Upon receipt of this order, the Admiral was telegraphed for permission to stay over until Tuesday, but up to the time of writing we have not heard that a reply has been received.

BREACH OF PROMISE.—A Toronto young woman has been awarded \$1,000 damages by a sympathetic jury in a breach of promise case. The defendant, it is said, during the progress of the trial, looked as if he rather enjoyed having the story told in court. The verdict would probably cause him to regard the matter in a more serious light.

SAD DROWNING ACCIDENT.—Yesterday, the 28th inst., two young men at Murray Harbor, one of whom was named Kirwin, went out to place a fishing boat in a more sheltered place than where it was lying, as the wind blew very hard and an angry sea was rolling over the shoals. In some way the boat they were trying to bring to a safe place upset, and, sad to say, both of them were drowned.

A PLUCKY WOMAN.—Burglars are likely to give the residence of Mrs. Hall, in Sabine Parish, La., a wide berth hereafter. Apprehending one of them trying to force open the window, she armed herself with a hatchet and took up a position close by. Shortly the hand of a man appeared, and, quick as a flash, she descended with her weapon. The burglar fled, but left three black fingers as reminders of his visit.

A CELEBRATED MISSIONARY.—The Rev. Mr. Wilkie, who has been for a number of years a missionary of the Canada Presbyterian Church in India, will visit our Island for a few days. He will preach in St. James' Church on Sabbath morning, and in Zion Church in the evening. Mr. Wilkie will also address a public meeting in St. James' Hall on Monday evening under the auspices of the Women's Foreign Missionary Society.

ISLAND HORSES.—John McIntosh, of St. John's, has purchased a team of handsome horses in P. E. Island. They are the get of "Brown Stout" and "Stockman." John Fraser, of Lorne, has sold his four year old Barrister team for \$400. They go to Halifax. This was the finest team of drafts on the West Branch. John brought them from the Island when they were three years old. He always owns fine horses, and is now ready to purchase a good team, and will have to go to the Island for them.—New Glasgow Chronicle.

REVIVAL SERVICES.—Dr. Butt is still continuing special services at the Christian Church, Upper Great George Street. He will preach this evening at 7.45, having for his theme, "A Home for Eternity." At the close of the preaching service, baptizing is to take place. He will also preach in the Christian Church on Lord's Day morning, July 1st, at 10.30. Subject, "The Lord's Prayer." In the evening at 6.30 his subject will be "Science; its Struggles and Triumphs." Lord's Day afternoon he will preach at Lot 48.

THE LECTURE.—Charles Watts, who is to lecture in the Market Hall, on Wednesday evening next, is thus spoken of by the German-American of Grand Rapids: "Mr. Watts has a thorough command of language, shows a thorough acquaintance with present and ancient history, and of the subject of free thought. His keen wit, his logical reasoning, and his eloquence as an orator, backed by a thorough historical knowledge of the world and its greatest thinkers and writers, make him a power, both as a public debater and lecturer for effective work."

STEAMERS' MOVEMENTS.—The str Worcester sailed for Boston last evening with a cargo of potatoes, eggs, canned lobsters, etc., and D. Macdonald, L. McCormack, Charles McLean, W. R. McLean, W. Fraser, Emma Tobin and Miss Farmer as passengers. The M. A. Starr arrived at three o'clock this morning with the usual general cargo and one passenger—Mr. Cummings. She sailed on return at noon with a miscellaneous cargo and Mrs. Munro, Mr. Morris, wife and two children, John Steele (2) Jos. Steele and Maggie Steele as passengers. The Miramichi is expected here this evening.

WHO IS HE?—Daniel Barker, the burglarious suspect, whose recent arrest in Moncton we noticed yesterday, told Stipendiary Wortman, when questioned, that he belonged to Souris, but had left the Island some five years ago, since which time he had worked as cook on board vessels. He said further that he left Gloucester, Mass., about a month ago on board a fishing schooner, and had only arrived in Bathurst on Monday, where he met the man for whom the policemen are on the look-out. It is strongly suspected that the man has not given his real name or address, and that he and his companion are members of the gang of burglars who were operating in the Province last year. At all events he carried a queer "kit" for a sailor.

SPECIAL DESPATCHES TO THE EXAMINER.

The Bridgewater Seizure Case.

WASHINGTON, June 28. The Secretary of State has officially called the attention of the British Minister resident at Washington to the case of the American ship Bridgewater, unlawfully seized by the Customs officials of the Dominion of Canada a year ago, and detained 81 days at Shelburne. The owners of the Bridgewater were confident the Canadian Government would make compensation, as the gross illegality of the seizure and detention were admitted, and the ship unconditionally released by order of the Dominion Government after rejection of a proposition by the owners of the Bridgewater, for release, conditional upon promising immunity for seizure and detention. The Dominion, however, decided not to enter the claim on the ground purely technical, that the owners had no remedy at law against Dominion officials. The claim was presented to the State Department, a few weeks ago; and has been promptly presented to the British Minister for settlement.

Mr. Hawke's Reception.

MONCTON, June 28. J. T. Hawke was received here by a brass band which paraded the streets and gathered quite a crowd at the station. He entered a barouche with Mr. Longley and Mr. Emerson, the defeated Grit candidates for Westmorland, and drove to the rink where Mr. Hawke was presented with an address and purse of \$1000, made up principally by the Grit leaders. He made a speech, during which the crowd in the rink rapidly dispersed. Some effort has been made to get up a procession, but it turned out a great fizzle. From the station to the rink there were only 8 teams and from the rink through the streets to Hawke's home only three. The demonstration is the subject of much good nature chaff.

