## FIRST NEGRO UMPIRE

Emmett Ashford, first Negro umpire signed by the major leagues, confers with California Angeles' Manager Bill Rigney at Palm Springs, Calif., as the Angels played the Chicago Cubs. Ashford was making his first appearance as a plate umpire between major league teams. He was signed from the Pacific Coast League at the close of last season.

## OBITUARY

**MRS. THOMAS HUGHES**

Inserted by the family

Many hearts were saddened when it was learned that Mrs. Thomas Hughes had passed away at the Charlottetown Hospital on January 30, 1966 after a short illness. Mrs. Hughes was the former Bertha Mahar and was born at St. Mary's Road sixty-six years ago, and lived there all her life. Her illness and death came as a severe shock to her family, who were all at her bedside when she passed away.

A devoted Catholic, she was frequently visited during her illness by Rev. Father Reid, who administered the last rites of the church. She will be greatly missed in the community where she was always ready to help in sickness and trouble also by many friends elsewhere who loved to visit her. But it is in the home where the loss of a devoted wife and mother will be felt most keenly.

Left to mourn are her husband, four daughters and five sons, Reginald, Herman, Leonard and Mary of St. John, N.B., (Bridgit) Mrs. William Savidant, (Sydella) Mrs. Ernest Grady, (Margaret) Mrs. Louis Hughes and Cecil of Charlottetown, and Thomas at home, also a brother Ernest of Truro, N.S. and nineteen grandchildren.

Her funeral which was largely attended took place on February 2 to St. Paul's Church, Sturgeon where Requiem High Mass was celebrated by Rev. Finlay Mullally who also conducted services at the grave. The pallbearers were Ernest Grady, John Hughes, Raymond Murphy, Anthony Murphy, John McCarthy and James Hughes.

Numerous Mass cards, enrollments, cards, letters of sympathy and floral tributes were received by the family.

May her soul rest in peace.

## CARD OF THANKS

Mr. Thomas Hughes and family wish to thank Rev. F Mullally, Rev. W. Reid, Dr. Allan MacMillan, Rev. Sisters, doctors and nurses of the Charlottetown Hospital, Dr. MacIntyre, and nurses of the Montague Hospital, Montague Funeral Home, all who gave Masses, enrollments, cards and letters of sympathy and floral tributes. A very special thank you to friends and neighbours who helped in so many ways during the illness and death of their loved one.

MOSCOW (Reuters) — Norair Sisakyan, 58, one of the Soviet Union's top experts on space biology, died Saturday. He wrote a number of books and frequently contributed articles aspects of space exploration.

# Saint John, Halifax Ports To Expand Grain Handling

SAINT JOHN, N.B. (CP)—The ports of Saint John and Halifax, long East Coast rivals for water-borne freight, have embarked on programs to expand grain-handling facilities.

Grain has become inceasingly important to the two ports in recent years, mainly because of increased exports caused by mammoth Canadian wheat sales to Communist countries. The growing volume has taxed facilities at both harbors.

Programs of expansion and improvement are under way here and in Halifax after pleas for assistance by port officials to the National Harbors Board. An estimated $1,400,000 is to be spent on capital works projects here and a new marine leg at Halifax will cost $1,500,000.

Gordon C. Mouland, NHB port manager in Saint John, says "all planning for the season's undertakings has been completed and we expect to start work early next month just as soon as there is a seasonal decline in winter shipping."

Saint John and Halifax are ice-free ports that get the major portion of their shipping business during the winter. Waterfront activity slackens with the spring opening of the St. Lawrence Seaway.

**PLAN EXTENSION**

The largest capital project here will be a 361-foot extension to Pier 1 in the west end of the city and construction of a cargo storage building on the site. The present grain gallery also will be extended.

Mr. Mouland says additional docking space will be provide for three ocean freighters an a grain-loading vessel next to the grain gallery.

Three grain elevators here have a storage capacity of 3,000,000 bushels and several miles of railway siding are used to park rail freight cars awaiting unloading into the elevators.

About 23,000,000 bushels of grain have been exported from Saint John so far this season, Mr. Mouland says. About 44,000 bushels of flour, most of it going to the Soviet Union, has been shipped out of the port. A record 31,000,000 bushels of grain were exported in 1963-64.

**EXPECT SPEED-UP**

In Halifax, faster turn-around service of grain vessels from the Great Lakes is expected to be provided by a new marine leg to be installed this summer.

Foundation work for the marine leg—a conveyor system of grain-carrying buckets—has already been completed and the new installation will increase the port's grain-handling speed to 36,000 bushels from 15,000 an hour.

An average 6,000,000 bushels of grain pours into Halifax between June and October each year. The port's grain elevator has a storage capacity of about 4,200,000 bushels, half of which is used for domestic grain and the other half for export stocks.

Halifax port officials have requested a second grain elevator to meet increasing grain-handling demands and the National Harbors Board recently set aside $500,000 in its annual budget for this purpose.

In some parts of the Arab world, it is thought unmanly to refuse to drink dirty water.

## OBITUARY

**LEONARD RUSSELL**

Inserted by the family.

Many friends and relatives were saddened to learn of the death of Leonard Russell, February 7th in the Charlottetown Hospital after a brief illness.

He was a faithful member of the Catholic Church, a man of quiet disposition and a good neighbor, ever ready to help in time of trouble.

He will be greatly missed in his home by his wife and family and in the community where he was liked and respected by all.

