TELEGRAPHIC.

(By telegram to McNeill's Reading Room.)

NEW YORK, Dec. 9.—Up to the present time, four hundred bodies have been recovered from the remains of the late fire.—At Milwaukie, the thermometer registered nineteen degrees below zero.—A heavy snow-storm prevails throughout the Northern States.

LONDON, Dec. 9.—Gladstone delivered a powerful anti-Turkish speech at the National Conference yesterday. He declared that Ottoman supremacy should be abolished throughout the insurgent Provinces. Foreign intervention he regarded as indispensable.

CONSTANTINOPLE, Dec. 8.—A conspiracy to carry off ex-Sultan Mirad in a Steamer to Athens, and to proclaim recovery of his resson, and that Sultan Hamed was, in consequence, an usurper, was discovered, and six conspirators, who were in police disguise, were arrested.

HALIFAX, Dec. 9.—A heavy south-east snow-storm prevailed all day.—Rev. Dr. Bayne, of Pictou, died there to-day, aged 62.

LOCAL AND OTHER MATTERS.

S. S. "CARROLL" arrived at noon to-day

LEGISLATIVE COUNCIL ELECTION—nomination on Thursday next.

ANOTHER PRINTING OFFICE.—Mr. J. W. Mitchell (late of the *Patriot* office,) has opened a Job office on Great George Street.

"STERN WINTER" is here. Last night the thermometer was down to zero. There was a large fall of snow on Saturday night.

CHAPPELLE'S ALMANAC AND GUIDE BOOK FOR 1877—replete with information for every one—is issued, and is selling rapidly.

"A MAN'S A MAN FOR A' THAT."—This is the subject of a Lecture to be delivered by Rev. J. Lathern, in the Lecture Room of the Methodist Church, on the evening of Wednesday next.

ARRIVAL OUT—By cable to Messrs. Peake Bros. & Co. we learn that Barque *Ralph B. Peake* arrived at Liverpool on the 9th inst., making the run from Charlottetown in twenty days.

"THE PROGRESS" has again changed hands. The first two numbers under the management of Mr. Thomas P. Gorman, are vigorous.

By private letters to the 'Pictou Standard' from the Centennial, P. E. Island has won the first prize for wheat in the World's Fair, and Nova Scotia, the second prize.

We are very sorry to state that Mr. Archd. Lord, of North Tryon had his foot nearly severed while attending the circular saw in his saw mill on Monday week last. He is attended by Drs. Tremaine and Robertson by whose skilful treatment he is rapidly progressing.—*Presbyterian*

LAUNCHED.—On Dock Creek, at 10.30 last night (Dec 5), from the shipyard of Hon Mr Howlan, the brig *Idle Wild*, about 200 tons register, and classed 7 years A.1. She is to be fitted for sea immediately, and is to take in a cargo of oats for the home market. Capt. P. Morrison is to be master.—*Pioneer*.

EIGHT HUNDRED HORSE-SHOE NAILS.—One day this week Mr. P. Cunningham, one of our Alberton blacksmiths, shod 25 horses, besides attending to his various other jobs of work. We don't boast and say 'who can beat this,' but the above shows to some extent the business of the place, there being four other blacksmith-shops in the village.—*Pioneer*.

Politics held a prominent place in some of the New York and Brooklyn pulpits on Thanksgiving Day. Beecher preached a strong Republican sermon, and was answered by the cheers of his hearers when he spoke of the 'wholesale fraud' practiced by the Democrats in the Presidential election. 'I know and you know,' he said, 'that if there had been a fair election in Florida, Louisiana and South Carolina there would have been an overwhelming majority for the Republican candidate.' The Rev. Dr. Armitage suggested changes in the mode of electing the President. Drs. Bellows, Hall and Osgoode all expressed themselves freely upon the critical situation.

On Tuesday last, President Grant delivered his eighth and last annual message. Relations with foreign countries are, he says, friendly. Negotiations for a new extradition treaty with Great Britain are progressing favorably.

