conference on November 8th of this year. It is hoped that this conference will be well attended by all people interested in Education.

Mrs. Earle Norrie introduced the second speaker, Gordon Keer, P.E.I.'s Boy Scout Deputy Commissioner, who explained clearly the work of that movement, stressing the importance of having a committee reporting on the Guide and Scout activities to the sponsoring body which in this case is the Spring Park Parent-Teacher Association.
