A YOUNG MAN named Montague Allen, of Bayfield, N. S., accidentally shot himself in the arm lately. His arm was amputated. Lockjaw followed, and he died last week after enduring great suffering.

The programme of the Redpath Concert Company for to-morrow (Tuesday night) is entirely different from the performance of this evening, and may be had from the ushers at the Y. M. C. A. Hall.

THERE will be football at the Park this evening at a quarter to seven. The team selected to play at Pictou will please be on hand for practice together and to attend a meeting to be held in the Park House after the game.

MRS. RICHARD HEARTZ and Mrs. Dr. Taylor left by early train this morning to visit friends in Colorado. Miss Beer, daughter of Mayor Beer, left by same train to visit friends in New York and other places in the United States. We wish them a pleasant trip.

The old and reliable French Canadian paper, The Montreal Advertiser, after its third baptism of fire, reaches us in small form but announces that at an early day the regular publication of the paper will be resumed, and in the meantime asks all subscribers in the nearest to pay up.

THE finest show of Carpets in this city is at James Paton and Co.'s, Market Square. The patterns are handsome, and all confined to themselves. No other firm in this city can show the same goods. Parties buying Carpets at this establishment can have them cut and matched without extra expense.

THE anniversary of the Mount Allison institutions are to take place from May 28th to June 2nd, 1886. Among the many events set down on the programme, we observe that the annual lecture of the Theological Union is to be delivered by the Rev. Job Stenton, of this city. Subject: "St. Paul's Eschatology."

In our report of the City Council proceedings on Saturday last, we stated that Councillor Douse seconded the amendment giving Councillor McLean leave to withdraw his motion relative to the removal of the Electric Light from the foot of Gravelton to the foot of Richmond Street. This is incorrect. Councillor Douse did not second the amendment but supported the motion, and recorded his vote in favor of the removal.

At a meeting of the St. John, N. B. Board of Trade, held on Thursday afternoon last, the question of freights came up, and James Robertson complained about the way St. John merchants were treated in the shipment of freight, particularly to P. E. Island. In the spring St. John goods were the last to reach the Island, and the last to leave Quebec and Ontario in that regard. St. John merchants were handicapped by having their goods delayed in shipment.

At the annual meeting of the shareholders of the Canadian Pacific at Montreal on Wednesday, the following officers were elected: Sir George Stephen, President; William C. Vanhorne, Vice-President; and the old board of Directors, excepting Hon. Levi F. Morton and Richard J. Cross, who replace P. du P. Greenfield and C. D. Howe, both of London. The gross earnings for 1885 were \$3,308,493; expenses, \$3,143,276; net gain, \$1,625,216; increase of net gain over 1884, \$2,003,326.

The general verdict of the smokers in Canada is that "Myrtle Navy" is the finest tobacco they have ever used. There can be no mistake upon this point, as it is proved by tangible evidence. The large demand for this tobacco shows it to be true, and the character of the demand gives further proof. It has never been of the spasmodic kind—up one month and down the next. It has been a constant and constantly increasing demand. The unsurpassed quality of the tobacco accounts for this.

The football match played at Victoria Park on Saturday between fifteen from St. Dunstan's and Prince of Wales' Colleges, was won by the latter by fourteen points after a very exciting but orderly contest. The play of St. Dunstan's forwards was very good, but their backs could not match the Prince of Wales' backs. The style of play of Mr. Percy Macdonald, the P. of W. Captain, and of Messrs. Macaulay and Hogan, the St. Dunstan's quarters, was very worth studying. Altogether it was a very good match.

The Athenaeum is undergoing extensive alterations under the superintendence of the Divisional Officer, Staff Captain Herbert. On Saturday morning she closed negotiations with the Hon. Judge Young and J. W. Morrison, Esq., by signing a lease on behalf of Rev. M. Baxter, of England, President of the Gaspel Army, for a further term of three years for the Athenaeum, which will now be known as "Gaspel Army Hall." Since coming amongst us Miss Herbert has shown herself to be eminently fitted for the responsible position she now holds in the Army as Divisional Officer for the Maritime Provinces, and already has won the confidence and esteem of our citizens.—COM.

BETWEEN eleven and twelve o'clock yesterday forenoon two boys, named Ambrose and Francis Doyle, twelve or thirteen years of age, effected an entrance into the store of Messrs. Dorey, Goff & Co. through a small window in the rear of the building. Mr. Joseph A. Macdonald noticed the leg of one of the boys as he was disappearing inside the store. He immediately notified the police, but on their arrival they discovered that the window through which the boys had entered was not sufficiently large to allow them to pass in, so they were forced to remain outside guarding the aperture while the key of the store was forthcoming. On the arrival of the key the door was opened, and a search instituted for the youthful desperadoes. After a short search a was found hidden under a packing case, and the other stowed away among the folds of a roll of leather. They were immediately searched but nothing was found on them, except that they were taken to the police station, and this morning arraigned before the Stipendiary Magistrate and sentenced to six months for vagrancy.

