

SPORT OF KINGS

Peakes Bombers Showing Great Power Once Again

Peakes Bombers led by a mation about the Souris St. Mary's is really having its effect. A new coach, new players, better play from the old hands, a new diamond, a new backstop, and now they are planning on exciting seasons for the team. It could be that they'll end up with the classiest field in the league.

Hope some rumours we heard are not true. Word has reached us that some of the young fellows playing Minor Ball in Souris will not be permitted to play in the Town League. If it's true, we'll have more to say on this subject the first of the week.

So, what happens when the schedule gets underway, Peakes keep on winning more than their fair share of games. Of course, George Smith is a tricky man to have at the helm, and that could account for some of the victories. It just looks like what we've said for years is actually true, that is that "Peakes Bombers are the Yankees of the King's County Baseball League."

Once again this Sunday four games are on tap. The big game of the week is between Peakes and the Bombers from Pookles who will entertain the team from Georgetown. Peakes' odds are fairly even against the Bombers. The hard hitting St. Peter's Rowers take a short jaunt this week, travelling over to Pookles to take on the odds of the defending champions. Unless Iona St. Mike's travel up to Souris where they clash with the re-organized St. Mary's. Carleton Place Mount Stewart is the fourth game of the week. Going out on a limb here's our predicted winners: Peakes, Mount Stewart and St. Peter's.

The re-organization that we

Sportsman's Club Is Alderman Idea

By GRAHAM COX WINNIPEG (CP)—An idea growing that could bring professional hockey back to Winnipeg and lay the foundation for further development of pro baseball.

Spurred by energetic and ambitious Alderman Mark Danker, the idea in the form of a Winnipeg Sportsman's Club and envisaged as many as 2,500 members.

His idea has already received approval from Winnipeg Enterprises Corporation, an organization partly sponsored by the city that operates both the Winnipeg Arena and the Winnipeg Stadium.

There already is a baseball club operating in Winnipeg and playing in the class C Northern League, but pro hockey was withdrawn with collapse of Winnipeg Warriors of the West-ern League in 1960.

Danker, who brought the Goldeneye baseball team to Winnipeg in 1954 and owned the club until 1957 when he sold it to a private corporation, would not say whether the proposed sportsman's club would, or could, take over the Goldeneye club which would be the first league a hockey team might enter. But he said he foresees no problem once the club is organized.

BUES 24 ANNUALLY The alderman, a city representative on the Winnipeg Enterprises Corporation board, said plans now call for a \$300,000 fund for spread over six years and a \$4 annual membership fee.

The \$300,000 from initiation fees, he said, would finance club rooms in the Winnipeg Arena and both the hockey and baseball clubs which would, of necessity, have full working arrangements with major league teams.

He declared he feels that only in the major leagues is it possible for individuals to own and operate a pro team. In the minors, community ownership was essential to assure the support needed for continued existence.

Alderman Danker suggests membership in the club could include use of club room and cocktail bar, parking facilities at the games and possibly even tickets at half price.

STRAWES NEGOTIABLE "Winnipeg has no athletic club of any sort and I think a club of 300,000 should support one."

"I would like to rub shoulders with athletes and sporting people. The only problem I can see is holding the membership fees to \$2,500."

"Every athletic organization in the city will be invited to the club. In this way it truly will be a city-wide organization."

Membership shares would be negotiable but under rigid con-

ditions about the Souris St. Mary's is really having its effect. A new coach, new players, better play from the old hands, a new diamond, a new backstop, and now they are planning on exciting seasons for the team. It could be that they'll end up with the classiest field in the league.

LITTLE LEAGUER RECOVERING

Everett Knowles, 12, of Somerville, Mass., who had his right arm severed by a train and sewed back on by team of surgeons at Massachusetts General Hospital May 23, smiles from hospital bed yesterday where doctors report he is doing well. Knowles, a Little League pitcher who

hopes to play major league baseball when he grows up, holds baseball set to him by American League President Joe Cronin.

Eight Colts To Do Battle In Belmont Stakes Today

By JOHN CHANDLER NEW YORK (AP)—Four outstanding colts, including the winners of the Kentucky Derby and Preakness, plus four others with lesser qualifications will do battle today in the 94th Belmont Stakes.

Usually one, and sometimes two colts dominate the famous 1 1/2 mile event at spacious Belmont Park. But this race, on paper, probably tops them all with its wide open implications.

Seven three-year-olds had been expected to go postward to the tune of The Sidewalks of New York. In addition to Deedee, the Derby champion; Greek Money, the Preakness winner; Jaipur and Crimson Satan of the Kentucky Derby and Fred W. Hooper's Admiral's Voyage, Frank E. Power's Vinny Ridge and Louis Wolfson's David K.