Montreal News.

MONTREAL, June 28. A meeting of the colored goods section of the Cotton Manufacturers Association was held here yesterday to consult, regarding the unsettled condition of prices of certain lines of colored goods, with a view to settling on some basis that would be acceptable and fair to all concerned. No change in prices was effected for the present, an adjournment being made until one or two of the larger mills, whose representatives were unable to attend, were conferred.

A Well-Deserved Address.

HALIFAX, June 28. Governor Richey was to-day presented with an address adopted by the Nova Scotia Methodist Conference, highly eulogistic of his gubernatorial duties. Governor Richey was the son of Rev. Dr. Richey (the John Wesley of the Maritime Provinces.) The Governor, in reply, attributes to his venerated father the principles governing his daily life, which have secured the confidence of his countrymen.

Offers to Disgorge.

MONTREAL, June 28. He has been remanded till Tuesday. He now offers to disgorge if released.

The Liberal Association.

MONCTON, June 28. The Provincial Liberal Association met this afternoon, about sixty persons being present. Alex. Rogers, Ex-M. P. for Albert, was elected President, and the Convention adopted a platform of the reform of the Senate, Manhood Suffrage and Unrestricted Reciprocity. The much advertised public meeting fell flat.

The Joggins Raft.

OTTAWA, June 28. Mr. Robertson, of the Joggins raft, is dissatisfied with the Government for charging an export duty on his timber. He asserts that no such duty is ordinarily levied in the Maritime Provinces, and he will pay it under protest. The raft will be launched in July.

Messrs. Morson and McNeil for Crown; Messrs. McLean & Macdonald for prisoner. The trial is now proceeding.

Lawn Tennis Tournament.

The final sets of the Ladies' Tournament, which began on Saturday last, were played yesterday afternoon at Victoria Park, and resulted in Miss May DesBrisay carrying off the prize, a very pretty gold brooch presented for the occasion by Mr. A. A. Bartlett, of the Fitzroy Club. The Tournament was played by sets, best two out of three. The players all went in even, with the exception of Miss May DesBrisay, who played against a handicap of 15 on each game.

Notwithstanding handicaps, Miss DesBrisay plays to win, and still adds laurels to those already won. In the last sets, she met a very formidable opponent in Miss M. Ball, who, although a young player, displayed remarkable skill and powers of endurance throughout the tournament. Miss A. Beer is also to be complimented on her play; for good style and hard returns she has few equals.

The following are the drawings and scores of each set:—

Table with 2 columns: Player 1 vs. Player 2, Score. Includes matches like Miss A. Beer vs. Miss B. Haviland, Miss C. Ball vs. Miss E. Palmer, Mrs. Bartlett vs. Mrs. Brecken, Miss M. Ball vs. Miss A. Brecken, Miss DesBrisay vs. Miss B. Longworth.

We understand that the ladies will again enter the lists at an early date to compete for a prize offered by Mr. Justice Young, LL. D.

Spring Park School.

ALL who attended the examination of the Spring Park School on Thursday afternoon could not but be pleased with the appearance and proficiency of the scholars. The rooms were very tastefully decked with flowers. The children, teacher and visitors all seemed in the best of spirits. The junior department of this school has improved very much in the past year. The children sang nicely, and behaved very well. Mr. Miller and Miss Nellie Lawson examined them in arithmetic, while Miss Stumbles conducted the other class herself. Miss Lawson's attendance was large, and we noticed some excellent writing and compositions on her desk. A class in the fifth book was examined by Miss McKinnon, and the children read and spelled very well indeed. The reason no prizes were given this year was that the money had gone to improving the school grounds. We understand that the trustees intend having the school thoroughly repaired and painted. This is a move in the right direction. The school will be re-opened on the second Monday in August.

At the Butts.

The youngsters of No. 2 Batt., G.A., spent yesterday afternoon at Kensington Range competing for a badge presented by Capt. Longworth. The ranges were 200 and 500 yards and the shooting was very creditable when we consider that it was the first practice for many of the competitors. Below is the total score:

Table with 2 columns: Name and Points. Includes Corp'l A H McNeill (47), Corp LE Prowse (46), Gun Webster (44), Sergt Art Alley (43), Gun Johnstone (40), Gun Robt Beer (40), Sergt Dover (34), Gun Prowse (30), Gun Macdonald (29), Gun L J Sentner (28), Gun Cameron (25), Gun J E Morson (24), Gun Lane (19), Gun J F Whear (17), Gun Peake (14), Gun McLaren (9), Gun H Brown (8), Gun Bruce (8).

This is the first of a series of competitions; the date of the second will be duly announced.

Railway Rates.

SIR.—There is nothing to be gained by entering upon a discussion of railway matters with Mr. H. F. Coombs, because of his peculiar ideas of railway management. I am not concerned about the I. C. R., and would not have noticed Mr. Coombs' first effusion were it not that it conveyed an impression—unintentional it may have been—that was unfair to the P. E. Island Railway. It is impossible to run a railway so as to meet the views of every man who may have occasion to avail himself of its advantages. But it is probable that the Government roads go as far as private corporations in the direction of meeting the reasonable requirements of the public.
