

DIRECTIONS TO VOTERS.

The following is the form of ballot to be used in the election for Queen's County marked as it should be by all voters for Campbell and Ferguson—

Election for the Electoral District of Queen's County District, P. E. Island, February 22, 1878.

CAMPBELL, I. William Campbell, of Millville, Park Corner, Queen's County, Farmer and Mill Owner.

DAVIES, II. Louis Henry Davies, of Charlottetown, Queen's County, Barrister-at-Law.

FERGUSON, III. Donald Ferguson, of Tulloch, Queen's County, Farmer and Stock-raiser.

WELSH, IV. William Welsh, of Keppoch, Queen's County, Farmer and Ship-owner.

The following is the form of ballot to be used in the election for King's County, marked as it should be by all voters for McDonald and Muttart—

Election for the Electoral District of King's County District, P. E. Island, February 22, 1877.

MACDONALD, I. Augustine Colin McDonald, of Montague, King's County, Merchant.

MACINTYRE, II. Peter Adolphus MacIntyre, of Souris, King's County, Physician.

MUTTART, III. Ephraim Bell Muttart, of Souris, King's County, Physician.

ROBERTSON, IV. James Edwin Robertson, of Montague, King's County, Physician.

HOW TO MARK THE BALLOTS.

Be sure to mark your ballot for the Liberal Conservative Candidates.

The elector, on receiving the ballot paper, shall forthwith proceed into one of the compartments of the polling station, and there mark his ballot paper, making a cross with a pencil on any part of the ballot paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such ballot paper, so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer, who shall, without unfolding it, ascertain, by examining the initials, and the number upon the counterfoil, that it is the same he furnished to the elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in the presence of the elector, place the ballot paper in the ballot box.

A simple cross upon the ballot for your candidates will assist in electing them. Any other mark or writing will contribute to their defeat.

- 1. Poll opens at 9 o'clock a. m., and closes at five o'clock p. m.
2. Vote early.
3. See that your Liberal-Conservative neighbor votes early also.
4. If you have a sleigh, place it at the service of your Committee to bring tardy voters to the polls. Give the information to the Secretary of Committee.
5. Do not "pair" on polling day with your Grit neighbor. Poll your own vote and let him look out for his.
6. Poll every possible vote; the loss or gain of a single vote in each polling division may make all the difference between victory and defeat.
7. Each Liberal-Conservative should vote as though the result of the election depended upon his individual exertions.
8. Remember that any bribery, corrupt treating, hiring of vehicles, paying of voters' expenses, or any undue influence, will not only void the election, but is punishable by law.
9. Electors can only vote at the polling division where their names are registered.
10. Any elector's vote may be challenged who has received anything on account of his vote, or has been promised anything directly or indirectly, either to induce him to vote at the election or for loss of time, travelling expenses, hire of teams, or any other service connected therewith; or even if the said elector has directly or indirectly paid or promised anything to any person, either to induce him to vote or to refrain from voting at the election.

Special Notices.

A Great Medical Work on Manhood. Exhausted Vitality, Nervous and Physical Debility, Premature Decline in Man, Errors of Youth, and the untold miseries resulting from indiscretions or excesses.

The Science of Life is worth more to the young and middle-aged men of this generation than all the gold mines of California and the silver mines of Nevada combined.—S. F. Chronicle.

The Science of Life points out the rocks and quicksands on which the constitution and hopes of many a young man have been fatally wrecked, Manchester Mirror.

The Science of Life is of greater value than all the medical works published in this country for the past fifty years.—Atlanta Constitution.

The Science of Life is a superb and masterly treatise on nervous and physical debility.—Detroit Free Press.

There is no member of society to whom the Science of Life will not be useful, whether young, parent, guardian, instructor or clergyman.—Argonaut.

Address the Peabody Medical Institute, or Dr. W. H. Parker, No. 4 Bulfinch Street, Boston, who may be consulted on all diseases requiring skill and experience. Chronic and obstinate diseases that have baffled the skill of all other physicians a specialty. Each treated successfully without an instance of failure. Mention EXAMINER AND AGENTS, Charlottetown, P. E. Island, May 13, 1886—wky 61

A LECTURE TO YOUNG MEN On the Loss of MANHOOD. A LECTURE on the Nature, Treatment and Medical Cure of Sexual Weakness, or Spermatocystitis, induced by Self-Abuse, Involuntary Emissions, Impotence, Nervous Debility, and Impediments to Marriage generally; Consumption, Epilepsy and other Diseases, and Physical Incapacity, &c., by ROBERT J. CULVERWELL, M.D.

The world-renowned author in this admirable Lecture, clearly proves from his own experience that the awful consequences of Self-Abuse may be effectually removed without dangerous surgical operations, bleedings, instruments, rings, or cordons; pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture will prove a boon to thousands and thousands. Sent under seal, in a plain envelope, to any address, on receipt of four cents, or two postage stamps. Address THE CULVERWELL MEDICAL CO., 41 ANN ST., NEW YORK, N. Y. P. O. Box 460. Jan. 14—wky