DALLAS, TEXAS, has a model fire department. The News of that city says that the Chief Engineer and several members of the department, were out a few nights ago with lanterns on a still hunt for a fire.

AN exchange says that Isabella Ball, of Macon, has been pronounced insane by a jury. The great mental strain of wondering why her parents called her that name was evidently too much for the poor girl.

A CONFERENCE was held to-day, at St. Lawrence hotel, between Staff-Capt. Herbert, of the Gospel Army and the Protestant clergy of this city. The latter attended in full force, and after commending Capt. Herbert in her work, promised to give the Gospel Army their personal and active co-operation.

THE new Church of England at Port Hill was consecrated by His Lordship Bishop Binney on Friday afternoon. He was assisted by the Ven. Archdeacon Read, and Rev. T. B. Reagh, of New London. The church is singularly neat and the internal arrangements called forth the warmest commendations of His Lordship.

THE Cape Ann Advertiser says that the new dwelling house of Mr. William LePage (formerly of Charlottetown), now in process of building by Mr. D. S. Watson, near Essex Avenue, is fast approaching completion, and work on the stable has been commenced. The premises are delightfully situated on an eminence, which gives a fine view of the harbor, Annisquam River, Ipswich Bay and the city.

HIS HONOR THE LIEUTENANT GOVERNOR has just received by express one box of native California plants, presented as a contribution to the city's ornamentation by D. A. Macdonald, Esq., President of the San Francisco Mill and Building Company of San Francisco, a native Islander, who expresses the hope "that these American plants may hereafter grow on British soil." The plants consist of White Silver fir, Pomposir fir, Hemlock Spruce, Pitch Pine, Port Oxford Cedar, Juniper, Locust, Larch, Wild Cherry, Cytisus, Laburnum Oregon Ash, Red Maple, Arbor Vitae, American Elm and Chokeberry. It is intended to plant them in the garden at Government House for the present season when they will afterwards be transferred to suitable positions on the principal city squares.

YESTERDAY afternoon a number of persons proceeded in row boats to the scene of the late drowning accident at the harbor's mouth, with the intention of grappling for the bodies of Michael Dooley and Francis Coyle. They were followed soon after by Mr. Gardner's steam launch, Lansdowne, and Messrs. Batt's tug, the Frank C. Batt, both of which rendered good services in towing, the F. C. Batt remaining out all evening and towing the boats into the wharf at the close of operations. The search, we regret to say, was unsuccessful. The water was very rough rendering it difficult to grapple. Many thanks are due to Messrs. Batt and Gardner, and to those who took part in the search, and also to Mr. McLaine, of the Block House, who located and buoyed the place where the boats upset. Whenever the weather is suitable, another effort will be made to recover the bodies.

In mentioning the presentation of prizes to the Artillery, in our issue of Saturday, we made an error which we now wish to correct. The cup presented as first prize for shooting ordnance was handed to Capt. Passmore for delivery to Sergt. Palmer—who was not present in uniform—on behalf of the team from No. 1 Battery, commanded by him. The following are the names of the team: Sergts. Palmer and Matheson, Corps Officer and Conolly, Gunners Finlayson, Bell, Rufus McDonald, Aiken, Murley, McConnell, Ronald McDonald, Redd, Scantlebury, Bolger, Hooper, Blake, C. Stewart, Robertson and Proud. The shift consisted in raising the gun out of the trunnion holes and turning it off at right angles to the carriage; and throwing it off the carriage on the ground, raising it off the ground and carrying it forward thirty feet around a post and over an obstacle; brining it back and remounting it on the carriage. This was accomplished in the remarkably short time of 2 minutes and 12 seconds.

"I deny," says Sir Lyon Playfair, "that utilitarianism as an aim in education is ignoble." Few will dispute the proposition. But what is utilitarianism? It is the system which recognizes practical utility as the highest end to be sought. To this theory, too, most thoughtful persons will assent. But what is practical utility? It is not that system most truly and most practically utilitarian which aims at producing the highest character! To strive to make a man or a woman of the highest type in mind, manners, and above all, in morals, is surely to aim at a higher utility than that which has reference solely to what is called "getting on in the world."