But racing is full of surprises, and just before they closed the entry box the telephone rang and trainer Tom Waller told a clerk:

"Who, Prezo?" inquired the astonished clerk. Prezo ran 15th and last in the Derby, and 11th and last in the Preakness.

The June 3 race resulted in a 5-11 tie.

July 1 — Borden at Kinkora. July 7 — Kinkora at Kensington. July 8 — Kensington at Borden. July 15 — Borden at Kinkora. Home team supplies plate umpire and furnishes oblate.

The June 3 race resulted in a 5-11 tie.

Long-Awaited Reunion Is Set For Next Saturday

By JACK SULLIVAN Canadian Press Sports Editor Long-awaited fans recall a race at the Fort Erie track in Ontario a year ago that ended in a four-horse photo finish. As the railbirds say, a running nose separated each of the four.

The pictures showed Choperon the winner, followed by Peters Chop, Plumtree Page and Sun Dan. The risky two-year-olds never did get together again for another whirl, but that time is coming and in a setting and under circumstances that would be circumstantial for a script writer.

The long-awaited reunion is

set for next Saturday. The race happens to be the 103rd running of the \$35,000 Queen's Plate, a classic for Canadian-bred three-year-olds and the most colorful and crowd-appealing event on the Canadian racing calendar.

All four are eligible. Their owners have paid out the necessary nomination fees to date and, unless something unexpected happens, they'll ante the final \$500 starting fee for each horse next Thursday.

SUN DAN FAVORED Then, everything will be set for a big day at the races. The Queen Mother will be in the royal box at the suburban Toronto New Woodbine track and she will present the Queen's 50 guineas and a \$5,000 gold cup to the winner. The big payoff, nearly \$50,000, comes later.

About 12 horses are expected to go to the post and word from the bettors, who make the form

chart their bids, is that you needn't look for another photo-finish. Sun Dan, they say, is the horse to beat, along with King Gorm, a \$35,000 betty owned by mining man Jim Boyles of Toronto.

But Sun Dan, owned by Wilfred J. Farr, a long-ago lacrosse player in his home town of Weston, just outside of Toronto, hasn't given observers

much to go on this year. And, according to gossip, the bay son of Ardan and Sun Talent will pass up Monday's Queen's Plate trials and wait for the stuff. TOOK OUTSIDE ROUTE Sun Dan started 12 times as a juvenile and won five. And he has won all three starts this year, including a decision over King Gorm. His earnings so far total \$28,734-\$20,432 earned in 1961 and \$8,302 this year.

Trainer Bill Thurmer is going for his second Plate victory. He saddled long-shot Paolita back in 1943. The filly, with Jockey Pat Remillard aboard, paid \$75.50.

That's the ace that Remillard — now 56 and still an active rider — remembers most. The track was muddy and on the morning of the Plate Remillard went for a walk and discovered that the going was by far the best along the outside rail, especially from the three-eighths pole home.

That a 14-year-old Remillard took the filly wide in the stretch and made a galloping finish while the others were mired in mud along the rail. Thurmer hasn't named his jockey for the Plate. Remillard is available.

Game Is Set For Oct. 6

MONTREAL (CP)—The National Hockey League's all-star game, ushering in the 1962-63 season, will be played in Toronto Oct. 6, league President Clarence Campbell said Friday.

The annual game brings together the Stanley Cup winner, in the winner's home city, and the all-stars selected for the previous season.

In accordance with practice, Body Pilots of Chicago Black Hawks, as coach of the runner-up team in Toronto Maple Leafs in the cup final, will coach the all-stars.

Rough Riding Is Ruled Out

LONDON (AP)—The Epsom stewards Friday ruled out any evidence of rough riding and blamed Wednesday's derby disaster in which seven horses fell, on the presence of too many inferior horses in the 25-horse race.

"The stewards are satisfied that no individual was to blame," said a communique issued by the stewards after a two-day inquiry.

One horse—King Canute II—had to be destroyed and four jockeys are still in hospital nursing injuries.

"General opinion of the jockeys was that too many horses were falling back after six furlongs, as the remainder closed up, and in a general scrimmage one horse was brought down the rest falling over it."

"The stewards accept this view and regret that so many horses which had no right to be in the field, were allowed by their owners and trainers to start."

Condition of the jockeys still in hospital was said Friday to be "very satisfactory."

Martial law was imposed Oct. 8, 1958 after the old constitution was abrogated.
