I'm Reminded of a popular song-hit about "Money-Money-Money" (who wants my money today?) every time I pay my grocer's bills. That's why it's such a thrill to find something as good and as economical as QUAKER PUFFED WHEAT. Next time you're shopping, just compare the price of Quaker Puffed Wheat with the breakfast cereal you're using now! See how much money you can save? And you and your family will love this delicious breakfast food. Premium grains of sun-ripened wheat shot from guns... exploded up to eight times normal size to make 'em crisp and tender! Serve Quaker Puffed Wheat with fruit 'n' cream—tomorrow!

Aaah! The Luxury of getting into a warm 'n' fragrant bath after a busy day of Fall housecleaning! And a bath is a special pleasure when you use a velvet-soft C-I-L COLOURED SPONGE! Yes, C-I-L Cellulose Sponges now come in four beautiful colours... blue—coral—yellow—green... to blend with your bathroom colour scheme. You'll love C-I-L Sponges! Soft as can be when wet, they're ideal for baby's bath and yours. They hold twenty times their weight in water—what's more they float. Have a "personalized" coloured bath sponge for every member of your family. Ask for C-I-L Sponges at grocery, drug, variety, hardware or department stores.

If You're Like Me, your budget just can't stand the strain of meat prices today—every day. But here's good news!... a plan for meatless meals that will be kind to your budget—and appeal to your love of good food, too! KRAFT DINNER is a real main dish... a wonderful macaroni 'n' cheese combination that cooks to tasty lightness in only 7 minutes! And here's how economical it is... one package of "Kraft Dinner" contains enough for a main dish for four—at just a few pennies a serving! Ask your grocer tomorrow for several packages of delicious "Kraft Dinner"—sure to be a family "favorite"—and one of the handiest dishes to serve I know! That's why I always like to have it handy on my emergency shelf.

We All Suffer to some extent from "Fear of the Unknown". Are you, for instance, letting a lack of knowledge about feminine hygiene cast a shadow over your marriage? Then I'd like to tell you about this wonderfully satisfactory method of feminine hygiene—ZONITORS. Zonitors are effective, graceful, stainless, snow-white vaginal suppositories that are powerfully germicidal, yet absolutely safe to delicate tissues. And they're so very dainty and convenient to use! Ask your druggist for Zonitors tomorrow—and write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for a free booklet giving frank facts on feminine hygiene. It will be sent to you in a plain wrapper.

My Eyes Popped when I saw my newly repaired kitchen! What a glorious difference Glidden R I P O L I N U L T R A WHITE does make! And the nicest thing about it is that it will always be white for its completely non-yellowing. Scrub it over and over again... it stays lustrous, sleek and looking like new. In fact, it looks and washes like the baked enamel on your refrigerator! Ideal for your kitchen and bathroom—for furniture and woodwork—in fact, for any surface where you want a hard, durable, white enamel. Made by that famous Dutch process... there's not a finer enamel made than Ripolin. Your Glidden dealer has it for you... ask for it. It's the highest quality, whitest white enamel your money can buy!

Piping-Hot, buttered toast and lots of grape jelly... M-mm! That's a favourite treat at our breakfast table. And now that those delicious purple grapes and other fall fruits are in such abundance, I've planned on "doing down" plenty of jelly with CERTO LIQUID PECTIN. I don't want to take any chances on my jelly not being "just right"—and by following the easy directions in the booklet under the label of every Certo bottle, I can be certain of tangy, true-fruity flavoured, perfectly set jellies and jams, every time. And with Certo, you know, you'll get up to 50% more jam or jelly from the same amount of fruit, as well as saving 2/3 the time of the former long-boil method.

They're The Proudest in Canada... the rich, rosy-red tomatoes that go into HEINZ TOMATO PRODUCTS. Mellow—glowing—delicious, they're picked every year at this time... so take advantage now of the new pack of Heinz Tomato Products. I'm busy myself, stocking up on them—for my count on Heinz Tomato Products to live up to meals from this September to next! Heinz Cream of Tomato Soup—so delicious as a first course or in meat and vegetable dishes. Heinz Tomato Juice as a tasty cocktail. Heinz Chili Sauce and Heinz Ketchup to add tantalizing zestful flavour to main dishes. Incidentally, I like to buy Heinz Ketchup the economical way—in the big, 13-ounce bottle.