The biggest tree in California is not in the Yosemite Valley. King's River Valley in Fresno County, is 5000 feet above the sea, and its walls, which are about three thousand feet high, are very precipitous. In this valley a new grove of colossal red-wood trees has been discovered. One of them eclipses all that have been discovered on the Pacific coast. Its circumference, as high as a man can reach and pass a tape-line around is a few inches short of 150 feet. This is beyond the measurement of any tree in Calaveras grove. The height is estimated at 160 feet, and a part of the top lying on the ground is over one hundred feet in length.

NO CONTRACTS.—"On the Intercolonial railway several miles of Snow Sheds have have been built without the formality of a tender." So says the Montreal *Gazette*, and the carge is true. It is a metter of notoriety that hundreds of thousands of dollars have been expended on public buildings and works in connecton with the Government railway in the last two years, and scarcely a tender asked for! We have repeatedly directed attention to the fact that, with the Premier's knowledge and connivance some thirty to fifty thousand dollars' worth of snow fences have been erected in the North Shore Counties, this work been given to a brother of the engineer superinding the work, and without being put up to public competition.—*Watchman*.

THE "NATIONAL" SENTIMENT.

[From the Halifax Herald.]

One of the most interesting incidents of the recent discussions is the sudden exhibition of a "National" Sentiment on the part of our friends the Nova Scotia Reformers, late Anti-Confederates, annexationists, independents—what not? They are almost impassioned in their national ardor. They regjoice with an exceeding great joy over their intimate connection with the great and fertile west. They yearn to witness the yellow grain waving upon the wide fields of Manitoba, and thy see the 'waves of shadow sweep over the grass' on the prarie undulations of the fertile belt. They cordially invite their brethern from Ontario to come down to the sea. They swell with pride at the idea that Halifax is the Winter Port of this magnificent Dominion; and they plume themselves upon the fact that they helped in the winter port discussion, and that Mr. Mackezie was the Premier who consented to the change which made Halifax the winter port.

Times have changed, and men and minds and manners have changed with the changing years. Our friends have become patriotic with time, and we congratulate them on their conversion. They no longer shout for 'Repeal'—'shuffling,' as William Garvie said, when the pinch came. They no longer desired annexation to the United States. They no longer yearn after independence of England. Their leaders are no longer disposed to pull down the flag. 'Canada' is no longer denounced as the 'bankrupt' robber of Nova Scotia's liberties. The Confederation is no longer openly assaulted, though now and then the original sin will crop out. No doubt, our friends, the Reformers, formerly Anti-Confederates, are glad they did not succeded in their wild plans of disunion and dismemberment. You see, there would be so many Judgeships less, so many offices less, so much public printing less, so much corruption less, in various forms, for them if they had. No doubt they are more disposed to bless than curse; while they congratulate Halifax as being the Winter Port. No doubt they remember with a shudder that if they had had their way, there would have been no Union at all, and no Intercolonial Railway, and no extension and no question of the Winter Port or Grain Port. It is possible that they even remember that their Reform friends in Parliament would have quite agreed with Hon. John Young in the plan of selling the Intercolonial Railway 'for old iron.' We would be doing them an injustice if we did not suppose they remembered that Mr. Brydges has managed the Intercolonial railway so badly that they had to demand his dismissal. And they will most cheerfully acknowledge that but for their most unheard of and tremendous efforts, Mr. Mackenzie would never have been driven to consent to the plan that Halifax should be the Winter Port.

We congratulate them one and all, on the change. If that change had come seven years ago, it would have been all the better for them and all the better for their country; for during the past seven years the talents and energies that are now being devoted to rejoicing over the completion of a national project had been bitterly devoted to the destruction or weakening of the nation, to the de-nationalization of the public sentiment, and the abuse of the men who planned the Union, began the Railway, and gave Halifax her claim to be the Winter Port of the Dominion.