He leaves to mourn the passing of a loving husband and kind father, his wife, the former Ardelle Somers, one daughter Rosanne, one son Gerard, one adopted daughter, Mrs. Gerard Dwan, Lynn, Mass., two foster sons, Joseph and Allan.

The funeral, which was under the direction of the Perry Funeral Home, Souris, was held at St. Peter's Catholic Church. His pastor, Rev. Bennett Macdonald celebrated Requiem High Mass and his foster sons Joseph and Allan and two of his grand nephews, Hubert and Michael McIsaac served as altar boys.

Rev. T.P. Butler was present in the sanctuary.

Pallbearers were William McMillan, Leonard McKenna, Moses McInnis, Aloysius McIsaac, Billy McInnis and Pat Casey Jr.

Interment was in the church cemetery.

## CARD OF THANKS

Mrs Leonard Russell and family wish to express their thanks to Father Reid, Drs. J. L.F. Burge, Grant and Sinnott, nurses and staff of the Charlottetown Hospital, Miss Morrison, his special nurse, for the care and attention given to our husband and father. Sincere thanks are also extended to the Perry Funeral Home, friends, neighbors and relatives who helped and to all who sent sympathy and Mass cards. A special thank you to Mrs. Joseph McCabe RN, who gave so unselfishly of her time and nursing ability during his illness.

# Greater Productivity Needed Bank Of Canada Governor Says

By JAMES NELSON

OTTAWA (CP)—Bank of Canada Governor Louis Rasminsky said in his annual report released here the economy is running the risk of overloading and greater productivity is needed.

The report, dated Feb. 28 and covering the year 1965, said the principal objective of policy should not be to increase demand for products and services, but to improve output in order to meet the demand without discouraging its normal growth.

Mr. Rasminsky also said improved productivity is important in Canada's international situation. This country can't depend automatically on a flow of foreign investment funds, but must demonstrate its ability to compete effectively both at home and abroad with foreign producers.

The report traced the economic and monetary developments of 1965—the growth in national output and reduction of unemployment, the seare thrown into financial markets by failure of Atlantic Acceptance Corp., and the rise in money supply and interest rates.

Mr. Rasminsky said virtually all the slack in the economy was taken up by the end of 1965, the fifth year of an unusually long expansionary cycle.

**CAPACITY GROWS**

"Fortunately the productive capacity of the economy is growing and can be expected to continue to grow at a substantial rate. The main sources of growth are the rapid increase in the labor force and the prospective improvement in productivity associated in part with recent high levels of investment in plant and equipment.

"Public policy should continue to aim at providing conditions, including an adequate level of total demand, which encourage the economy to expand in accordance with the increase in its effective capacity.

"But in the immediate future our capacity to grow depends essentially on the factors just mentioned, namely the prospective increases in the labor force and in productivity, and can no longer be augmented quickly by any significant reduction in the amount of slack in the economy."

The gross national product—total value of all goods and services produced in the year, discounted for changes in the value of money and measured at the final consumption market—rose by 6½ per cent last year. Unemployment was reduced to 3½ per cent of the labor force by the end of the year.

Output could have been better Mr. Rasminsky said, if productivity had been better. Productivity is the amount of output that can be obtained from the amount of labor, plant and machinery, and managerial talent that goes into it.

The governor said monetary policy—exercised by the Bank of Canada over the supply of money, the level of interest rates, and credit conditions generally—had to adjust itself in the middle of 1965 to the failure of Atlantic Acceptance, a medium-sized sales finance company, at a time when the economic slack was being taken up and pressures on resources were increasing.

It also said Canadian imports were growing faster than exports, the United States was restricting the outflow of its dollars, and U.S. interest rates rose. More Canadians began holding large amounts of their funds in cash savings, rather than in foreign or domestic short-term securities.

All this meant an increase in the money supply for the general public was necessary. It rose 12 per cent in 1965, compared with six per cent in 1964.

The failure of Atlantic Acceptance in June, and consequent impact on British Mortgage and Trust Co., later absorbed by another trust company, shook confidence in financial institutions.

"While the central bank is not entrusted with the function of appraising the soundness of the participants in the credit market' it is nevertheless very concerned with the maintenance of confidence in all parts of the financial system," the report said.

Till memory fades and life departs
They'll live forever in our hearts.
Ever remembered by Heath and Leighton.

**SMITH** — In loving memory of Mom and Dad, Harry Smith who passed away April 10th, 1965 and Mrs. Harry Smith, March 15th, 1963.
Sometimes it is hard to understand
Why some things have to be,
In His wisdom God has planned
Beyond our power to see.
God knows how much we miss you
Never shall your memory fade,
Loving thoughts shall ever wander
To the spot where you are laid.
Peaceful be your rest dear parents,
It is sweet to breathe your name,
In life we loved you dearly
In death we do the same.
Sadly missed by Doreen, Jack and grandchildren.

**HOUSTON** — In loving memory of my dear father, Gordon Houston who died suddenly April 15, 1963.
Dear God please take this message
To my father up above,
Tell him how much I miss him
And give him all my love.
Surrounded by friends I am lonesome,
In the midst of my joy I am blue.
With a smile on my face I have a heartache,
Longing dear daddy for you.
But when I'm sad and lonely
And everything goes wrong,
I seem to hear you whisper;
Cheer up and carry on.
Each time I see your photo,
You seem to smile and say
Don't cry, I'm only sleeping
We will meet again some day.
Always remembered and sadly missed by daughter, Florence.
