IN MEMORIAM

ROSS — In loving memory of a dear husband and fathr John Charles Ross who passed away March 18, 1954.
Sweetest thoughts shall ever linger
Beside the grave where you are laid.
Always Remembered by his wife Annie and children Robert Angus and Dianne.

ROSS — In loving memory of John Charles Ross who passed away March 18, 1954.
To know him was to love him,
Because from day to day,
He brought such happiness to those,
He met along life's way.
The memories he left behind
Will always linger too
An inspiration and a joy
To everyone he knew.
Always remembered by Albert, Elaine and family.

MILLS — In loving memory of Barry Kent Mills who passed away March 18, 1952.
Lovingly remembered by Mom, brother, and sisters.

IN MEMORIAM

JOHN PETER McPHEE

On January 8th 1957 the people of Souris and surrounding districts were deeply saddened to hear of the death of J. Peter MacPhee in his 69th year. Born in Souris he spent most of his life here and was a valued employee of the J. J. Hughes Co Ldt for twenty seven years, then he opened a grocery business of his own and with the help of his wife and family this business now is one of Souris most flourishing business concerns. Peter was a devoted and faithful member of St. Mary's Catholic Church and took an active part in all activities. He was a member of the Holy Name Society, a Fourth Degree Knights of Columbus and a former State Deputy of P. E. I. Knights of Clumbus.

Peter took a keen interest in community affairs and served in the Town Council and Mayor for two years. Although ailing for some time time, Peter bore his pain and sufferings with true Ian patience and resignation placing his trust in his divine master who guides the destiny of all men. He received the last rites of Holy Mother Church, administered by his devoted Pastor Right Reverend J. A. Murphy and Reverend Edwin Steele who brought him much comfort and hope with their visits.

Peter with his winning personality, friendliness and exceptional ability as a story teller, was admired and esteemed by all who had the pleasure of his company.

Left to mourn the passing of a loving Husband and Father are his wife the former Agnes Mahar, two sons. Dr. J. E. MacPhee, Ottawa and Melvin in charge of the business, Pauling, Mrs. J. J. Rafferty, Montreal and Inez, The Canadian Bank of Commerce, Souris. His funeral was held on Saturday, January 12th to St. Mary's Church where Requiem High Mass was celebrated by his Pastor Rt. Rev. J. A. Murphy, D. P. Rev. George MacDonald, St. Peters Bay as deacon and Rev. Wilfred A. Keefe as sub-deacon, Rev. Edwin Steele, Master of ceremonies. Burial services in St. Mary's cemetery were conducted by Rev. Edwin Steele.

The happy memories of Peter will be a benediction not only to his family who loved him dearly and whose affection he treasured greatly but also to his community which he loved and served so well.

May he rest in peace.

CARD OF THANKS

The family of the late J. Peter MacPhee wish to thank The Clergy and Sisters, Doctors and all the kind friends and neighbours who sent Flowers, Mass Cards, Enrolments, Spiritual Bouquets, Telegrams, letters and cards of sympathy and so many acts of kindness.

Praises Cut In Tax On Coffee

NEW YORK (CP) — Charles G. Lindsay, manager of the Pan-American Coffee Bureau, said Friday repeal of the 10 per cent ad valorum sales tax on coffee announced in the Canadian budget will benefit not only Canadian consumers but also Canada's international trade.

Reduced retail prices as a result of tax-free coffee sales in Canada are likely to stimulate coffee consumption and green coffee imports, providing the producing countries of Latin America with more dollars with which they in turn can increase their purchases of Canadian products, Lindsay said.

In 1956, Canada purchased approximately $54,000,000 worth of green coffee from Latin America.

Bell Telephone Surplus Big But Still Too Small

By FORBES RHUDE
Canadian Press Business Editor

Thomas W. Eadie, president of Bell Telephone Company of Canada, said the other day that the company has an earned surplus of $31,350,000.

This may sound like quite a chunk of money, but Mr. Eadie went to some length to say that, in relation to the size of Bell's operations and its widespread ownership, the sum is very modest and should be increased.

