Let's Talk It Over

Some little time ago there was
an article by a health expert on
the effect that the potato if pre-
pared properly, that is baked and
eaten skin and all, is one of our
most important health foods. Its
alkaline content is supposed to be
very important in keeping a proper
balance with the acid-producing
foods which are said to be the
villains which bring on the symp-
toms of old age.

If there is any virtue in this
article at all, it seems to us that it
should be exploited to the full by
Islanders. The potato is our big
food product, and anything that
will boost its popularity should
be welcome to our farmers here.
We Islanders are a bit slow to
take advantage of those things.
Some of our foods with very doubt-
ful value are ballyhoos to the
skies and the promoters behind all
the shouting make fortunes. With
such a fine, respectable member
of the culinary family as the po-
tato to do some raving about, we'd
be on pretty safe ground.

Because we had an unusually
high number of car fatalities in
Prince Edward Island during the
last winter our legislators are begin-
ning to consider ways and means
of improving the regulations which
have to do with highway safety.
A fine suggestion came out of our
Legislature recently to the effect
that we should start giving our
children more instruction in this
vital subject. If a concerted effort
were made to make all our chil-
dren safety conscious, both from
the standpoint of pedestrians and
drivers, it would not be many
years before such a program would
really begin to bear fruit. Thanks
to our Junior Red Cross organiza-
tion, we, through a swimming and
water-safety program, are making
our children "water-proof". Isn't
it about time we started a pro-
gram to make them "slaughter-
proof" also?

Temperance Meeting In Summerside

"The Church is responsible for
the character of the civilization in
which she finds herself, and it is
our job to persuade church people
to take an active interest in the
alcohol problem", said Dr. Ross
Eaton at the meeting of the Tem-
perance Federation, Executive in
Barnhart Hall, Summerside, Friday.

Dr. Eaton reported that he and
Mrs. Eaton have in the past six
months spoken to 9676 church
people in 151 churches and to 7700
school children mostly of high
school age. All schools in the Mar-
itimes both Roman Catholic and
provincial welcome them and the
Departments of Education cooper-
ate very well.

The president, Gordon MacMil-
lan, reported on his visit to the
Legislature, and the report of Rev.
R. A. MacLeod, delegate to the bi-
ennial meeting of the Canadian
Temperance Federation in Ottawa,

was read in his absence by the
secretary, Rev. J. F. MacKay.

Concern was expressed over the
three million dollar liquor bill for
this province during the past year,
and it was pointed out that the
people of the province are at a dis-
advantage in knowing how much is
spent on liquor because the report
tabled in the Legislature is a year
old.

In accordance with the new con-
stitution the following committees
were appointed. Finance Commit-
tee: Robert Carruthers, chairman,
Miss Louise Calbeck, Mr. Harrison
MacFarlane; Education and Publi-

Legislation committee continue to
press for the appointment of a

visit schools and community
groups, that a subscription to the
magazine "Laster" be sent to the
P.W.C. Library, that commitments
amounting to \$350 be paid to the
Canadian Temperance Federation,
that H. Christie represent P. E. I.
on the executive of the Canadian
Temperance Federation. On motion
the meeting adjourned.

Will Celebrate 100th Birthday This Friday

Mrs. Lawrence Yeo, (above), of
Sherbrooke, near Summerside,
will celebrate her 100th birthday
this Friday, March 27th.

Hale and hearty at the century
mark, Mrs. Yeo resides with one
of her daughters, Mrs. Leonard
Pickering, at Sherbrooke.

This grand old lady, apart from
poor hearing, enjoys good health
and works daily at her knitting
and crocheting without the aid
of eye glasses.

She prefers to sleep on the
second floor, and travels up and
down stairs freely, scoring as-
sistance from anyone.

Her day begins about 7.30 a.m.
and she retires about 9.30 p.m. but
if visitors are present she pre-
fers to stay up to see them off

for home.
Knitting and crocheting are her
devoted hobbies, and when team
above last year she was busily
engaged in knitting another cus-
tion cover.

Nearly was a container filled
with dozens of "sets" of perfect-
ly finished multi-color crochet
work made within the last two
years.

Mrs. Yeo was born at Port
Hill on March 27th, 1853, a daugh-
ter of the late Thomas and Agnes
Birch. She was one of a family
of thirteen, three of which are
still living. The other two are
Miss D. A. Louise Birch, Boston,
Mass., and H. B. S. Birch, living
on the old homestead.

Her grandparents came to P. E.
I. from the Old Country, her
grandfather Birch coming from
the Vale of Avon, Ireland, a
place noted for its great beauty.

Her grandfather, Ellis, came
from Bideford, England, and named
their new home on P. E. I.
after it.

In 1874 she was married to
Lawrence Yeo of Lot 16, and lived
there until after the death of
her husband about 1920.

Their surviving children are:-
Frank, in Summerside; Eva, Mrs.
Leonard, Pickering, Sherbrooke;
Edmund, Victoria, West; Garfield,
Central Lot 16; Birchfield, St.
Eleanors; Muriel, Mrs. Ralph
Compton, St. Eleanors.

On her 100th birthday this Fri-
day, Mrs. Yeo will be at home to
her friends from 2:00 to 5:00 p.m.
and if roads, weather, and health
permit, all the family and many
friends will be on hand to make
her birthday the more enjoyable.