I've Learned My Lesson!... after "gapsos" trouble with an ordinary, "slipping zipper", I'll never again buy anything but LIGHTNING SLIDE FASTENERS. Lightning zippers are the zippers with that famous automatic lock, you know. They slide at a touch, yet lock by themselves even if you don't press down the tab. They were the first slide fasteners in Canada and they're still the best. When you buy Lightning zippers, you get flexibility, durability, washability—a wide range of sizes and colours to choose from—PLUS the exclusive automatic lock—and the perfection of expert workmanship! Yet they cost no more than an ordinary zipper! So insist on Lightning Slide Fasteners in the familiar red and black package!

The Thorpe Affair

By Phillip Lesly

The president frowned. "I'm sorry, but that is against our regulations. We do not disclose the records of any of our depositors without their consent. And in the case of a dead man, the account is in probate. I'm sorry."

Terry nodded. "Perhaps you forget that the Sun printed a seven-inch article on this bank last week. It told about the soundness of it, the growth of its assets, and the efficiency of the direction. That article was rather helpful to you. In fact, it might be considered as a favor. Now, the Sun would like to see the record of deposits of Henry Thorpe."

The president fidgeted in his chair. "We greatly appreciate your kindness in publishing that article," he admitted. He paused, studied Terry for a long moment. "Will it be strictly secretive?"

Terry nodded. "To my dying day." The president agreed and pushed a button on his desk. Terry grinned as he followed an underling to the vault.

"The deposits made by Thorpe over a period of two years were many, large and frequent. Going over the individual entries, he noticed that most of them were distinguished in their variety. But at periods of about two weeks during the last two years there were entries for exactly \$5,000 each. And when he checked on the type of deposit on each he whistled—for they were all by cheque; and signed by Russell Stanton.

He looked over the other names. There were several that were familiar to him that he had heard mentioned by the detectives at the scene of Thorpe's death. Several deposits of irregular amounts were from Paul Mills, others from Stephen Robertson, a few from Theodore Threw and A. S. Waldson.

Terry added these facts to the many assorted ones already in his mind and left the bank, after thanking the president for the returned favor.

His next stop was the home of Russell Stanton. He found it to be a rather impressive building in an exclusive residential sector. He pushed his hat back on his head, slipped a pencil behind his ear, pulled out his press card and stroled up the steps to push the bell. The maid who answered ushered him into the living room where Stanton was reading the racing page of the Sun.

Stanton was a tall man, several inches over six feet. His height made him thinner than he actually was. His hair was gray at the temples, slightly thin but neatly brushed. He came forward as Terry entered, his hand outstretched. While they shook hands he grasped quickly for his handkerchief, put it to his nose.

"Hay fever," he explained apologetically. "It gets me once in a while." He motioned Terry to a chair and returned to his seat. "What can I do for you?"

"It's just a small matter, sir. We're interviewing prominent men who were known to have had some acquaintance with Thorpe, to get statements. Just a few minor questions, that's all."

Stanton nodded. "Go right ahead." His eyes held Terry's steadily. His jaw was set tight, his lips straight.

"We've heard that Thorpe was giving serious attention to a girl during the last few weeks." He described Kay. "Do you know anything about her?"

"Well, I saw them together once or twice. Nothing unusual, though."

Terry grinned. "Thorpe was a great one with the women, wasn't he?"

Stanton nodded. "What did you think of him, personally? I mean, none of that respect-for-the-dead stuff. I'd like to know what you really thought of him. I won't print it, if you prefer."

SHOP REFRESHED

Stanton scowled. "If he didn't walk on two legs and use regular English words I'd say he wasn't human. I've met a lot of despicable men in my lifetime, but none compared with Thorpe. I won't go into detail, but you can be sure that I won't be shedding any tears at his funeral."

Terry nodded. "That seems to be the consensus. Where you when you first heard the news?"

"I was in Northend, visiting the Thorndikes, all day. I just got home an hour ago. In fact I read all about it while I was there. In the Sun, of course." For the first time a smile broke through his serious countenance.

Terry noted that according to this statement Stanton had a strong alibi. Even had he been able to get away from his hosts for a while at about the time of the shooting, he could never have made the round trip from Northend in less than an hour and a half. And it was unlikely that he could have disappeared for that long without his absence being noticed.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
S L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

Yesterday's Cryptquote: FASHION, THOUGH FOLLY'S CHILD, AND GUIDE OF FOOLS, RULES E'EN THE WISEST—CRABBE.

TO-NIGHT'S... dessert suggestion: hot gingerbread with apple sauce and a sprinkle of cinnamon. One minute and it's ready for the oven—bakes while you serve your first course. Be sure you use Robin Hood Gingerbread Mix, preferred by two out of three in nation-wide test. C-37-51
