SPECIAL DISPATCHES TO THE EXAMINER.

SUPREME COURT.

Manitoba School Act Ultra Vires.

Argument in the P. E. Island Case.

OTTAWA, Oct. 29. The Manitoba School Act has been declared ultra vires by the Supreme Court of Canada. It was not expected that the decision would be unanimous, but the five judges who heard the argument were agreed, and all, save Justice Strong, gave lengthy reasons for their decisions. The argument on the Prince Edward Island election cases was resumed by Mr. Peters for appellant. Peters urged that there was no deposit made with the filing of the petition, though the Act directs that the deposit must be made and a receipt given by the Prothonotary of the Court; that it was made in these cases with the Deputy Prothonotary, who is an officer of the Court independent of the Prothonotary for whose acts the Prothonotary is not responsible. Objection was also made to the service of the petition which was made in Ottawa, and it was contended that there was no authority under the practice in Prince Edward Island for service out of the jurisdiction of the Court. Mr. Peters also expressed the opinion that on a petition against two persons it is necessary to make separate deposits of one thousand dollars each; and that a deposit of two thousand dollars for the general costs of the petition is insufficient. The case is still pending.

Quebec's Disgrace

Public Money Squandered by the Grits.

QUEBEC, Oct. 29. John J. McDonald, contractor, testified before the commission yesterday, that he had offered to build the Bay des Chaleurs road for \$420,000 less than the sum being received by the Cooper syndicate; and he also refuted his former statement that he had told Picaud he was to receive \$50,000, and later had replied "not enough."

"Not Responsible."

SANTIAGO, Chili, Oct. 29. The Chilean Government has replied to Minister Egan's demand for an explanation of the recent attacks upon American sailors. The reply amounts to a refusal to accept responsibility for the affair.

Famous Case Settled.

BOSTON, Oct. 29. The decree of the Board of Visitors has been set aside in the famous Andover case. This decision means a victory for Professor Egbert E. Smith, and doubtless ends the struggle that has been before the public for five years.

Sealskins Down.

VICTORIA, B. C., Oct. 29. Sealing men are much disappointed over the condition of the market for sealskins. The fall of prices for seals at London, which determine the prices for the year is much lower than was expected.

Floods in Spain.

MADRID, Oct. 29. There have been fresh inundations in Spain, and more damage and distress are anticipated.

Influenza Again.

PARIS, Oct. 29. The epidemic of influenza is raging here.

Weather Bulletin.

TORONTO, Oct. 29.—10 a. m. Winds mostly north-westerly and westerly, fair and cool.

General Telegraphic News.

ST. PETERSBURG, Oct. 27.—The Government has denied the petition of leading merchants of Moscow for permission to organize a society for the relief of distress in the famine districts. This is supposed to be due to the fact that reliance upon organized relief will have a bad moral effect on the peasants who are too lazy to work and spend the money they receive in drink.

ROME, Oct. 27.—A great sensation has been caused in literary circles at Catania, Sicily, by the arrest of two of the most prominent professors of the local college, charges of having sold certificates of graduation. Documents were found at their houses proving that they had practised this traffic. One of the men arrested is Signor Crampole, professor of philosophy, and well known as an author of novels.

SANTIAGO, CHILI, Oct. 27.—The United States Government to-day, through Minister Egan, formally demanded reparation from the Government of Chili, for the attack recently made in Valparaiso upon a number of seamen of the U. S. S. Baltimore.

SYDNEY, Oct. 27.—South Australia has declined to take any part officially in the Chicago World's fair unless the American duties on wool are abolished.

BOSTON, Oct. 27.—The steamer Carroll arrived here yesterday from Charlottetown and Halifax. She reports Oct. 25, at 9 a. m., Seal Island bearing northwest nine miles, sighted a vessel flying signals of distress. The Carroll immediately bore down on her and found her to be the two-masted schooner L. B. Hatch, Capt. Johnson, of and from Annapolis, N. S., for Boston, with a cargo of cordwood. The Hatch was waterlogged, in a sinking condition, and had everything movable swept from the decks. The Carroll rescued the

crew, got underway, and an unknown schooner was seen to go alongside the wrecked vessel and put a crew aboard.

LONDON, Oct. 27.—A prominent Liberal said to-day the Tories intended to make their fight in the general election against the Roman Catholic hierarchy in Ireland. They will claim that Gladstone proposes to sacrifice their Protestant fellow subjects to the Roman Catholic Church, and that the McCarty Home Rulers are merely tools of the Church.

SAN FRANCISCO, Oct. 27.—Louis Duffy, foreman on board the steam whaler Grampus, has arrived from Ounaska on the Mohican. He brings confirmation of the report that nearly all of the crew of the Grampus were massacred by natives on account of the crew's abuse of native women. Duffy deserted the Grampus last July, because of ill treatment.

NEW YORK, Oct. 27.—A despatch from Shanghai says the anti-foreign movements continue in Hunan province. The government is apparently unable to prevent the spreading of the uprising. Documents are displayed on walls everywhere urging the people to "prevent the violation of our country and drive from the province the devil-mouthed European pigs."

DUBLIN, Oct. 27.—A night or two ago, Redmond and John O'Connor, M. P., with bands and a crowd of partisans visited the parish of Black Rock, marched boldly into the parish, where the anti-Parnellites were waiting for them with trailing coats and shillelahs. The anti-Parnellites showered stick, stones and mud at their opponents. The Parnellites armed with stout black-thorns, remained firm and steady under the volley of mud and after the first attack charged and routed their opponents. Then the victors held a meeting on the field, while their enemies skulked away.

CHICAGO, Oct. 27.—Treasury Agent Scanlan has received advices from his inspectors in Canada that there are 10,000 Celestials in Vancouver and along the line of the Canadian Pacific Railway who are suffering for the want of food. "Chinamen in unprecedented numbers are being landed in Vancouver," said Mr. Scanlan, "and they are unable to obtain employment or food. The vast number of arrivals is the result of a notice spread among the Chinese by an influential Chinaman that returned home, that it is very easy to get into the United States. I believe the Canadian government is assisting them into the United States in order to get the \$50 per head they are compelled to pay."

NEW YORK, Oct. 27.—Inquiry at the American consulate in Matamoros, Mexico, shows that none of the alleged revolutionists executed recently under Garcia's orders were American citizens as had been reported.

NEW YORK, Oct. 27.—Panama advices state that five at Elmermen, on Oct. 9, caused \$200,000 damage. Many families were left homeless and destitute. The British government refused to recognize the claims of its subjects in Colombia for damages against the Colombian government for losses incurred by the Colon fire in 1885, on the ground that there was not sufficient reason to affirm that the destruction of Colon was due directly to the fault of the Colombian government.

EVERY housewife has an interest in keeping her hands soft and white. Women who do their domestic washing found this invaluable with the old wretched chemicals which burned and puckered the hands, and worked havoc with the clothes. That was until they heard of Lessive Phenix. And then a new era dawned of comfort and happiness. Lessive Phenix is a name to conjure with. Use it for washing anything, white clothes whiter, and colored clothes brighter; and it will cleanse and polish, and brighten everything in parlor and kitchen. Ask your grocer.