In this connection, it can be said that the term "earned surplus" is one of the accounting terms least understood in other than business circles. Because of this, many companies are discarding the term and substituting for it the phrase "retained earnings."

To define earned surplus "or retained earnings" one must go back to the words "net profit."

Net profit, of course, is the money a company has left out of what it takes in after ithas provided for all expenses and various charges.

WHERE PROFIT GOES

Generally, if the company's financial situation is satisfactory, the profit is used in two ways. Part of it is paid to shareholders in cash as dividends. The remainder is retained in the company and this portion is what is called earned surplus.

If the company continues to make satisfactory profits, something is added to thesurplus annually. If, however, the company loses money, or for some reason needs emergency funds, it can, in effect, draw on the surplus.

In the case of Bell Telephone, the $31,350,000 Mr. Eadie mentioned is the total of all the sums it has put away from operations in 77 years, less what it has drawn out of it.

This doesn't mean that Bell has $31,350,000 tucked away in a sock, or a vault or a bank. The money, through the years, has been put to use, chiefly to expand plant and equipment.

You cant', however, point to any specific piece of equipment, or any sum of cash and say, "there is the earned surplus." It is represented in and is a part of all the company owns.

DEPRECIATION FUND

To ensure that the value of the surplus is maintained in plant, a sound depreciation fund is also necessary, but that is another story in itself.

To a company, surplus serves about the same purpose as something put aside for a "rainy day" serves the individual. It gives the company backing to weather a bad period and helps give investors confidence in the company's strength.

For an illustration of how surplus may fluctuate, take Bell's earned surplus, and add to it another smaller fund, called capital surplus, which is accumulated from other than operations.

In 1945 this combined surplus was $10,400,000 and in 1948 $12,500,000. But in 1950, when earnings were down and the company was seeking a rate increase in a lengthy hearing, the fund dropped to $4,500,000. Since then the combined fund has risen to $33,100,000.

However, since 1945, Bell has had to raise well over $600,000,000 to pay for expansion. The result is that while surplus has increased in total, it is less for each share issued.

Thus, in 1945, each share issued had $3 of surplus behind it. In 1948 this had dropped to $2.44 and in 1950 to 59 cents. Since then it has increased to $2.14.

NO EXACT FORMULA

There is no exact formula to say that a company should have such-and-such an amount of surplus. However, for purposes of comparison, the Bell Telephone System in the United States has twice as much surplus per share as has Bell of Canada.

Other factors than surplus, of course, enter into a company's financial standing.

Mr. Eadie said Bell will spend $176,000,000 on construction this year and indicated that to spend this it will have to raise more money. And he said that to continue to raise money, earnings must be sufficient to both meet dividends and to improve surplus.

His remarks and Bell's financial position are of vital interest to millions of Canadians.

They are of interest to Bell's 140,726 shareholders, of whom 138,000 are residents of Canada, which means that more Canadians hold Bell than any other stock; and they are of interest to other prospective shareholders.

They are of interest also to the subscribers to the company's 2,760,000 telephones in Ontario and Quebec.

Bell at Jan. 31 had total assets of $1,183,043,708, of which $1,066,296,579 was in telephone property.

Its net profit in 1956 was $34,949,181, of which $29,146,855 was paid to shareholders in dividends at $2 a share, and $5,802,326 was added to earned surplus.

RALPH A. HART

Named Colgate Vice-President

NEW YORK, (Special) — Edward H. Little, Chairman of the Board of the Colgate-Palmolive Company, has announced the election of Ralph A. Hart to the newly created post of Executive Vice-President of the Company.

A product of Wester Canada, Mr Hart began his career in Bashaw, Alberta. After joining Colgate-Palmolive Limited as a Salesman in Hamilton, Ontario in 1932, Mr. Hart climbed in quick succession to the position of Toronto District Sales Manager, General Manager for India, General Sales Manager for Canada, Vice-President in charge of Sales and Advertising Director of the Canadian Company. Next he was appointed General Manager of the Australian Company, then Vice-President of Colgate-Palmolive International in charge of Sales and Advertising in Europe. For the last two years he has served as President of Colgate-Palmolive International which sells in over one hundred different countries of the world.

Mr. George H. Lesch has been appointed to succeed Mr. Hart as President of Colgate-Palmolive International.

Enrolments At Universities Up

OTTAWA (CP)—Increased university eronlments across Canada brought the student population to an estimated 78,100 at the end of December, 1956.

The bureau of statistics said Monday the estimated enrolment was more than nine per cent above the previous year's estimated total of 71,600 and was approaching 1947-48's peak of 83,150. The 1956 figure was more than double enrolment in pre-war years

Geographically, total enrolment rose to 25,700 from 23,600 in Quebec; to 23,800 from 22,500 in Ontario; to 20,200 from 17,800 in Western provinces and to 8,400 from 7,000 in Atlantic provinces.

N. Y. Stock Market Cautious But Price Trend Was Upward

NEW YORK (AP) —The stock market moved cautiously last week against a conflicting background of news but, on average, prices were slightly better than they were a week ago.

It was the third straight weekly rise but the advances have been so fractional that they are of little importance.

The Associated Press average of 60 stocks was up 40 cents at $173.70.

The five most active issues on American Stock Exchange last week were:

Faraday Uranium, unchanged at 2¾ on 516,000 shares; Northspan Uranium, up 15-16 at 8 15-16; National Petroleum, unchanged at 4 13-16; Peruvian Oils and Minerals, up ⅜ at 2 5-16; and Pan-Coastal Petroleum, off ¾ at 10⅝.

Among Canadian issues on the American exchange, Richwell Petroleum had its second weekly fractional gain, up ¾ to 1&. There was little change elsewhere, with Brazilian Traction constant at 9⅞, Canadian Marconi at 3⅜ and Molybdenite at 1⅛. Preston East Dome Mines dropped ¼ to 8⅛.

The five most active issues on the New York Stock Exchange were: ⅝

Shell Transport and Trading, (not listed a week ago) 23⅜ on 258,900 shares; American Motors, up 1⅜ at 7½; Chrysler, up 2½ at 76½; General Motors, up ⅜ at 40¼ and Royal Dutch, up 1 at 44¾.

Among Canadian issues on the New York exchange, International Nickel jumped 1¾ points to 104¾ and McIntyre rose 1 point to 76½. Canadian Pacific rose to 32⅜ from 31½ and Dome Mines ¼ to 13½.

U. S. Steel Output Down During Week

CLEVELAND (AP)—Steel production dropped again last week and a "further orderly decline" is coming, Steel Magazine says today.

Output dropped three points to 92 per cent of capacity, the trade weekly says. The total of 2,355,000 net tons was the lowest since the Christmas holiday week.

Steel says production will probably drop below 90 per cent of capacity in April, but that the year's total is still expected to be a record 120,000,000 tons.

Continuation of a strike at Linde Air Products Co. plants which produce liquid oxygen caused some cuts. Republic Steel Corp. in Cleveland laid off 251 men and shut down four furnaces because of a shortage of oxygen. U.S. Steel Corp and Pittsburgh Steel reported a 3 to 5 per cent cut in open hearth operations because of the Linde strike. No progress in settling the strike has been reported, but negotiations resume in Pittsburgh Monday.

Part of the decline in steel output is because of reduced demand the magazine says. One blast furnace and three open hearths in Chicago were shut down because of a drop in orders, mainly for cold rolled carbon sheets. Three open hearths were shut down in Detroit.

Steel's composite price on finished steel held at $139.51 a net ton, but prices continued to edge up. A 4.5 per cent increase in tin mill products is expected April 30.

The magazine's composite price on steelmaking scrap dropped $1.34 to $50.33 a gross ton.

TENDERS

Tenders will be received up until March 30th, by the undersigned for hauling cream and returning butter on all routes. Buttermilk tenders, hauling butter and supplies to and from Charlottetown and Hunter River for year of 1957 effective May 1st.
